MADE SUPREME SACRIFICE IN FRANCE.

Particulars of Death of Sergt. Walter A. Brown, Foreman on Advertiser Staff, who enlisted With Highland Brigade.

WALTER A. BROWN

Particulars have now reached us of the death in action of Walter A. Brown, notice of whose death we recently mentioned.

Mr. Brown was born at Canning son of James P. and Bertha Porter Brown. He was 22 years of age last September. The family moved to Kentville about 17 years ago and as a boy Walter joined the staff of The Advertiser. He soon showed his sterling worth and before long had a full knowledge of the mechanical part of the office work and became foreman of the job printing department. He was an excellent workman and practical adviser and by working at odd times became a linotype operator.

He enlisted in the 219th Battalion and trained at Kentville with the Highland Brigade going overseas with it. While in training here he became the mechanical superintendent of "The Highlander" the Brigade Newspaper and made it first class in every particular. He leaves besides his father, two brothers and four sisters:—Albert in France, who enlisted first with the Pioneers, Charles, Linotype Operator at Advertiser Office, Ella, Effie, Vera and Evelyn all at home.

When he went into the trenches he renounced his rank as Sergt. and went as a private.

He was a boy of unusual ability and promise, a member of the Kentville Baptist Church and highly esteemed by all who knew him. It is deeply regretted that such a promising young life has been ended.

A memorial service for deceased will be held in the Kentville Baptist Church on Sunday May 19th.

A comrade, L. B. DeWolfe wrote the following to a lady friend, having found her card in his pocket.

April 6th, 1918.

Mrs. — Enclosed is a piece of paper which I found on Walter's body when he was killed. There was nothing in it and he must have received your box. There is nothing I can say only that he is in a much better place than I am, but I have lost the best pal I ever had. I was standing alongside of him when he was killed, I carried him out.

THE KENTVILLE MUSIC STUDY CLUB.

The usual meeting of the Club was held in St. Clair's Studio on the evening of May 7. We were fortunate in receiving an Edison Machine from The N. H. Phinney Co., who so kindly offered its use for the evening.

The readers can judge for themselves as to quality of programme which was rendered with above exception, as follows:—

back of the line. I have all his things. It is some hard job, a most unpleasant one for me. But what little I can do, I hope it may be a pleasure to some one especially his people at home.

The Father received the following letter dated April 7th, 1918:—

Jas. P. Brown, Esq.
Kentville, N. S.

Dear Mr. Brown: During our last trip up the line your good Son 282785 Pte. Brown, Walter A., made the Supreme Sacrifice, being "Killed in Action" at about 8 A. M. 30/3/18 while on duty in the front line.

It happened during a heavy enemy bombardment of our lines, a high explosive (s. "9") making a direct hit near where he was standing, the concussion and a piece of flying shell hitting him, causing instant death.

It will be most comforting to you, to know, that your son was a true and brave soldier, in comforting words I can say to one of the best, he did his duty so nobly and cheerfully at all times and will be greatly missed by the Battalion.

I was in the trenches at the time, have been hit once, and have had two brothers "Killed in Action" one invalided home, leaving three yet in Active Service in France, so I know how it feels, and fully realize what it means to you Sir! the most comforting words I can say to you is not to be sorry but rather glad that he was delivered from this world, fighting by the authorities.

He was buried back of the lines where he fell near our Battalion Headquarters with Military Honours his personal belongings, what's left of them, will be sent to you in due course by the authorities.

Please accept my sincere sympathy and with best wishes.

Believe Me
Most truly

TO THE ADVERTISER KENTVILLE.

Dear Sir:—

Just a few lines regarding "Man Power" so much discussed at present. The situation is, undoubtedly, serious, men are needed at once overseas and our boys who understand farming are indispensable on the farms. Farming is a scientific business and must be carried out in a scientific manner.

Among the farmers here in Medford and Kingsport there are seven each having a son of military age and with one exception they are their fathers' only help. Those fathers are past the age for doing hard labor that having been left to the sons for the past four or five years.

In view of the fact that those squads empty up every day work begins until the ground freezes up in fall, work from sunrise until sunset and more often it is dusk ere the last chores are finished during the rush of work. I ask you, How can they better serve the Em-

fire? Those farmers have their seeds and fertilizers bought expecting to pay for them with this year's crop.

We are willing to produce, but how can we without efficient help. What will the governments' furnished help know about farming? Probably most of them never saw a farm. I will quote you right here Sir Robert Borden's own words from The Halifax Herald of May 4th page twelve—

"The food crisis is grave and urgent beyond possibility of exaggeration."—Sir Robert Borden. The article goes on to tell us of food production and is signed by the "Canada Food Board."

Ottawa. The inconsistency of it! Asking us to produce and in same breath tell us they are going to take our help from us. It is neither fair nor just to the farmers who seem to get all the hard knocks. Is simply means ruin to Canada and starvation for our Soldiers.

The situation is, no doubt, the same in hundreds of localities in Nova Scotia today and should our boys be taken from their farms then there will be hundreds of acres less cultivated and it will look as though we had Kaiserism in Canada.
