

## SYNOD TODAY DECIDED TO BUY ROTHESAY COLLEGE

### Committee on the Bishop's Charge Make an Important Report—Much Business Done at This Forenoon's Session.

At this morning's session of the Synod a telegram received by the Coadjutor, Bishop from Bishop Kingston was presented. It said: "I am very grateful for the loving telegram of the Synod. I pray that your deliberations may promote the honor of our Master and the furtherance of His Kingdom." Very Reverend S. B. Dean Street presented the report of the committee on memorials.

### REV. THOS. NEALES.

He spoke of the life and work of Rev. Thomas Neales, giving a short history of his life work and of the good he had done and the example he had given to many.

He then treated at some length of the personality of the deceased clergyman who "was called a righteous man." There was no turning to the right hand or to the left. He was righteous in all he did. "He being dead yet speaketh in the lives of those of his flock who are living in the nearer knowledge of God."

The resolution passed in tribute to the late Archdeacon Neales is: "This Synod would place on record its tribute of respect to the memory of one who in all the relations of life as pastor and teacher, friend and comrade, endeared himself to all with whom he came in contact—the Venerable Thomas Neales, M. A., Archdeacon of Fredericton."

"Ordained a deacon on October 25th, 1868 and priest on September 12th, 1869, by Bishop Manning, he served first as curate and afterwards as rector of the Parish of Woodstock, where after thirty-eight years of duty well done, he entered into rest on March 16th, 1907."

"His advancement to the positions, first as Curate of Christ Church Cathedral and later as Archdeacon of Fredericton, was a recognition, well deserved, of his life consecrated to the service of his Lord and Master. Eminent for his many excellent qualities, remarkable for his modest and unassuming demeanour—noted for his generosity and benevolence—abounding in that charity which thinketh no evil, but rejoiceth in the truth—he commanded the high regard and esteem of all whether in the General, Provincial or Diocesan Synods of the Church, or in the more arduous administration of his parish, where he was regarded as the faithful pastor and the beloved friend of his people."

"The beautiful and exemplary life which he lived in the service of his Lord and Master, we all may well follow, even as he followed Him who was his Divine Exemplar—our Lord and Master Jesus Christ."

### MICHAEL S. HOCKEN.

A resolution was also passed concerning the late Michael Sams Hocken, a member of the synod for three years preceding his death. Archdeacon Forsyth in moving the resolution paid a glowing tribute to the worth of the late member. F. E. Neales and others also spoke feelingly on the good works done by the deceased.

### SCHEDULE COMMITTEE.

The report of the schedule committee was submitted by Canon Cowie. It showed a balance of \$1,600 in favor of the treasurer's Diocesan Mission Account.

Credit due from aided Missions	\$3,228.03
Dr. deficit aided Missions	1,628.00
	\$1,599.94

A petition from Dalhousie asked for

a reduction of \$100 in the requirement for 1908 because of the serious fires causing the destruction of the mills and the possible necessary emigration of many families. The committee recommended the requirement from Dalhousie be \$350 instead of \$450. A number of changes in various other missions were submitted.

### THE BISHOP'S CHARGE.

The report on the Bishop Co-adjutors charge was then taken up. The report says in part that "before entering into the details of the charge the committee most earnestly desires to prepare its report with an expression of sincere and deep appreciation of the care, the thoroughness, the judgment, the spirit of devotion, with which in this first charge of his Lordship the Bishop Co-adjutor, the whole field of effort has been surveyed, the requirements summarized, sound principles asserted and plans of action suggested."

In regard to the increase of the stipends and the appointment of an organizing secretary as well as one or more travelling missionaries, it was suggested that these matters be placed in the hands of a special committee and report at the next annual meeting.

"Questionable methods of raising money for stipends." The committee emphatically endorsed his Lordship's views and deprecated the employment of any methods of raising money for the stipends of the clergy, other than the direct contribution of the people. The committee also urged the adoption of the envelope system in every mission.

"Missions as Retortives."—On this point the committee thought that the status of retortives in missions receiving aid from the Diocesan Mission Board should cease, to exist at the earliest possible moment.

"Graduated Stipends to Missionaries."—That the minimum stipend of priests be less than five years be \$200, instead of \$300, as now and the stipends of clergy of more than five years be increased proportionally.

Field Secretary for Sunday Schools.—Reported the standing committee on Sunday Schools.

"The Cathedral."—Recognized as the church of the Diocese and this recognition be made a practical one by giving a financial aid.

"Thank Offering."—The amount to be presented at the Pan-Anglican Congress to be devoted to such missionary objects as the synod may determine, and that the first Sunday in February be the date for collecting the offering.

"The Church Institute."—Favorably treated of, and the committee suggested that the executive committee discuss the question with the council of the institute and be empowered to take such action as they may deem advisable.

"Par-Anglican Conference"—suggested that six delegates be elected by the synod to represent the diocese at the congress to be held in London in June, 1908.

"Rothessay College for Boys"—Left with the Board of Education.

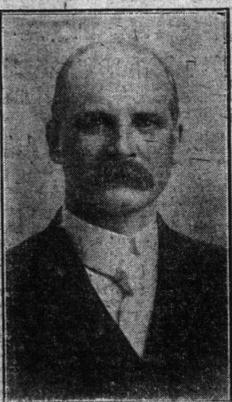

"Re-union of Christendom"—The full report on this section is: "The committee is a unit in desiring to uphold the principles of the Anglican communion which the Bishop Co-adjutor has emphasized in his utterances upon the subject of the re-union of Christendom. The church of the Dominion of Canada can do nothing without the co-operation of the other branches of the Anglican communion; and we believe that that communion will never depart from that standard set us in the preface to the ordinance, which says: 'It is evident unto all men diligently reading the Holy Scripture and ancient authors that from the apostles' time there have been these orders of ministers' in Christ's church, viz., bishops, priests and deacons.'" There is no need of a comment upon this preface, but we, as a committee, would recommend to the synod that it affirm anew its loyalty to this tenet of our faith.

## ACADIA BEGINS HER BEST YEAR

### Attendance Largest in the University's History.

### Freshman Class Will Number Between Sixty and Seventy—New President Makes Strang Address

WOLFVILLE, N. S., Oct. 2.—Acadia University opened today with a majority of old students back in their places and in addition fifty-five new students have registered, whereas last year the registration of new ones for the first

REV. WILLIAM HUTCHINSON, The New President of Acadia University.

day was thirty. The freshman class will number between sixty-five and seventy, and total number of students will be about two hundred, the largest number in the history of Acadia.

The professors of the different departments are in their places, with the exception of the professor of the philosophical department, but the institution expects to find a competent man before long.

The new president, Dr. Hutchinson, in his noble and uplifting address, welcomed this morning, said that the man who would fill the highest place in life was one that went forth from college trained not only in body and mind but also in soul. The whole address tended to inspire each student to do his best.

The new mathematical professor, Dr. Archibald, coming highly recommended and not being afraid of work, will no doubt prove a very capable instructor, this year promises to be the brightest Acadia has ever experienced.

that the historic Episcopate has been continuous in our communion from apostolic days, and we can never consent to that continuity being either broken or endangered.

"Printing of the Bishop's Charge."—Recommended that copies of the charge be printed for distribution throughout the diocese.

The last section to be treated of by the committee was the visit of the Bishop of Nova Scotia. "The standing committee cannot close its report upon the Bishop Co-adjutor's charge without joining his lordship in welcoming the Lord Bishop of Nova Scotia to the diocese, and in the name of the whole synod the committee desires now to express to his lordship the great pleasure which his visit brings us, and further to express the hope that the two dioceses by the sea will ever continue to be mutually interested in each other's affairs and mutually helpful in each other's advancement."

Signed by the following: Archdeacon Forsyth, J. R. DeWolf Cowie, A. E. Newham, C. F. Hamington, T. Carleton Allen, Geo. O. Dickson, O. G. Sidney Smith, F. J. G. Knowlton, A. C. Fairweather.

ROTHESAY COLLEGE.

The discussion on the proposed purchase of the Rothessay Collegiate School was continued. Judge Hanington opening the debate. He said this is one of the most important subjects before the Synod for some years. Judge Hanington spoke in favor of the purchase of the school, pointing out the great advantages accruing from the institution of Edgell, the girls' school at Windsor. He gave out the policy of the present board of education which is to shut down the school at Fredericton and purchase the Rothessay College. Judge Hanington said it was hopeless to attempt to continue the school at Fredericton, it could not compete against the Normal School. The Church people in Fredericton did not send their children to the Church school in Fredericton. He thought another way of giving religious instruction to the children of the school here might be worked out.

He said the address of the education

## ADDRESSED MEETING AT ALBERT, ALB. CO.

ALBERT, N. B., Oct. 2.—J. D. Hazen, leader of the local opposition, and J. K. Flemming, M. P. P. of Carleton county addressed a meeting tonight in Guiton Hall. Dr. S. C. Murray occupied the chair. There was a fair sized audience. Among those who occupied seats on the platform were W. B. Dixon, the opposition candidate for the local house; I. C. Prescott and others.

Mr. Flemming was the first speaker and spoke well. He dealt with the Highway Act, the school book question, and attacked the local government generally. He also denied emigration. The statements made by Dr. Pugsley and which appeared in The Sun today in reference to the financial standing of the province.

Mr. Hazen spoke in complimentary terms of the statements of Mr. Dixon and the opposition candidates, and predicted an election before another session. Consequently, he said, he had advised his party to vote for Mr. Dixon. He was expected to see all the opposition candidates in the field, and after the votes were counted he expected to see at least thirty Conservative members in the house.

## FORMER HOSPITAL NURSE FOUND MURDERED

NEW YORK, N. Y., Oct. 2.—The mystery surrounding the antecedents of a woman who was found dead in a hospital room on Randall's Island, was dispelled today, but the motive for her murder is as obscure as when her horribly bruised body was found in a furnished room house here yesterday. The victim was the mother of a respected family of Boston. While still in her teens she married William Quinn. Later they separated and Quinn came to New York. Four years ago she followed him here and a reconciliation was effected. Later they again separated. This much and more the police learned today, but even the arrest of the man who admits having been with the woman on the day she was killed has failed to make clear any plausible reason for her death, and the subsequent attack upon the body.

George Kramer, the Blackwell's Island plumber, who has lived for a few days with the woman prior to her death, was compelled to view the body at the Tombs court as a suspect in the homicide. The prisoner, who appeared dazed, told the magistrate that he could not remember anything that he had done recently. He said that the body as that of his recent companion, but reiterated that he did not inflict the wounds disclosed. Kramer does not give the impression of one capable of such a crime, and it is likely that his sanity will be the subject of an inquiry.

ATKINSON-MELLICK.

AMHERST, Oct. 2.—At the residence of Mr. and Mrs. Jas. S. Atkinson, Miss Marion Atkinson was united in marriage to Arthur Mellick, railway mail clerk. The bride was gowned in white princess lace with white chiffon taffeta and wore a bridal veil. They were unattended.

The bride is very popular here, having taught for two years in the Consolidated school.

Mr. and Mrs. Mellick left on an extended wedding trip.

## FORMER ST. JOHN LADY DEAD IN HALIFAX

HALIFAX, Oct. 2.—The death occurred at her daughter's residence 238 Brunswick street tonight, of Bridget, widow of Charles C. Brown, aged 82 years. She was a native of Ireland and had resided in Halifax for many years. She was a member of the St. John's Ladies' Society and was very popular in the community.

Mrs. Brown resided in St. John for many years and the body will be sent to that city on Friday for interment.

To cure headache in ten minutes use Kummert's Headache Powders, 10 cents.

should have supplied the Synod with more information than that given. He was not afraid to trust the Synod with the management of the institution. He felt there was a tide in the affairs of the Church in this province which was leading to prosperity. Rev. Mr. Campbell said the one point he felt strongly upon would be to have a settlement as that exercised now when the school is under its present owner.

A. H. Hanington approved of the purchase of the institution and then directed the purchase of the Rothessay Collegiate School at a cost not exceeding \$20,000. The resolution was carried unanimously.

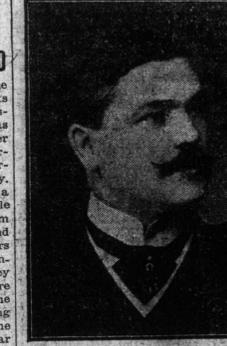

A resolution of appreciation to James F. Robertson was then passed after which the synod adjourned for lunch.

## LEMIEUX WILL GO TO JAPAN

### Nosse Accompanies Him on Immigration Mission.

### Statistics Show That Japanese are Rapidly Becoming Canadian Citizens—Nearly All Naturalized.

OTTAWA, Oct. 2.—It is probable that Hon. Rodolphe Lemieux, Minister of Labor and Postmaster General, will go to Japan as the representative of the Canadian government to discuss immigration questions with Japan. Consul General Nosse will be his companion on

HON. RODOLPHE LEMIEUX.

the trip, and probably an officer of the Canadian government will also go. There is a sentiment in Japan against the employment of foreigners, there which is expected to help the Japanese government toward some curbing of the feeling in British Columbia.

There may be some doubts as to the qualification of the Japanese for assimilation in Canada, but there is no doubt that they show their intention of becoming permanent residents. A comparison of the immigration and the census of the naturalization figures show this. Apparently all who came and resided in Canada for the necessary three years, took out citizenship papers and swore allegiance to the British crown. Returns in the office of the Secretary of State show that 60,747 Japanese in Canada, and only 254 more had arrived by 1905. Not all of these would have been in the country long enough to become naturalized. Previous to 1902, when the old naturalization act was in force, 2,733 Japanese had naturalized; 1902 there were 273, in 1904 52, and in 1905 there were 19, while in 1906 to December 31 there were 296. As it takes three years' residence before naturalization, it will be seen that practically all Japanese who have come have taken advantage of the opportunity to become Canadian citizens.

## RECENT WEDDINGS

ST. STEPHEN, N. B., Oct. 2.—The wedding took place today at the Congregational Church of Miss Caroline Isabel, daughter of Mr. and Mrs. Howard Quincy Boardman, and Herbert Bally Cox of Easton, Pa.

The church was decorated for the occasion with green and white phlox. Promptly at high noon, to the music of a wedding march, played by Mrs. C. E. Swan, the bride party entered the church and marched up the aisle to the altar, where the ceremony was performed by the pastor, Rev. C. G. McCully. The bride wore a beautiful gown of white duchesse satin, trimmed with rose point lace, and carried a bouquet of lilacs of the valley with orchids. She was attended by her sister, Miss Emma and Louise Boardman, who were attired in white organdy and carried bouquets of roses. The matron of honor was Mrs. Geo. S. Hill of Marblehead, Mass., also a sister of the bride, who was gowned in pink enlaid, embroidered trimmings, and carried a bouquet of carnation roses.

The groom was supported by Frank Phillips of New York. The ushers were George S. Hill of Marblehead, Mass., Henry Rowley of New York, Henry Hart of New York, and Fred P. McNichol of St. Stephen. After the ceremony the party returned to the home of the bride, where a wedding breakfast was served to the relatives of the bride and groom, following which a reception was held.

The presents were many and very beautiful. The groom's present to the bride was a diamond and pearl crescent. The out-of-town guests were Mrs. Victoria Cox of Gardiner, mother of the groom; Dr. and Mrs. George S. Hill of Marblehead, Mass.; Mr. and Mrs. Frank Phillips and son of New York; Mrs. Wm. Miller of Massachusetts; Miss Louise Boardman of Toronto, Wash., and Henry Rowley and Henry Hart of New York.

The happy couple left by train tonight for Easton, Pa., where they will make their home.

## ROBINSON-BERRY.

## BIGGER EMPRESSES FOR C.P.R.'S ATLANTIC FLEET

### Empresses of Britain and Ireland Probably Will Go On the Pacific Route—Great Plans Discussed at Annual Meeting of C.P.R. Shareholders Yesterday.

MONTREAL, Oct. 2.—Highly optimistic was the tone of the shareholders at the annual meeting of the Canadian Pacific Railway Company, which took place this afternoon at the head office, Windsor street.

It was a quiet meeting, not a vote of the Pacific, while never and bigger steamers will be added to the Atlantic fleet. While this was not stated so definitely, that was the impression imparted.

The development of the Laurentian branch through the extension of the Northern Colonization Railway was sanctioned, as was also that concerning the lease of the St. Mary's and Western Railway Company, this being a line from St. Marys, Ont., to a point near Embro.

Sanction was also given for the issue of consolidated debenture stock to complete the work which had been begun in the construction of the line from Sudbury to Kleinburg. It had been found that the cost of construction is \$10,000 more than anticipated.

The only other business transacted at the meeting was a change in the by-laws increasing the executive membership from five to six.

Among other things, Sir Thos. Shaughnessy said: "As indicating how widespread is the interest in your property and the confidence in your stock that prevails with investors in Great Britain, on the continent and elsewhere, I might mention that when the books closed for the October dividend there were 11,203 ordinary shareholders whose respective holdings were fifty shares or less, and from information received through banking and security organizations, whose own certificates are outstanding against stock held in trust for clients, I estimate that there are 2,000 other investors of the same class, making in all upwards of 14,000 people whose individual holdings do not exceed fifty shares. Hence it would appear that practically one-third of your entire ordinary share capital is held by less than 15,000 persons."

There is now in the service of the company quite 7,000 officers and employees with a monthly payroll of \$3,700,000, and of the whole number of employees I am safe in saying that 70,000 are located in Canada. Estimated on the ordinary basis of five persons to a family, these would maintain 350,000 souls, or more than one twentieth of the entire population of the Dominion, and if there be added the men in rail and rolling mills, lumber mills, car and locomotive manufactures and other industrial establishments, the number of people engaged in the manufacture of material in large quantities for the purposes of the company, I should say that one fifteenth if not one twentieth of the people of the country directly or indirectly receive their income from the company."

As chairman of the board, Sir William Van Horne presided and called the meeting to order promptly at noon. Sir Thos. Shaughnessy commented upon the features of the annual report, and his remarks were found highly satisfactory by the shareholders.

Sanction was asked for the issue and lease of securities to cover the improvement in the steamship service on the great lakes, as well as to secure the addition of steamers to the Atlantic and Pacific fleets.

From the tenor of the president's remarks it seems likely that the two big Empress steamers now in the Atlantic service will be transferred to
