THE GREAT FEMALE REMEDY.

JOB MOSES' PERIODICAL PILLS.

This invaluable medicine is unfailing in the cure of all those painful and dangerous disorders to which the Female constitution is subject. It moderates all excesses, and removes all obstructions; it invigorates the debilitated and delicate; and by regulating and strengthening the system, fortifies the youthful constitution for the duties of life, and when taken in middle or old age, proves a real blessing. To MARRIED LADIES it is peculiarly suited; it will in a short time remove all obstructions, and bring on the monthly period with regularity. On the approach of Childbirth, these Pills should be used for two or three weeks previous to confinement; the benefits to be derived are incalculable; they fortify the constitution, lessen the suffering during labor, and make it of short duration. They also prevent weakness of the Uterine organs, and enable the mother to perform the duties with comfort to herself and child.

These Pills should not be taken by females that are pregnant during the first three months, as they are sure to bring on miscarriage; but at every other time, and in every other case, they are perfectly safe.

In all cases of Nervous and Spinal Affections, Pains in Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed; and, although a powerful remedy, do not contain iron, calomel, antimony, or anything harmful to the constitution.

Full directions in the pamphlet around each package, which should be carefully preserved.
