of fence where the Page Woven Wire is used. Page fence is made of a wire made especially for us, which **does not break, stretch or rust.** Our standard fence is five feet high and woven so close that stock can't get through or over it. And you can buy it for less money than you may think. Better look into it.

Strathy's "HINGE" Stay Field Fence and SINGLE POLE Gates  
"THE 20TH CENTURY FENCE."

A fence competitor says:  
"It has no equal."  
A trial will convince you also.

The product of years of practical experience, careful study and experiment under the hardest climatic conditions of heavy snow and severe frost in winter and high temperature in summer, with a variation of 150 degrees. Our Spring Post meets perfectly the requirements and overcomes all the difficulties of contraction and expansion, under a variation of 180 degrees of temperature, and has besides a reserve capacity of as much more to provide for great strain and to automatically take up the stretch in the wires. Our "Hinge" Stays so act, when under pressure of snow or other weight, that when the weight is removed the fence springs back to place, with Stays unbent and fence uninjured. A system all our own and unlike any other. We use heavy wires—high-carbon spring-steel wire of highest quality—but our system is cheaper and the completed cost less than any other fence. Write for full particulars, and state fully your requirements.

# Handsome Is that Handsome Does.

NO OTHER MOWER LOOKS QUITE SO NICE.

NO OTHER MOWER WORKS QUITE SO WELL.

### OUR NO. 8.

We are a loyal people—  
None more so:—the motto we teach:  
Then why not be consistent,  
And practice what we preach?

Our soldier boys have courage,  
Our workingmen have skill;  
Why, then, buy foreign-made machines,  
And our own men help to kill.

Perhaps, for the want of thought,  
Some for the moment may have strayed;  
But who is there among us  
For experience has not paid?

But now, with spring returning,  
The fields will soon be green;  
Then buy from us our Number Eight,  
For she's the meadow's "queen."

# FARMER'S TWINE

PURE MANILA, 650 FEET,  
SPECIAL MANILA,  
TIGER,  
STANDARD.

Farmers! Don't be taken in. There is none "just as good." These twines will not bunch at the knotter, and a Binder will run all day without stoppage, thus saving time, annoyance and a "lot o' cussin'."

We pack our twine in bags of the size of ordinary grain bags, and we are not ashamed to put our name upon it. Don't take any other.
