Roller Flour Mills, Coombe Valley, Marweston, Beds, North Cornwall, 20th July, 1910

Dear Sirs:—The "MIDGET" Plant you erected for us about a month ago is giving great satisfaction. We are running an entirely English wheats. The flour is of good colour and texture, the middlings soft and free from flour, and bran well cleaned out. In fact it is a thorough success. We find it only takes two-thirds of the power required for other mills of wheat stones. We are confident that the "MIDGET" Plant will be the means of restoring the flour trade in country districts.—Yours faithfully (Signed) TAPE & SONS.

This Mill with WHEAT-CLEANER, Gasoline Engine and Building, costs less than a Modern Threshing Outfit and will run 12 months in the year and 24 hours per day.
