GERMAN RESISTANCE ON AISNE STUBBORN

ENEMY FIGHTS SEVERELY ON BANKS OF AISNE AND VESLE

Allied Patrols Crossing These Rivers Meet With
Stern Resistance — Severe Battle At Vautous
Farm and Adjacent Woods—Pursuit of Enemy
Continues — Why Germans Withdrew on the
Ancre — Canadians Celebrate.

With the French Forces in France, Aug. 5.—(By The
Associated Press)—German resistance along the banks of
the Aisne and Vesle rivers is growing more stubborn. Allied
patrols which have crossed these rivers have met with the
sternest resistance.

In the neighborhood of Muizon, on the south side of the
Vesle, the Germans fought fiercely last evening before they
were forced back. The battle was especially severe around
the Vautous Farm and the adjacent woods. On the end of
the line nearest Rheims a heavy artillery duel is going on.
The machine gunfire in this region is very severe. Similar
conditions prevail between Fismes and Sernois, near the con-
fluence of the Vesle and the Aisne. The enemy artillery
maintained a steady fire on the valleys south of the two rivers
all yesterday and last night in an attempt to catch Allied
concentrations. German aviators also were active, descend-
ing often to harass Allied infantry with machine guns.

Pursuit of Germans
Paris, Aug. 5.—The Allied pursuit
of the Germans continues and latest
reports are that only a few enemy troops
remain south of the Vesle River, says
the Havas Agency today in reviewing
the situation.
French patrols have crossed the Ves-
le at Harbache and Jochery, west and
east of Fismes respectively.
Allied troops held the entire south-
ern bank of the Vesle between Fismes
and Rheims. Stubbard resistance was
made by Prussian and Bavarian guards
between Muizon and Champlaigny, but
they were forced back, suffering heavy
losses. Both banks of the Vesle now
are under heavy artillery fire from the
opposing armies.
The Germans, it is believed, will try
to stop at an intermediate position be-
tween the Vesle and the Aisne, but
probably they will not attempt a defin-

To Banish Wrinkles and Freshen Up Quickly

After a strenuous day outdoors, when
wind, heat and exhaustion have com-
bined to take away one's freshness and
caused the skin to wrinkle and sag—
after a tedious or restless day indoors—
one often has urgent need for some quick
refreshment. Here is a simple and effective
remedy for the evening, or some other special
event. How in the world can one make
herself presentable, looking as she does?
It's quite easy.
Just get an ounce of powdered sas-
soline and a half pint with basil at the
nearest drug store, mix the two and
bathe the face in the solution for two or
three minutes. Then look into your
mirror and behold the wonderful trans-
formation! Wrinkles have vanished,
loose, tired muscles have been rested and
"firmed up," marks of fatigue have
gone down, and you look so much brighter
and younger you can hardly believe your
eyes. Do you need evidence to try this,
the white basil and sassoline being so
beneficially fragrant.

400 are trucks. Henry Ford and party

ing a day here.

CANADIANS TO BE REPRESENTED IN ARMY IN RUSSIA

Hon. F. B. Carvell Delivers
Hopeful and Inspiring Ad-
dress At Woodstock—
Proud of Name Canadian
Army Has Made.

Woodstock, Aug. 5.—The largest
audience that ever assembled in the
big Hayden-Gibson Theatre was pres-
ent last night when the exercises of the
commemorating the anniversary of the
war were carried out.
Hon. F. B. Carvell, in moving the
customary anniversary resolution, ex-
pressing determination to carry on
the war to a successful termination,
referred to the encouraging conditions
under which the meeting was held.
Of course there was a long and hard
struggle still ahead, Germany was
still strong and an yet unbeaten, but
there was no doubt of the ultimate
result. He referred to the condition
of the Canadian army, which had not
been very seriously engaged in the
fighting of the last few months, but
which was thoroughly organized at
its post and thoroughly prepared. It
was now completely equipped and
ready with the necessary reserves,
both in France and England, for the
attack on its position which might
come at any time. The businesslike
method of taking the army had made
for itself and for Canada. It was
the aim of the American troops, which
had gone to the front in such large
numbers, to live up to the record
made by their neighbors, the Cana-
dians, and they were certainly doing
it from the reports that came to hand
of their military activities.

YOUR CHILD

will not suffer with sunburn or heat
rash if you use Zam-Buk.
The Superintendent of S. A. Fresh
Air Camp at Clarkson's, Ont., says:
"We always keep a supply of
Zam-Buk at our Children's Camp.
We use it constantly for sunburn,
insect stings and bites, as well as
for cuts, bruises and sores, and be-
lieve there is nothing to equal it."
Zam-Buk is especially suitable for
child's tender skin, owing to its
purity of composition. It contains
absolutely none of the coarse ani-
mal fat or harsh mineral drugs
found in ordinary ointments.
All dealers, 50c. box.

Zam-Buk

As a Canadian, he was proud of
the fact that the Canadian army had
made for itself and for Canada. It was
the aim of the American troops, which
had gone to the front in such large
numbers, to live up to the record
made by their neighbors, the Cana-
dians, and they were certainly doing
it from the reports that came to hand
of their military activities.

DRIED PEACHES AND PRUNES ARE HELD BY U. S.

No More Can Be Shipped To
Canada At Present—Sugar
Unchanged—Flour Firmer
—Special Mill Feeds Up.

Toronto, Aug. 5.—The following com-
ment on the market situation as re-
gards food stuffs appears in "Canadian
Grocer," this week:—Like a bolt from
the blue to the trade was the advice
that the United States government
placed prunes and dried peaches on
the conservation list, thus prohibiting
the export of these to Canada. Cana-
da has been in the habit of receiv-
ing these on about the same basis as
domestic buyers, and depending alto-
gether on the United States market
for supplies. From this it can read-
ily be seen that the outlook for the
future, when present stocks are ab-
sorbed, is not encouraging. With-
out any modification of the order will
be considered cannot be determined
yet, though representations have been
made to the Canada Food Board and
War Trade Board in an effort to se-
cure at least partial shipments.
The flour situation is steady, and
some supplies are still available.
Winter wheat flour is firm and has
advanced all around 30c. per barrel.
The temporary embargo against ship-
ments of flour to points east of Mont-
real has been lifted. Some special
mill feeds have been advanced slight-
ly in price.
The sugar situation is steady and
unchanged. All refiners are selling
at \$8.10, excepting the Canada Sugar
Refineries, their price being \$8.85 still.

KILL GRAND DUKES

Paris, Aug. 4.—(Havas Agency)—
Three Russian grand dukes, one of
whom seems to be Nicholas Nicholas-
vich, former commander-in-chief of
the Russian armies, have been execu-
ted by the Bolsheviks, according to
Moscow advices to the Baisheische
Zeitung, of Munich.

MATE DROWNED

Special to The Standard
Halifax, Aug. 5.—Word has been re-
ceived of the drowning of Angus Mc-
Donald, first mate of the steamer Kin-
burn. The steamer was off Creighton
bound to Port Hood, when the accident
happened. He was sitting on the port
rail and in some way lost his balance
and fell overboard.
Deceased belonged to Creighton.

Women surgeons operate on men

Eighteen thousand wounded pass-
ing through her hands in four days!
Six hundred operations—and not a
patient lost!
Hats off to this little wisp of a French
woman, charming and dainty—with such
bright curling hair escaping from under
her surgeon's cap!
For seventeen months her hospital at
Verdun was under fire. For six weeks she
worked without once taking her cloth-
ing off. And when a piece of shell struck
her face, she had only time to staunch the
flow of blood with her handkerchief.
A woman surgeon for the French Army!
No wonder the *medecin-en-chef* threw
up his hands in dismay when little Dr.
Nicole Gerard-Mangin reported at the
Vosges front with her surgeon's kit and
her Government's command.
And yet, there at his feet were a thou-
sand wounded soldiers—and only five
doctors. So the brave little doctor was
allowed to take her hat off and put her
swift, skilful hands to the grim task of
saving men's lives.
It is happening on every battle front
Just listen to the record of what women
surgeons are doing on every battle front!
