John McKinley Stinson and Mrs. John McKinley, of Ingersoll, who have been visiting in the city, returned home to-day. Mr. Stinson is a former Chathamite, having attended the Central school about 12 years ago. He has had a very pleasant time in the city calling on his old friends. He notices a great change for the better in Chatham during the last twelve years, still he says there are enough land marks left to enable him to recognize the place.

W. E. McNaughton, better known as "Mac," who for the past two years has been at Chathamite connected with Wm. Gray & Sons office for a short time, and lately with the Canada Business College, left to-day for his home in Petrolia, where he will visit for a week before leaving for the Pacific Coast. Mac will be accompanied by Harry Ansel, and it is their intention to launch out into business for themselves. They will have the best wishes for success of their host of Chatham friends who are sorry to see them leave the Maple City. "Mac" has always been popular with Chathamites, and was vastly so, on the football team, of which he was star.

Judge Houston remarked this morning on the duration of last night's storm. He said he had seen fiercer gales at the Eau, but never any that lasted so long. The wind blew a gale from one o'clock last night till seven o'clock this morning.

The Chatham Binder Twine Company has shipped over six hundred bales of twine to Manitoba since starting a few weeks ago, and have standing orders for their entire output from the Northwest. The company will, however, retain ten tons for the Kent farmers. Three carloads of manilla have just arrived and three more are coming in within the next few days. As a result of recent legislation by the Government there will be a profit of about one thousand dollars in bounty money for the amount of twine the company expects to be able to manufacture before the end of the season.

The funeral of the late John Mount took place this morning at 10 o'clock from his late residence, corner of Wellington and Lacroix Sts., to St. Joseph's Church, thence to St. Anthony's Cemetery. The funeral services were conducted by the Rev. Father James. It was largely attended. A large number of the Canadian Order of Foresters, of which order, deceased was a member, were present.

The following were the pall-bearers: Samuel Bullis; Vital Ouellette, James Taft, Larry Howard, John Paulucci, Dan. Clements and Jos. Moore.

It is a source of great satisfaction to Chathamites to learn by yesterday's Planet that the Fort Huron civic excursion is coming to the Maple City in August next. Last year the outing went to London with some 500 excursionists, and this year the number will likely be increased. As each excursionist will likely leave a dollar or more in the city the advantages of their visit can readily be seen.

The decision to visit Chatham is due largely to the courteous and enterprising treatment recently accorded the visiting delegation by L. E. Tillson, local agent of the Lake Erie, and the officials of the Lake Erie, and the officials of the road, assisted by Mayor McKeough and Ald. Pigott.

It is very satisfactory to note that the railroad still preserves a cordial spirit to this city, and their action in this respect will do much to secure an amicable understanding on all differences.

From the wire of F. B. Procter, local broker.

Chicago, Ill., July 13.—The Kansas wheat crop is practically beyond injury from any source, but there is excessive moisture in a few places where harvesting has not been completed.

The largest crop ever secured is expected and most likely will be about eighty million bushels.

In the Ohio Valley the crop is somewhat disappointing, but it is believed that most of the new wheat will be satisfactory for milling.

From Manitoba to-day comes reports of deterioration of wheat and a considerable reduction in the estimates of the probable yield. What is said to be heading out poorly and the yield to be no more than eighteen bushels to the acre.
