CANDIDATE

John Small.

Electors of East Toronto!

The Paramount Issue you and the other Electors of the Dominion are now called upon to decide is

"The National Policy."

Be not deceived by SIDE ISSUES that OPPONENTS TO THIS POLICY are attempting to raise at the pending Elections.

If you feel that it has benefitted the Dominion, and laid the foundation stone of our Nationality,—record your Vote in favour of

Your obedient servant,

JOHN SMALL.

Mr. Abraham Gibbs. Vaughan, writes: "I have been troubled with Asthma since I was ten years of age, and have taken hundreds of bottles of different kinds of medicine, with no relief. I saw the advertisement of Northrop & Lyman's Emulsion of Cod Liver Oil with Lime and Soda, and determined to try it. I have taken one bottle, and it has given me more relief than anything I have ever tried before, and I have great pleasure in recommending it to those similarly afflicted."

Children and persons with weak constitutions have always found great difficulty in taking Cod Liver Oil, and from this fact it has not been universally used, but with Northrop and Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, this prejudice is removed. It is so thoroughly disguised that you cannot detect the Cod Liver Oil. One physician writes us that it is used almost as a beverage in his family; another person informs us that he had to hide the bottle from his children. For Coughs and Colds, broken down constitutions, and all Lung Diseases, it has no equal.

THE FOLLOWING PROFIT results

in this Association will be of interest to intending insurers:

Policy No. 618, issued in 1872, at age 30, for \$1,000 on the All-life plan. Annual premium \$20.89.

At the Quinquennial Division on the close of 1876, the holder elected to take his profits by way of TEMPORARY REDUCTION OF PREMIUM, and has had the benefit of the same.

This Policy-holder will, at the ensuing Quinquennial Division, after the close of the present year (1881), have a TEMPORARY REDUCTION of the ensuing five years \$9.78, equal to 46.61 cent. of the annual premium.

The cash profits for the five years are \$42.83, equal to 41 per cent. of the premiums paid during that period.

The cash profits if used as a PERMANENT REDUCTION would reduce all future premiums by \$2.65, equal to 12.68 per cent. of the annual premium.

The above unsurpassed results are the profits for the SECOND FIVE YEARS of the policy.
