Paris, April 29.—Prof. Arsene D'Ar-cenval of the College of France, has discovered a new explosive said to be ten times more powerful than dyna-mite. The explosive is composed of a combination of lamp black and liqui-fled gas. Experiments in quarries near Paris have given remarkable re-sults.

Break frem Zionists.

Berlin, April 29.—The "Central Union of German Citizens of Jewish Faith," at its annual meeting here passed almost unanimously a resolution dissociating itself from the Zionist movement in so far as it was a Jewish nationalist movement which disclaimed the sense of German nationality. In the debate it was declared that a rupture could no longer be postponed between Jews who regarded themselves as Germans and made it their business to discharge their civic duties, and the Zionism between German and Jewish feeling, furnished the anti-Semites in the country with a valuable weapon of attack. In so, far as it labored to find homes for the Jews in Eastern Europe and to increase the pride of the Jews in their history and religion, the movement had their sympathy.

gestion or Stomach Disorders.

In his home at Waldegrove, N. S., no one is better known than Sergt-Major Cross, late of the 4th Queensown Hussars. Speaking of the illefects of a campaign upon a man's constitution, the Sergt-Major writes: "I served under General French during the late Boer war, in the capacity of Sergt-Major. It was perhaps owing to a continued diet of bully beet, hard tack, and bad water, but at any rate my stomach entirely gave out. I was in such a state that I could est nothing without the greatest suffering. The army doctors did not help me much, and since leaving the service I have been miserable. Some few months ago a friend told me he had been a great sufferer from indigestion until he tried Dr. Hamilton's Pills; they cured him. I confess it was without much faith I bought a box, but the first dose made me feel better than I had been for a long time. Dr. Hamilton's Pills completely cured, and now I can eat anything and everything. I have recommended them to others and in every case the result has been similar to mine."
