THE STRUGGLE FOR TOLMINO

Austrian Offensive on the Isonzo River Reported Broken.

Rome, June 8.—A despatch from Tolmino says the sound of a heavy cannonade can be heard on Lake Garda between Rovereto and Riva. The Austrian artillery and forts are reported to have suffered considerably. The despatch adds that the Austrian offensive on the Isonzo seems to have been broken, but that the struggle is still a hard one. The Italians are declared to be shelling the Austrians vigorously from Monte Nero, and to have destroyed, among other things, an important convoy of munitions.

DROPPED BOMBS ON POLA.

The War Office issued the following statement last night: "This morning an Italian destroyer again bombarded Montalione, on the Gulf of Trieste. Three land batteries near Castle Duino replied to the bombardment. One of the batteries was silenced and the castle was burned. The destroyer withdrew without being damaged."

Last night a dirigible passed over Pola again and dropped bombs at points of military importance. The Italian military authorities have issued instructions to ships and airships to spare from injury the remains of the famous Roman Amphitheatre at Pola, the Austrian naval base on the eastern side of the Adriatic. The Italians claim that this location is being used by the Austrians for military purposes; nevertheless, spare to spare it.

The Italian Government has declined to accept the military services of Prince Louis Napoleon Bonaparte because of his feeling of loyalty toward France. Representatives of the former ruling families are forbidden by French law to serve in the army or navy of that country, and for that reason Prince Louis offered his services to Italy when she became an ally of France.

"During the bombardment of Pola by an Italian dirigible balloon May 30, the Austrian warships anchored at the arsenal moved into positions where they could avoid danger. While doing so the battleship Trzherzog Franz Ferdinand, in backing, crashed into a destroyer, tearing a large hole in the side of the smaller craft. The destroyer, quickly sank. The gunnery and crew of the battleship were damaged."

INSPIRED ALLRIGHT

By Special Wire to the Courier.

London, June 8.—A Copenhagen despatch to the Exchange Telegraph Company says: "The Berlin Lokal Anzeiger, in an article evidently inspired, protests against assertions made by Sergius Sazonoff, the Russian foreign minister that Germany is trying secretly to make a separate peace with Russia. The newspaper asserts there is no reason why Germany should seek peace, but that when she has conquered her enemies, they can sue at Berlin for a cessation of hostilities."

PLAN HAS FAILED

By Special Wire to the Courier.

Zurich, via London, June 8.—Efforts to organize a coalition cabinet in Hungary have failed, according to telegrams from Budapest. The opposition leaders, Counts Andrássy, Apponyi and Schöcs, were prepared to cooperate with Count Tisza, the Hungarian premier, who expressed his willingness to take them into the cabinet, but it is explained that the plan failed owing to certain difficulties dating back to the period of old party disputes.

Industrial Conditions Improving

By Special Wire to the Courier.

Paris, June 7.—The industrial situation in France is highly satisfactory and shows a tendency to continued improvement, according to the ministry of labor, who arrives at this conclusion from statistics gathered by government officials.

During April 77 per cent of the industrial establishments were in operation, employing 65 per cent of the normal number of workers. But as a considerable percentage of the working people have been mobilized, the number of employed amounted to only 17 per cent. In many of the large centers, however, such as Rouen, Bordeaux, Toulouse, Lyons, Marseilles and Nantes, unemployment is practically non-existent. The manufacturers are hampered by the difficulty of obtaining all the labor they require.

Industrial activity is less intense at Paris, Dijon, Nancy and the departments of Nord and Pas-de-Calais. Manufacturers in the north and east are making heroic efforts to keep their plants in operation even where there is constant danger of being bombed.

TORONTO CATTLE MARKETS.

Sheep and lambs active with prices firm. Hogs advanced 10 cents. Receipts 624 cattle, 220 calves, 907 hogs, 521 sheep.

Butcher cattle, choice \$8.00 to \$8.35; butcher cattle, medium, \$5.50 to \$7.50; butcher cattle, common, \$6 to \$6.25; butcher cows, choice, \$7 to \$7.25; butcher cows, medium, \$5.50 to \$6.25; butcher cows, canners, \$4.00 to \$4.25; butcher bulls, \$7 to \$7.25; feeding calves, \$7.25 to \$7.50; stockers, light, \$6.75 to \$7.25; stockers, light, \$6.00 to \$6.50; milkers, choice, each \$65 to \$95; springers, \$50 to \$95; sheep, ewes, \$6 to \$6.75; ducks and culls, \$5 to \$5.50; lambs, \$11 to \$13; hogs, fed and weaned, \$9.50 hogs, f.o.b., \$9.25; calves, \$8 to \$10.

FARMER'S INSTITUTES

The North and South Brant Farmers' Institutes held their annual meetings at the Court House on Saturday afternoon. Arrangements were made for the usual winter series of meetings, and directors and officers were elected. In South Brant, the secretaries of Farmers' Clubs and Granges were appointed to the directorate. The officers of North Brant are: Judson Rosebrugh, pres.; Harry Nixon, vice-pres.; and A. W. Patti, secretary, and for South Brant, G. M. Ballachey, pres.; John McKinnon, vice-pres.; and F. E. Malcolm, secretary.

After the business meetings the two institutes joined forces and heard Mr. Geo. A. Putnam, superintendent of institutes explain a plan for the re-organization of the Farmer's Institute. The idea is to work through the local clubs and other farm organizations, having each represented on the directorate, together with representatives from the municipalities and the Womens' Institutes. As it is likely that a Brant County Board of Agriculture will be organized during the coming fall, a committee being at work drafting a constitution, and as it will be formed on much the same plan as that proposed by Mr. Putnam for the re-organized institute, it is thought that this body will be able to undertake the institute work, as well as other in the interests of the farming community.
