DE LAVAL
CREAM SEPARATORS**

AT THE

Canadian National Exhibition, Toronto, Aug. 24-Sept. 9

The De Laval Cream Separator has been the greatest factor
in the advancement of modern dairying, and every cow owner
visiting the Fair should see the latest De Laval machines.

The De Laval separators were first 34 years ago, and have
been kept far in the lead ever since. Improved year by year they
are better now than ever before.

Users of De Laval machines will be especially welcome, and
will be interested in the changes and improvements that have
been made in the up-to-date machines.

Users of other makes of separators, of which a large number
are replaced by the De Laval every year, will be equally welcome,
and may compare the construction, sanitariness and ease of run-
ning of their machines with the De Laval.

Those who have yet to buy a separator will have opportunity
to learn all about one and what the De Laval would do and save
for them, as it is already doing for its 1,500,000 users.

There will be De Laval representatives in attendance glad to
discuss and explain anything of separator interest to either old
or new friends. Be sure to look up the De Laval booth.

EVERY COW OWNER WILL BE WELCOME

"Go North Young Man!"

WHY?

Because there are millions of acres of
agricultural land in Northern Ontario
in some cases free, and in others at 50
cents per acre, excelling in richness
any other part of Canada, blessing and
waiting to bless the strong, willing set-
tler, especially the man of some capital.
