

Quality Never Varies

in these three standard sellers.
The maker's name on each one guarantees
the highest quality—and "quality counts."

Staple goods like these are trusted for the
unblemished names they bear.

"Hand in Hand" Brand Bi-Carb. Soda

$\frac{98}{100}$ pure Bi-Carbonate of Soda. No
greater purity than this can be extracted. Made by the United Alkali Company of Great
Britain. It has great strength and absolute evenness of grade.

Lazenby's Soup Squares

Unvarying in the high quality of the
ingredients used. Great friend makers for the store. Economical—convenient. Made in
England. 13 varieties.

Fry's Cocoa

The name "Fry" on Cocoa or
Chocolate is a household word in England, because it stands for absolute purity. Fry's
Cocoa is easily soluble—concentrated—best because no other is quite so good.
