LARGE CRIMINAL DOCKET FOR COURT IN WESTMORLAND

Several of the Cases on the Docket Originated in the Big Railroad Town.

Special to The Standard.

Moncton, Oct. 20.—The largest docket of criminal cases that has come before the Westmorland supreme court for many years will engage the attention of the October sitting with Chief Justice H. A. McKeown, of St. John, presiding. The sitting opens at Dorchester on Tuesday afternoon, October 28, at 2 o'clock. Tuttle T. Goodwin, solicitor of Moncton, will represent the Attorney-General in the criminal cases.

Never before have so many criminal cases from the City of Moncton appeared on the docket. A curious feature of the Moncton cases is that in each one, in which the Moncton police had any part, Chief Huteout is the only police witness to give evidence. Today before Magistrate McQueen at Shediac, six youths charged with theft from the Canadian National Railways freight shed were committed for trial at the forthcoming session at Dorchester, adding to the docket.

The King vs. Sam Brown, alias Sam Blaine, alias Sam Fox and his alleged wife, Mrs. Thomas Ramsey, alias Mrs. Sam Brown, charged with the theft of \$3,000 in diamonds from Melanson & Co. of this city.

The King vs. Jacob Knezyk, charged with the theft of an automobile in Moncton.

The King vs. Mike Bonnerro and Tony Rinaldi, charged with assault and attempted robbery of one of their fellow countrymen, Tony Rice, an employee of the G. A. Fuller Co. of Moncton.

The King vs. Ben Poirier and Tim LeBlanc, Sunny Bras charged with breaking and entering the pastured Milk Co. premises.

The King vs. Joseph Melanson, charged with breaking and entering jail.

The King vs. Stanley Crossman, Sackville, charged with breaking and entering Palmers' Ltd.

The King vs. William Lucko, charged with breaking prison.

The King vs. Herbert Obssula Sackville, charged with adultery. The accused is a former Moncton man.

The King vs. William Nickerson, Port Elgin, charged with breaking and entering the store of MacLeod and Spence, Port Elgin.

The King vs. Lawrence Melanoff, Henry LeBlanc, Jos. Hubert, Albany Herbert, Leo Gaudet and Alphonse Dujay, charged with breaking, entering and theft from G. N. freight cars and freight shed, Shediac.

The case which is expected to create the most widespread interest is that of the Chinaman and his alleged wife, who was later proven by the Moncton police to be Mrs. Thomas Ramsey, of Montreal, both of whom are charged with the diamond robbery from Melanson & Co. In addition to the evidence given at the preliminary hearing several new witnesses will be heard at the supreme court sitting.

OPERA IN GERMAN LANGUAGE MUST NOT BE PRODUCED

New York Mayor Notified it Would Tend to a "Breach of the Peace" to Permit it.

New York, Oct. 21.—Opera in the German language here at this time would tend to a breach of the peace and should be prevented by the police. This opinion was handed Mayor Hylan today by Corporation Counsel Burr in reply to the mayor's request last night if he would be within the law in prohibiting the production of German opera at the Lexington Theatre.

Noting followed the attempt last night of former service men to prevent the staging of Die Meistersinger at the theatre. The mayor had at first forbidden the performance but later revised his decision.

Corporation Counsel Burr's opinion declared that as the treaty of peace had not been ratified by the senate a state of war still exists between this country and Germany. It is manifest, Mr. Burr added, that a season of German opera in New York would "tend to a breach of the peace."

Easy to Make This Pine Cough Remedy

Thousands of families owe by its prompt results, its purity, and easy use.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrup is a combination of pine and syrup. The "syrup" part is usually plain sugar syrup.

Your Country's "Promise to Pay"

WHEN you buy Victory Bonds you hold Canada's solemn promise to repay you their full face value in money at the time stipulated in the bond with interest every six months.

THEREFORE, in point of security, Canada's Victory Bonds are in the first rank of the world's investments because—

—the principal and interest are as certain of payment as anything can be—backed by the whole assets of Canada—the pledge of honour of Her people—and all the assets of all the people of Canada.

—Victory Bonds are also the most "liquid" form of investment. Without trouble or delay they can be converted into cash at any time.

—Victory Bonds pay a good rate of interest—more than any other investment having equal security—nearly twice the interest paid by Savings Banks.

FOR the investment of estate funds, trust funds, sinking funds and all other money which by law or other necessity must be placed only in unquestioned securities, Canada's Victory Bonds are the premier investment.

EXECUTORS, trustees, municipalities, public service corporations, officers of lodges and

fraternal societies, and all others with trust funds to invest, can further their own and their country's interest by investing their funds in Victory Bonds.

AND because of the good rate of interest which Victory Bonds pay, together with the supreme security behind them, there is every reason to believe that Canada's Victory Bonds, 1919, will increase in value in the open market, as have Victory Bonds of all previous issues.

BUT Victory Bonds, 1919, are much more than a sound money investment. They are vital to the continued prosperity of the country. The proceeds of the Victory Loan, 1919, will furnish the means of retaining our great export business, by bringing to Canada foreign orders for agricultural and industrial products, which mean the continued prosperity of every citizen. The Victory Loan, 1919, will also enable Canada to carry out her necessary plans of demobilization—fulfill her pledges to her fighting forces—and to readjust the country from War to Peace conditions.

MOLASSES IN BULK. Substantial progress has been made by the Crosby Molasses Company towards the construction of the big new storage tanks which are to be erected on the Water street side of the MeLeod wharf, in the zone of the customs house. The plant which will bear the great weight of the superstructure has been deepened and the concrete foundations now are being put in. When the tanks are completed it will be possible to handle molasses here in bulk for the first time, as the commodity will be brought to St. John in tank steamers and pumped directly into the tanks on the wharf, thus doing away with the expense of sack-hauling and obviating the large loss which always occurs when shipments are made in packages.
