Yukon Case Comes Before Election's Committee

Settlement Finally Left to Legal Decision

By Courier Leased Wire Ottawa, May 7.—The Commons committee on privileges and elections was able this morning to proceed with the hearing of the claims of Dr. Alfred Thompson and Fred Congdon as to their right to represent the Yukon in parliament.

Mr. Congdon, who has been hastening to the Yukon to the capital and who was given until today to arrive, was present. He arrived from Dawson City yesterday after exactly three weeks of steady travel.

The chief point at issue is that Mr. Congdon claims that the soldiers' vote should not be counted because it was cast subsequent to nomination day. Mr. Congdon won on the home vote but the soldiers' vote gave Dr. Thompson a majority of 151.

The committee decided to hear Mr. Congdon first. He asserted that his objection to the taking of the soldiers' vote after nomination day was a valid one. Apart from this, he said, the soldiers' vote had been taken in an irregular manner. The receptacles for the taking of the vote were left open for weeks.

A discussion arose as to the right of committee to consider the manner in which the vote was taken. Mr. Congdon maintained that he should be allowed to make specific charges before the committee. He desired to show that 198 soldiers' votes had been illegally taken; that illegal posters had been placed in the polling booths; that soldiers had been compelled to vote in the presence of their officers and that soldiers had been told that conscription was the only issue.

Mr. Tweedie of Calgary, objected to the scope of the committee being widened which would necessitate referring the matter back to the House. He intimated that the opposition had recently received information from the old country as to the soldiers which it was proposed to use before the committee.

Mr. Jacques Brethou said he thought the matter should be settled on its merits, even if it was necessary to ask the House for more power. Hon. Hugh Guthrie, chairman of the committee, ruled that the order of reference to the committee would not allow consideration of the question of the election irregularities.

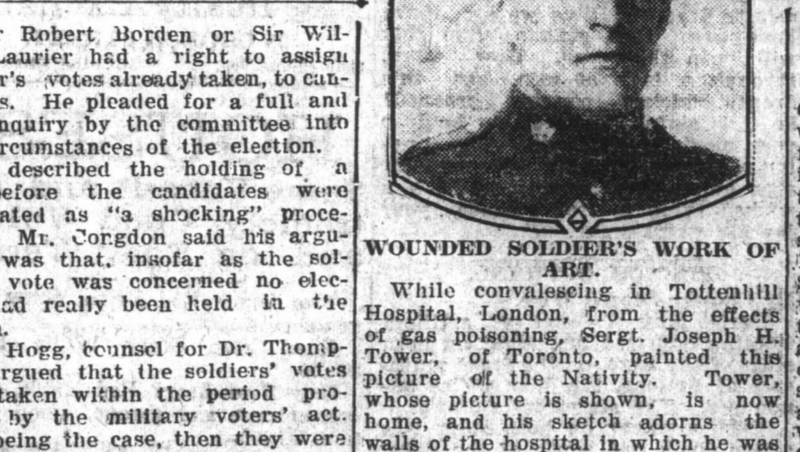

Mr. Devlin moved that Mr. Congdon be allowed to proceed and discuss the all the irregularities. Mr. Guthrie ruled the motion out of order, and Mr. Devlin appealed from the ruling.

The chairman was sustained on a vote of 3 to 7. Mr. Congdon proceeded to criticize the report of the Returning Officer, maintaining that it contained many inaccuracies, his argument being of a technical character. Mr. Congdon asserted that neither Sir Robert Borden or Sir Wilfrid Laurier had a right to assign soldiers' votes already taken, to candidates.

THANKS TO THE STATES

By Courier Leased Wire London, May 8.—(Via Reuter's Limited)—Thanks to the United States Government for valuable assistance given in connection with the supply of silver in India, was expressed by Lord Chelmsford, the Viceroy, at the recent war conference of the members of the vice-regal and provincial councils and of the ruling princes at Delhi, according to a delayed telegram received by Reuter's Limited. The Viceroy invited co-operation in securing success for the coming Indian loan, and said he proposed to consider in conjunction with the legislative council how far it might be feasible for India to increase the direct financial contribution she already has made to the British Government or to assist financially in any other way. He declared that if additional taxation was necessary, there would be no hesitancy in proposing it, and he thought that India would gladly bear it.

Ottawa, May 7.—A legal tribunal will settle the right of Dr. Alfred Thompson or Mr. Fred Congdon to represent the Yukon in parliament after a long sitting of the committee this morning and when a vote was about to be taken, Mr. D. D. McKenzie, Liberal member for Cape Breton, moved that a report be prepared for submission to the Supreme Court of Canada or to any two judges of the Ontario Supreme Court.

In making the motion, he said that this was purely a legal question which the committee as a petition body should not be asked to decide. The vote was then taken and Mr. McKenzie's motion was adopted on a division of 13 to 12.

The vote was on party lines with the exception that Mr. James Douglas, Unionist member for Stathcona, and Mr. Read, Unionist member for MacKenzie, voted with the Liberals.

My remedy, called Mothers' Friend, expels worms, is an excellent Tonic and Builder, good for the Nerves, and is an excellent medicine for Regulating the Bowels; it brings away all flat and small intestinal Worms, is perfectly harmless, and can be given to the smallest infant without fear of doing harm. A lady who is living on Shaw street got a bottle of this medicine for her baby's worms. She said she had no peace with this child night or day for 4 months; the doctor was calling regularly and did not help the child in the least; the little one took a bad spell and was choking, the mother opened his mouth and pulled out a stomach worm that was strangling the child. She rushed over to me and brought the child, also the worm, which measured 2 1/2 inches long, with its head. She purchased a bottle of Mothers' Friend, and the second dose brought away 27 more. She was horrified at the sight and brought the worms to me, which I have here in a bottle in my office, and many others from other happy mothers. So if you think it a good investment to try Mothers' Friend in the city, and 20c extra for postage outside Toronto.
