

the boat is much greater than was anticipated.

As we unfortunately could not allow the experiments with "The Loon" to interrupt trials with the "Silver-Dart", it was decided to take the motor up the valley to the tent and start flying there as soon as possible. We hope, however, after we have gotten through with the "Silver-Dart" for this year, we may go back to "The Loon" and have another trial with an experiment that promises so much.
