Telephone Service Insurance

It is often a temptation to call telephone numbers from memory.

In a surprisingly great percentage of cases this results in serious losses of time, the referring of calls to special operators, and unexplainable annoyance to those called in error.

There is no better insurance on effective service than the two following practices:

First—Invariably to consult the directory and call by number, slowly, one numeral at a time.

Second—To evidence the same consideration and politeness that is shown by the operator when difficulties arise, regardless of their origin.
