

Personal and Social

Rev. H. T. DeWolfe, D.D., spent the week end at Halifax.

Mr. Ronald Kierstead, of Toronto, is visiting his aunt, Miss Fannie Parker.

Mr. William Regan, of Halifax, was a visitor to his old home in Wolfville last week.

Mr. F. Davu left Tuesday morning for Halifax to spend Easter with friends, expecting to return about April 15th.

Mrs. W. B. Eaton and her sister, Miss King, returned home on Monday from a week spent at Halifax with friends.

Rev. J. H. MacDonald, D.D., spent Sunday at Halifax, where he was the preacher at the Presbyterian service at the First Baptist church.

Mrs. Frank Isley, of Somerset, was a visitor over the week end at the home of her brother, Mr. C. B. Godfrey, Acadia street.

Mr. and Mrs. Roy Evans and daughter left Tuesday morning for Halifax where they will make their home, Mr. Evans having secured a position in the city.

Mrs. Harold S. Major, of this town, was successful in winning the seventh prize in the Morning Chronicle's recent prize contest.

Mr. Murray Smith, of Boston, paid a short visit to friends here this week on his way to see his mother, who is a patient at the hospital in Halifax.

Mr. Kempton B. Craig, of Woodville, and Mrs. W. B. B. Rockwell, of Brooklyn Corner, were in town over Sunday visiting their mother, Mrs. Thomas Craig, who is quite ill at the home of her daughter, Mrs. C. A. Patriquin.

GREENWICH

Mr. Robert Bishop has recently purchased a new five passenger automobile. Mrs. Margaret Bezonon, of Belcher Street, Port Williams, visited friends here and at the home of her daughter, Mrs. Bishop, New Minas, all last week, returning home Sunday morning in time for church service at the Port.

A good many of our residents went to Wolfville Thursday evening to hear the singing of our famed Kings county boy, Mr. Earl Spicer, also to enjoy Prince Chavchavade as pianist. Both were thoroughly enjoyed.

The G. C. L. meeting last Friday evening, as "Lecture Night", was enjoyed, the Honorary President, Rev. Dr. Hemmeon, delivering a lecture on "The Hebrew Prophets" to a good audience. The violin solo by Robert Bishop, accompanied on piano by Minnie Bishop, was also much enjoyed. At the business session it was arranged to make this week's meeting a closing night for this season, the Dramatic and Social Committees uniting for the evening's entertainment, refreshments, etc. A good time may be expected at League meeting this week. It is expected that the young people will put on a play in the near future.

Foughing in March is not an annual event in our Province, but one of our enterprising farmers ploughed a good-sized piece of his land one day last week, it being in good condition. Our oldest inhabitants say it has been a rare March month. We also hear some of our residents have hens setting, which is very early.

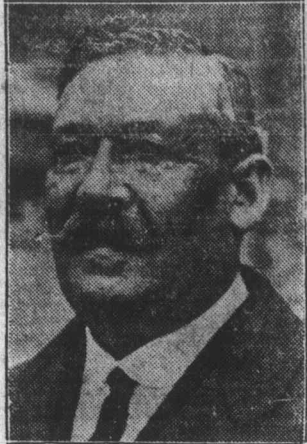

Clarence Spinney, of Wolfville, has been calling upon some of our residents recently in his line of business.

Mrs. A. K. Forsythe has been confined to her home with illness over a week. Her many friends hope for a speedy return to her usual health.

Miss Betty Morgan, Halifax, spent the week end at the home of her cousin, Mr. John Fenwick.

Mr. and Mrs. Byron L. Cox entertained a number of friends at a card party

MAY VISIT CANADA

Gypsy Smith, the world famous evangelist, who has been preaching to thousands in the notorious East End of London, England, may soon be seen and heard again in Canada. He has received numerous invitations to come to Canada and says, "If they can wait until I've fulfilled a promise to go to Australia and New Zealand, I'll come over to Canada."

at their home on Monday evening, it being in honour of the birthday of the host.

A joint meeting of the Dramatic and Social Committees of the G.C.L. was held Monday evening at the home of Mr. and Mrs. Dexter Forsythe, the hostess being on the Dramatic Committee.

Mrs. John Fenwick went to Halifax Tuesday afternoon to remain over night, leaving Wednesday morning for Campbellton, N.B., where she will demonstrate the cooking stove for the Northern Electrical Company, Halifax. We wish Mrs. Fenwick success in this new venture. She expects to be gone a week.

Mr. Dexter Forsythe closed up his apple evaporator over a week ago, after a successful season's work. This is a good industry in the place.

Housecleaning and cleaning-up yards and lawns is the order of the day.

AVONPORT

Miss Mildred Cox returned home from Middleton on Tuesday. She has been spending the past two weeks there, guest of her uncle, Mr. F. E. Cox.

Mrs. W. G. Smith and little daughter, of Kentville, have been visitors at the home of her sister, Mrs. G. F. Huntley.

Master Medford Huntley has returned from the Payant Memorial Hospital much improved in health.

Mr. and Mrs. Ralph Holmes, of Windsor, were the guests on Sunday of Mr. and Mrs. Wm. Holmes.

Lt. Col. R. D. Robinson has arrived from England and will spend the summer in Avonport engaged in caring for the farm of his sister-in-law, Mrs. Doris Malcolm.

Miss Madge Daniels spent the week end at her home in Martock, N.S. Mrs. H. E. Fraser and little son George spent Wednesday of this week with her parents, Mr. and Mrs. Geo. Brooks.

Mr. Raleigh Ellis and Bride arrived from Halifax on Monday evening and were given the usual welcome by a large number of young people.

Mr. Orlo N. Anderson left on Tuesday for Montreal, where he will meet a carload of very choice western horses which he will bring to Avonport for sale. He expects to return on Tuesday of next week. Mr. Anderson has been very successful in bringing western horses here, as last spring he had a carload which he very readily disposed of.

The difference between using coal ashes and gravel as a sidewalk covering is that even without being rolled the former eventually becomes smooth and firm for the use of pedestrians.

Notice to Sportsmen

The annual meeting of the Fish, Forest and Game Protective Association will be held in the Town Hall on Friday evening, at 8 o'clock, 3rd April, 1925. All persons interested in the protection of game are invited to attend.

Notice!

At a meeting of citizens, committees were appointed to divide ways and means to secure donations of food, clothing and money for relief of the suffering families in Cape Breton mining districts. It was decided to make a house to house canvass for the purpose. The solicitors will call upon you at an early date. Please be as generous as you can.

By order,
S. J. Fors.

Secretary.

METEOROLOGICAL REPORT FOR MARCH, 1925

Barometer (sea-level):
Maximum, 30.66 inches, 16th.
Minimum, 29.38 inches, 31st.

Temperature:
Highest, 55.2°, 28th.

Total Miles, 6957
Greatest velocity in one hour, etc., 42 miles, SE, 2nd.
Prevailing direction, etc., SE, 1283 miles, 89 hours.
H. G. PERRY,
Observer.

WANTS CORELESS APPLE

(Christian Science Monitor)
Recent information concerning a Fameuse apple tree in the orchard of a fruit grower in Quebec, Canada, which has produced as its fruit solid blocks of edible flesh, without seeds and without

core, should spur Burbank to emulate such a "freak" of nature. No credit can be accorded to anyone for securing this achievement because it simply "happened" that an ordinary Fameuse apple tree, in growing by cell division, produced a branch in which the capacity for producing the core in apples was extraordinarily weak. Be that how it may, the fact remains that such a fruit having been discovered, the conditions surrounding its origin need only to be duplicated for a similar result to be produced. In the case of the domestic apple neither the seed sacs nor the core proper are needed—in fact, they constitute a nuisance, no matter for what purpose the fruit is used in the household. Soon, it may be hoped, therefore, that coreless apples will find a place side by side with the well-known seedless oranges.

WHY NOT TRY IT?

If all folks laughed six times a day,
And smiled just twelve times more;
If all folks drove harsh words away,
And turned grey thoughts to door;
If all folks gathered courage-flowers
For heart's brave window-dressing,
There wouldn't in this world of ours,
Be room for things depressing.

Examiner (questioning applicant for life-saving job)—"What would you do if you saw a woman washed out to sea?"
Applicant—"I'd throw her a cake of soap."
Examiner—"Why a cake of soap?"
Applicant—"To wash her back."

HOT BUNS

Last year we disposed of 280 dozen. Almost two Buns to every inhabitant of Wolfville. We intend having a larger supply this year, but be sure you get yours by ordering early.
On Sale April 4th and all following week.
Fresh daily.
