MAGIC No. 9

Put a lasting roof on your new barn

We are making Brantford Roofing higher in quality than any other ready roofing. The felt is made to our specifications. It costs us 33 1-3 per cent. more than ordinary felt used in other roofings. But our felt is pure wool, long-fibred, evenly compressed. It wears like iron when saturated with Asphalt—the highest grade of Asphalt. Our Asphaltum is 99 per cent. pure. So called "Trinidad" Asphalt is only about 45 per cent. pure. Do you see why other Asphalt roofings don't wear so long as Brantford Asphalt Roofing?

Lower grade roofings are often sold at about the same price as Brantford Roofing. You can only make sure of lasting service by making up your mind you must have Brantford Roofing. Then write us. We will see you are supplied. Get our roofing book and samples. Then choose the styles and weight of Brantford Asphalt, Rubber or Crystal Roofing best suited to your requirements.

Buy the Strongest Roller The "Bissell"

When you purchase the "Bissell" you get a land roller that packs the soil just the way you want it done. More than that, you get the strongest, sturdiest land roller made. We make the "Bissell" to withstand hard knocks. We fit the heavy steel drums with pressed steel heads. The seams are securely riveted every two inches. We make these drums so strong that we guarantee them not to dent or ding under the hardest work. Passing through these drums is a heavy two-inch solid steel axle that will never bend or break. We put lots of stiffness and rigidity into the well-braced frame. It has the strength to withstand all the hard strains you may place upon it. If you would like to know more about the "Bissell", write to Dept. W for catalogue, or ask your local dealer to show you our different styles.
