May 14, 1930.

F. A. Knapp, Esq.,
The Manor,
Prescott, Ont.

Dear Mr. Knapp:

I have your letter of 13th May.
Am exceedingly pleased to learn that you are
reaching the end of your efforts and have made a
success of your invention. I quite well remember
your visit to me at Ottawa and the enthusiasm you
then displayed over this project.

I sincerely wish I were in a position
to co-operate with you, but my duties here are such
that I am not at liberty to extend my efforts outside.
As you know, I have retired from public life and have
made engagements which require my undivided attention.

Thanking you for the very generous
proposals you made,

Yours very truly,

AM/E.

Arthur Meighen.
