LOP FOR THE TAXPAYER'S POCKETBOOK

State Must Hand Over Levis on Huge Sum

On August 7.—That taxes will show a yearly increase was stated yesterday at the State treasury and of duty tax collector, Albert S. in which departments the tax are being worked out.

Must Pay Heavy Taxes. Returns will probably be issued about the 15th of the month.

Mr. Fales, is due to the Legislature so late and the bills which the State tax being necessary, although the time is later, the heavy total that must be paid by the taxpayers are the regular tax bill of \$11,000,000, the State tax bill of \$600,000 for a part of the soldiers' bonus of \$4,000,000 and other items.

On account of the inability of the railway companies to furnish sufficient transportation to justify its accepting the offer of the Provincial Government to provide transportation free of charge, so have to content themselves with offering free hospitality to all returned men from any part of the Province. Active groups of workers are arranging for sleeping accommodations, and other committees for providing meals, and still other committees are arranging for entertainments of different kinds on a lavish scale.

The day following, we will have with us H. R. H. the Prince of Wales, who visits Saint John first in his tour of Canadian cities, emphasizing our position as an eastern gateway of the Dominion. This is another extraordinary event in our history, and by combining the two holidays, we feel assured we can make a visit to our busy city at this particular time very attractive indeed, and Saint John—officially and through its homes—extends the heartiest kind of a welcome to the people of the Province to find their way here on the dates above mentioned if they can possibly manage to do so.

(Signed) H. T. HAYES, Mayor.

Travelers' Programme Ready. The Commercial Travelers' Association held a meeting in the Board of Trade Rooms Saturday forenoon, and the chairman was enabled, through the efforts of his various committees to present a definite programme for the splendid concert, dances and supper in the Armory on Thursday night. Arrangements Are About Completed

Parade Committee Has Arranged the Prize List—Mayor Gives Official Notice—Commercial Men's Programme—Homes Open to Soldiers.

The committee in charge of the celebration arrangements have everything well in hand and all that remains are a few finishing touches and it is expected that the different programmes on the 14-15 will be carried through without a hitch.

Owing to the large number of men and boys that will be in the parade the committee in charge of this event have requested all to assemble at nine o'clock Thursday morning on King Street East or the adjoining streets to the south and that they will not enter King Street East from Sydney street, thus avoiding confusion. The first section will line up on King Street East the second section on Pitt Street East on Westworth, fourth on Carleton, all these latter sections to face King Street East. The places for each section to assemble will be given in the press on Wednesday.

The sub-committee to make up the prize list decided as follows: The one hundred dollars given by the Polymorphous Club was donated by that body to be competed for by their own members while the fifty dollars given Chief Blake of the Fire Department is for that department only. The parade committee are giving two hundred dollars in prizes for the day as follows: For the most original float, 1st prize \$60, 2nd \$30, 3rd \$10, and four prizes of five dollars each. For the most spectacular float, 1st prize \$60, 2nd \$30, 3rd \$10, and four prizes of five dollars each.

Charles Stevens, secretary of the labor parade, requests all members of the unions who are to turn out to assemble at Labor Hall, Union street, Thursday morning in time to leave that place at nine o'clock.

The citizens of Saint John have been planning for a long time to express in some official way wholehearted appreciation to our men who served in His Majesty's Army during the Great War.

A reception committee, under the chairmanship of S. H. Hayes, has been doing splendid service, has extended welcomes to a large number of soldiers and nurses, but in many cases they have come home unannounced, and it has not been possible for our committee to give them a public welcome.

The 14th of August, therefore, has been set aside for this grand welcoming purpose, and committees are working actively to make next Thursday the biggest day in the history of our city. Plans are well advanced and a very cordial welcome is extended to the people of the Province to join us on this occasion.

On account of the inability of the railway companies to furnish sufficient transportation to justify its accepting the offer of the Provincial Government to provide transportation free of charge, so have to content themselves with offering free hospitality to all returned men from any part of the Province.
