Manager, Regina Airport,  
Regina, Saskatchewan.

1. It is observed that you were piloting Piper Aircraft CF-EEV on January 28th, 1948, at the time when it was involved in an accident near Truax, Saskatchewan. I am directed to ask you to advise the circumstances in which you were piloting this aircraft - that is to say, was the aircraft being operated commercially, and were you piloting it for hire or reward or were the circumstances otherwise?

(J. R. Robertson)  
Assistant Superintendent of Airways.
