### COL. HOLMES HERE TODAY

DISTRICT OFFICER WILL INSPECT LOCAL COMPANIES

HE HAS HAD LONG CONNECTION WITH MILITARY LIFE

Col. J. G. Holmes, D. O. C., arrived in the city last evening on the Crow boat and will inspect B and C companies of the Rocky mountain rangers at the Armory today.

Col. Holmes, who is one of the veterans of the Canadian militia, is commandant of military district No. 11, comprising the province of British Columbia and Yukon territory and has his headquarters at Victoria. The official list of war services of officers shows that he is entitled to wear the Fenian raid medal for 1866 and 1870 and also the general service medal with two clasps. He joined the militia as ensign in the 19th St. Catherine's regiment December 15, 1868 and served subsequently in the St. Catharines garrison artillery and school of gunnery prior to entering B battery, Canadian artillery, July 10, 1874. Since that time he has been connected continuously with the permanent militia. In 1883 he became commandant of the Royal School of Artillery and ten years later, deputy adjutant general, military district No. 10, Winnipeg. Later on he commanded military district No. 1, London, Ont., and was finally moved to Victoria on April 1, 1901. Six years ago he was promoted to the rank of colonel.

This afternoon Col. Holmes will proceed to Kaslo for the purpose of inspecting D company and will also inspect the civilian rifle associations in this district in turn as follows: New Denver, Oct. 12; Siccan City, Oct. 13; Rossland and Trail, Oct. 14; Greenwood, Oct. 15; Grand Forks, Oct. 16. At Rossland a company will also be inspected.

Lieut.-Col. W. J. Holmes of the 102nd

regiment is a son of the district officer commanding so that it is apparent that the military spirit has descended from father to son.

### REVOLUTIONIST PLOT

General Mitchenko Wounded in Turkistan Maneuvres.

ASKABAD, Turkistan, Oct. 9.—During the manoeuvres of the Turkistan army corps today in the vicinity of Askabad, General Mitchenko who played a conspicuous part in the Russo-Japanese war and who is now governor general of Turkistan, was wounded in a sham battle. A revolutionist plot is suspected.

The general with his staff were watching the operations from a slight eminence, when the whistle of bullets was heard. He was struck in the leg above the knee but the ball did not touch the bone.

An adjutant of Mitchenko was slightly wounded. The manoeuvres were suspended and the weapons and ammunition of the troops examined. Ball cartridges and traces of shot in the barrels of a number of rifles was discovered. An investigation is now in progress.

### MUST PLAY FAIR.

Burrows' Opponent in Dauphin Talks to Timber Grabber.

The following is an extract from a speech of Glen Campbell, who is opposing Theodore A. Burrows, of timber fame, in Dauphin:

"I am after Burrows, not because he has some personal failings, but because I believe he has no moral sense of political honor and because I believe he has used his brother-in-law's position to serve his own ends and feather his own nest, and has done absolutely nothing for the people he represents but bring obloquy on them."

"It is the determination of every anti-Burrows man in Dauphin to compel him to play fair and if he does not, there will be a quick retribution to any law-breaker or blackguard who is caught. The machine liberals are against me, as is natural, but hundreds of the old line decent liberals will support me just to get rid of him."

### FISHING ACCIDENT.

Man Drowned in Slight of Wife and Others.

HALIFAX, Oct. 9.—Jas. Nagle and C. Conrad, residents of the Eastern Passage, a fishing village at the entrance to Halifax harbor, lost their lives at Sundown, the government works at McNab's, this evening while returning from the island to their homes on the opposite shore in a small fishing boat. When near the opposite shore and under the lights of their cottages, they ran on a reef, the boat swamped in the breakers and the six occupants were thrown in the water.

Conrad and Nagle were unable to swim and sank almost immediately and were drowned. Nagle's wife who was standing on the shore noticed the accident and summoned assistance. Hundreds of boats were soon on the scene and rescued the four men in an exhausted condition. Two of the men have not regained consciousness and grave doubts are entertained for their recovery.

Nagle was married and leaves a wife and two children, the younger of whom is 18 years old. Conrad is a widower and lived with his daughter.

### SETTLERS FOR NORTHWEST.

Car of Dakota Farmers Look Over Irrigated Lands.

CALGARY, Oct. 9.—The private car "Calgary" of the Canadian Pacific Irrigation and Colonization company arrived in the city this morning with a large party, numbering about 56 people from the Dakotas and Minnesota, mostly German farmers. An additional Pullman car was required to accommodate the party. They were taken in charge by the salesmen of the company and taken out to the Strathmore district to look over the company's lands in that locality.

Another large party arrived from Washington in charge of the company's general agents for that territory, Messrs. J. Johnson & Sons and were taken out to look over the company's land in the Dalroy district, east of Calgary. Returns from the freight office here show that 105 cars of grain passed through during the last seven days.

### NEWSPAPER DIRECTORY

Desbarats Agency Has Issued its Annual Number.

The News has just received the 1908-9 edition of the Desbarats Newspaper directory which has just been published.

This edition shows a distinct advance on former directory publications. The information in regard to each publication is particularly full, and as it contains an unusually large number of sworn statements of circulation by the different publishers, the information

will be very reliable. The directory shows a very considerable increase in the circulation of the leading publications. A comparatively small number of new publications are recorded, the last year or two apparently not being as inviting time for launching literary enterprises.

The list of industries in each town, which those of Nelson, is of particular interest and value to advertisers and the public generally. Their compilation no doubt added greatly to the enormous amount of detail work in getting out the directory, but their usefulness justifies the undertaking. The directory contains 304 pages very attractively bound in cloth and gold. Although the published price is \$5.00 in order to give the directory a wide distribution, the agency will send a copy to any corporation or firm who are now advertising or who contemplate an advertising campaign upon receipt of request with 35 cents for postage, etc. The agency's offices are at 42 Victoria Square, Montreal.

### IN THE M'GUIGAN BASIN

RIO HAS BEEN PURCHASED BY W. E. ZWICKY

THOUGH ONLY A PROSPECT HAS RICH ORE

(Special to the Daily News)

KASLO, Oct. 9.—A mining deal of considerable importance was put through yesterday when the Rio was sold by the owners Don Cosgriff and D. Thomas to J. W. Power and W. B. Zwicky.

The property is a rich silver-lead prospect on which very little work has so far been done. The purchase price has not been made public, but we understand the figure is a good one. The Rio is located in the McGuigan basin above the Rambler, and a rich ore showing was uncovered near the surface some time ago. A car of ore is now at the sampler here being tested before shipment to the smelter and while no definite statement has been given out as to its value, it will go several hundred tons in silver and carry a high percentage of lead per ton.

It is the intention of the new owners to develop the property.

Take notice that I, W. E. Jarrett intend to apply to the board of license of the Nelson mining division of West Kootenay district, to be held on or after the 25th day of September, 1908, for leave to transfer the liquor license of the Manhattan Saloon, situated on lot one (1), block six (6), in the City of Nelson, from myself to Daniel Desail and Timothy W. O'Leary.

Dated at Nelson, B. C., this 21st day of August, 1908.

to organize a company to exploit the property and work will commence at once. W. J. H. Holmes left this morning to survey a short tunnel for the purpose of tapping at depth the ore shoot above. The Rio is only a prospect at present but has every assurance of being a rich mine in the near future.
