

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., WEDNESDAY, SEPTEMBER 16, 1903.

OUR COUNTRY CORRESPONDENCE.

FREDERICTON.

Fredericton, Sept. 11.—The flag ship Scotia, which arrived in port yesterday, sailed down river again this morning.

Mr. and Mrs. James Robinson, of Gibson, celebrated today the forty-seventh anniversary of their wedding.

Tourist travel to Fredericton this year was smaller than for some years past.

A meeting of the exhibition executive committee was held in the secretary's office yesterday afternoon and a large amount of routine business was transacted. Encouraging reports were received from the chairman of the several committees, and all seemed to be the most enthusiastic in regard to the coming show. Secretary Hooper reported that entries were pouring in by every mail, and already the number exceeded the total received for the 1901 exhibition.

As a result of some special meetings held recently at Upper Blackville by Rev. J. A. Marple and C. P. Wilson, twenty-seven persons were baptized and added to the Baptist church at that place.

The first match on the new five ring mat at St. John's yesterday under the auspices of the Y. M. C. A., was a grand success, and the forty or more competitors took part in a good time and made very good shooting. There were teams from Stanley, Fredericton, Marysville and the R. C. R. present. A gratifying feature in connection with the matches was the large number of young shots brought out. Although baffled by a tricky wind, they did good work.

For the first time in several years Mr. and Mrs. Samuel H. McKee have all the members of their family at home this week, and they are having a very pleasant reunion. The members of the family are Mrs. J. Harry Robertson, St. John; Mrs. Frank Baird, Sussex; Mrs. T. L. Fowles, Fredericton; Mr. S. Hanford McKee, Montreal; Mrs. McKee, Lowell; A. H. McKee, B. A., Ottawa; and Harry McKee, Fredericton. This afternoon the family are picnicking at Kaskabon.

The death occurred at Harvey Station yesterday of Harry G. O'Brien, son of Mr. and Mrs. Marshall O'Brien, well known residents of that place. Deceased was twenty-one years of age.

Gabe Bear, who escaped from the G. P. at St. John the other day at one time lived on the St. Marys reserve, and enjoyed the reputation of being the toughest in this part. He left this locality several years ago to avoid going to jail, and never came back.

Fredericton, N. B., Sept. 13.—(Special.)—A Maine Indian named Peter Barnaby, at present living on St. Marys reserve, was arrested by the police last evening, charged with passing a \$10 counterfeit bill on a city grocery firm, and was released on a \$1000 bond and received \$7 in change. The police recovered the goods and a portion of the money.

Mrs. W. E. L. Reed, leader of the Downside movement here, baptized by immersion, three candidates in the river, below old government house, yesterday morning. About 100 people witnessed the ceremony, which was decidedly interesting. Two of the converts were males, one being the husband of Mrs. Reed, and the other a black her uncle and mother board, similar to that worn by students.

An amateur photographer was present in connection with the baptism, and secured a number of snap shots during the ceremony.

MONCTON.

Moncton, N. B., Sept. 11.—(Special.)—The annual meeting of the Y. M. C. A. was held tonight and the reports of the secretary and treasurer showed a very successful year. There was a slight increase in membership and small surplus above running expenses. The subscriptions collected amounted to over \$4000, the largest sum in the history of the association.

More than forty entries have been received for the horse races, to be held on the new exhibition track here Oct. 2 and 3. This list includes the fastest horses in the province.

The family of Frank L. Stevens, of the parish of Moncton, are greatly exercised over one of the boys of the household, who has been missing for several days. The lad's name is Noah, and he is fourteen years old. Monday morning last he started for school with a younger brother, but was left behind by the brother and did not reach the school. He did not show up at school and since that time no trace of him can be found by the family. He was seen within a short distance of Moncton, and it is believed he has left home quietly to do for himself as a result of reading a book of adventure sent him by his sister, who recently attended normal school.

Moncton, Sept. 12.—(Special.)—Something out of the ordinary in the way of Sunday morning services was held by St. Bernard's congregation this morning. Instead of service in the church, high mass was celebrated by Father Mehan on Mary's Hill, by way of dedicating the proposed site of Mary's Home. The weather was fine and a very large congregation attended the service which was of impressive character.

A temporary altar was erected in a small enclosure for the ceremony and the service was held in the open.

The audience assembled on the side of the hill and the grounds were decorated with flags and bunting. Father Mehan preached a stirring sermon in English on the Virgin Mary.

Moncton, N. B., Sept. 14.—(Special.)—Fire broke out this afternoon in a hay barn on the Dunlop property at the head of Steadman street. The barn, which contained about sixty tons of hay, was totally destroyed. A strong wind was blowing and the house and roof of the ell caught. The firemen had a hard fight to save the main house. The ell was badly damaged by fire and water. The roof of the ell was destroyed and the house was occupied as a boarding house by Mrs. James McDonald, formerly of Point du Chene. The furniture, part, was all taken out in a more or less damaged condition.

Mrs. McDonald had no insurance and her loss will probably be \$1000. She had the fourth time Mrs. McDonald has suffered from fire. A few years ago she lost a fine hotel and everything she owned in

a Point du Chene fire. She had only just got located in the Dunlop house and much sympathy is felt for her.

The property was held under a mortgage by the Bank of Montreal. The barn was insured for \$200, and the hay for \$400 in the Phoenix Insurance Company; on the house, \$8200—\$2200 in the Home Insurance Company of New York, and \$1000 in the Phoenix. The damage to the house is probably \$1000.

Nearly all of the borders saved their clothing, etc. Mr. Bryant, foreman of the cotton mill, lost all his wardrobe.

Moncton, Sept. 14.—Noah Stevens, the fourteen-year-old son of Frank L. Stevens, of the parish of Moncton, whose mysterious disappearance was reported in Saturday's Telegraph, has turned up at his home in the Dunlop house, a short distance from Moncton. He had been taken in by a family and was being cared for. The cause of his running away from home has not yet been learned.

Another case of smallpox is reported in the vicinity of Cocagne.

At the weekly meeting of the Central Methodist Sunday school yesterday Geo. C. Matthews, who has very efficiently filled the office of secretary of the school since some years, was presented with a gold chain and lock, accompanied by an address. The address was read by G. J. Oulton, superintendent of the school, and the presentation made by Miss Hazel Palmer, little daughter of Geo. C. Palmer.

CAMPBELLTON

Campbellton, N. B., Sept. 13.—A review of building operations this season shows that Campbellton's growth is not yet finished or is even stunted. In Dalhousie street extensive work in the residences are being completed, belonging to K. Shivers and A. McKenzie, of the customs.

At Moore street, Steven Moore, of Moore Bros. company, has completed an attractive residence, and in the same street, near Water street, a large and modern store for wholesale and retail has

just been completed for A. E. Alexander. In Roseberry street, W. H. Miller, number operator, has added to the already large number of modern and attractive residences in that locality, a well designed home which, it is said, the owner will shortly occupy, and not alone.

The Albion hotel has made extensive improvements, also the Waterbury, by adding large plate glass to the front. All the hotels have been well patronized this season by tourists and anglers, especially the Royal, which extends to that trade.

The Shives-Stetson mill at Athol has at last got to work, but it is not expected that much saving will be done this season. It does not now appear that the new mill at Mission Point will do any work until next season.

Lumber operations are now all away to the woods, but had quite a difficulty getting men, and the scarcity has increased the wages for woodmen beyond anything ever known here.

The Oves Point ferry wharf is now out as far as the engineers in charge will permit, as he hopes to have an extra length added next year, without which it will not meet the requirements of the tide.

Work on the government wharf is going on steadily under the management of W. G. McNeil.

Owing, it is rumored, to the difficulty of getting competent men, it is very doubtful if any more will be made towards securing permanent dockworks this season.

A. E. Alexander will leave shortly for California, to spend the winter for the benefit of his health.

W. R. Mason, of St. John, arrived here on Saturday with friends, on a trip via the Upsalquitch, Nequisnot and Tobique waters to the large number of hunting licenses already taken out here, this season promises to be a record breaker.

NORTH SYDNEY.

North Sydney, C. B., Sept. 10.—Dull weather and dull times seem to be the order of the day here. A reaction seems to have taken place and, because of business depression, people are going instead of coming. They are both here and there, and "Let" or "For Sale" may be seen more frequently for some time.
