old family medicine is just the thing to take in Spring for that tired feeling, loss of appetite, debility. It is an all-the-year-round medicine, wonderfully effective in the treatment of nervous, chronic, rheumatism and run-down after-disease conditions.

him to get a good grip upon it. So when it broke he clung to it and swung across the courtyard, over the high fence and landed with a thud against the sill of a window on the third story of the eighteenth street tenement.

His comrades watching him from the roof saw him lose his hold and plunge from the third story window to the flagstones of the courtyard. Patrolman Flynn of the West Twentieth street station arrived a few minutes later and found that the boy's face and body had been bruised and left leg broken. He was taken to Bellevue Hospital, where it was said he was not seriously hurt.

Pictorial Review

Bicycle Coming

Will be on Exhibition in The Standard Office in a Few Days.

One of the bicycles which Pictorial Review is giving to any boy or girl who sells three hundred copies of the magazine before Oct. 15, has been ordered and will be on exhibition in The Standard office within a few days. It should be clearly borne in mind by everyone that it is not simply one bicycle that is being given away. Any number will be given. The three hundred copies may be sold all in one month, this month, next month or any time before October 15. So far Albert Punter is leading, and no doubt will have his wheel before any of the other boys and girls. But there are several who are working very earnestly. Remember, three hundred magazines sold wins the bike, and in addition the boy or girl winning the bike makes five cents per copy profit. The standing up-to-date is as follows:

Albert Punter, city	112
Edward Parris, city	3
Doris Corbett, city	50
James Cosman, city	30
Walter McLeod, city	10

B., were French speaking, and that in spite of this French-speaking census enumerators had not been appointed. Sir George replied that he would refer the matter to the Dominion statistician, and that if the condition warranted it, French-speaking enumerators would be employed.

Exchange of Shares Must Be Approved

Nova Scotia Assembly Intends to Keep An Eye on the Transactions.

Halifax, N. S., May 27.—The British Empire Steel Corporation bill went through the Provincial House of Assembly yesterday with a rider attached to it by way of amendment making it necessary for exchange of shares in the British Empire merger to be sanctioned by the governor in council. The governor in council will also oversee in future any exchange of shares, securities, coal leases, or coal areas in the province if an amendment to the Mines Act passed by the House of Assembly yesterday is finally ratified by the executive council, and signed by the Lieutenant Governor. By this amendment, coal companies in Nova Scotia are prevented from exchanging shares, securities, mining areas or mining leases except for purposes of raising capital to carry on their business, without the sanction of the government.

Stern Reminders of Rheumatism

The Trouble Must Be Treated Through the Blood.

Every rheumatic sufferer should realize that rheumatism is rooted in the blood and that to get rid of it must be treated through the blood. The old belief that rheumatism was caused by cold, damp weather, is now exploded. Such weather conditions may start the pains, but it is not the cause. Liniments and outward applications may give temporary relief, but that is all they can do because they do not reach its sources in the blood. The sufferer from rheumatism who experiments with outward applications is only wasting time and money in depending upon such treatment; the trouble still remains, and it is all the time becoming more firmly rooted. Treat this disease through the blood and you will soon find relief. Dr. Williams' Pink Pills act directly on impure, weak blood; they purify and strengthen it, and so act on the cause of the rheumatism. Mr. P. J. MacPherson, R. R. No. 5, Cardigan, P. E. I., says: "About three years ago I was attacked with rheumatism. I began taking Dr. Williams' Pink Pills and soon the trouble disappeared and I am in better health than before. I also know of an old lady acquaintance who was badly crippled with rheumatism in her arms and legs, and who suffered very much. She, too, took Dr. Williams' Pink Pills and is now able to do her housework. I tell you this in the hope it may be of benefit to some other sufferer."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams Medicine Co., Brockville, Ont.

Everything Ready For York-Sunbury

Results Not Expected to be Known Until About Midnight Saturday.

Fredericton, N. B., May 27.—Sheriff J. B. Hawthorne, who is the returning officer for the by-election in York-Sunbury, said this afternoon that everything in the way of preparations for the polling tomorrow had been completed. There are 47 electoral sub-divisions in the constituency, 39 in York County and 8 in Sunbury, and there will be 37 polling places, 33 of which are in York County and 14 in Sunbury County. Seventeen of the polling places are in Fredericton.

Result at Midnight.

Under the new Dominion Elections Act the polls are to open from 6 a. m. to 6 p. m., Atlantic standard time. Fredericton is the only place in the constituency using daylight saving time and the polls will therefore be open from 7 a. m. to 7 p. m. in Fredericton and from 6 a. m. elsewhere. It will probably be 8 o'clock or later by city time before the returns commence coming in and it will likely be nearly midnight when the complete returns are available.

Veteran Guide Shot Finger Off

Henry Braithwaite Victim of First Accident in Long Career.

Fredericton, N. B., May 27.—Henry Braithwaite, Canada's oldest active big game guide reached his home last night here the victim of the first shooting accident in his long career as a woodsman. On last Monday he had the third finger of his left hand blown off by a shot gun in the Miramichi. A physician dressed the finger here and no complications are expected. While attending bear traps accompanied by another man named McNamara, Mr. Braithwaite was carrying a shot gun in a case. It was the property of Mr. McNamara. The old guide tripped over a windfall and fell. He attempted to thrust the gun away from him and in so doing lost his finger. Neither man knew that a shell had been placed in the gun. Moss and mud were used as a temporary dressing and Mr. Braithwaite walked forty-five miles out to the railway. He is in his 81st year and has been a guide for sixty-seven.

Railway Cases

In the cases of James Miles vs. The Fredericton and Grand Lake Railway and Ellis Day vs. The Fredericton and Grand Lake Railway, for trial at the Sunbury sittings of the circuit court, a settlement was effected by counsel, P. J. Hughes for plaintiffs and F. R. Taylor, K. C., for defendant company, while at Ottawa together on business. The railway allowed \$250 with costs in each case. Both plaintiffs own farms fronting on the St. John River and running back some miles. The claim was that locomotives on the railway started fires which caused damage to timber lands.

Mr. and Mrs. Alonso Staples were injured in a driving accident in Wilmet Park on Thursday night. Mrs. Staples the more seriously, breaking her left arm between the shoulder and elbow. S., May 27.—Harbor Master Frank Rudolph this afternoon received instructions from Ottawa to investigate the fire which, fed by oil believed to have been dumped from the Imperial Oil Company's tanker Impoco, threatened to sweep the waterfront on Wednesday evening last. The instructions received by the harbor master this afternoon followed representations made to Ottawa by himself and C. H. Harvey, local agent for the Marine and Fisheries Department, that floating oil was still a menace to shipping in the harbor.
