Rev. P. J. Ed. Page, Professor of Chemistry  
Laval University, Quebec, says:—I have analysed  
the India Pale Ale manufactured by John Labatt  
London, Ontario, and have found it a light ale  
containing but little alcohol, of a delicious  
flavour, and of a very agreeable taste and su-  
perior quality, and compares with the best im-  
ported ales. I have also analysed the Porter  
XXX Stout, of the same Brewery which is of  
an excellent quality; its flavour is very agree-  
able; it is a tonic more energetic than the above  
ale, for it is a little richer in alcohol, and can be  
compared advantageously with any imported  
article.
