The Tooth Test
Let us tell you why the tooth test—the test of flexibility—is the supreme test in a weeder; tell you why the flat, flexible tooth has accomplished what other weeders have failed to do; why

Hallock's Success Anti-Clog Weeder AND CULTIVATOR

does as much work as three ordinary cultivators, better, cleaner, quicker work than twenty men and twenty hoes; why it is the only really practical weeder and cultivator on the market to-day. Benefit by the experience of others. Read what hundreds of farmers accomplished last year in the saving of time and money, increased crops, cleaner fields, by the use of this great implement. Send for circulars to-day.

A SPECIAL PRICE on the first order from every district where we have no agency.

FARMER'S

PURE MANILA, 650 FT. TO LB.
SPECIAL MANILA,
TIGER, STANDARD.

Farmers! Don't be taken in. There is none "just as good." These twines will not bunch at the knotter, and a Binder will run all day without stoppage, thus saving time, annoyance and a "lot o' cussin'."

We pack our twine in bags of the size of ordinary grain bags, and we are not ashamed to put our name upon it. Don't take any other.
