

"HOME NURSING."—We have recently received a pamphlet, entitled "Home Nursing," which contains practical information, written by a competent head nurse, for the performance of all offices pertaining to the sick. It tells what to do in case of accidents, treats with nearly all diseases, as well as containing many receipts for preparing solid and liquid food for the sick. It is a very attractive little book of about 50 pages, and can be obtained upon application to the publishers, Davis & Lawrence Co., Ltd., Montreal, enclosing to them 5c. in stamps to cover expense of mailing, etc.
