The Acute Pain From Neuralgia.

PERMANENTLY CURED THROUGH THE USE OF DR. WILLIAMS' PINK PILLS

A clever medical writer has said that "Neuralgia is a cry from the nerves for better blood." In other words, neuralgia is not a disease—it is only a symptom, but a very painful one. Neuralgia is the surest sign that your blood is weak, watery and impure, and that your nerves are literally starving. Bad blood is the cause—bad, red blood the only cure. This gives you the real reason why Dr. Williams' Pink Pills cure neuralgia. They are the only medicine that contains in correct proportions the elements needed to make rich, red blood. This new, rich blood reaches the root of the trouble, soothes the tangled nerves, drives away the nagging pain, and braces up your health in other ways as well. In proof of these statements Mrs. A. T. Oulton, Little Shemogue, N. B., says:—"A few years ago my mother was afflicted with neuralgia, which was located in her face, head and shoulders. The pain, especially in her head, was intense. She doctor for some time without getting relief and there seemed to be no ceasing of the pain whatever. Instead it seemed to be extending and her whole nervous system became affected. Finally she decided to try Dr. Williams' Pink Pills. After taking them for a while the pain in her head became less severe, and of course this was a great relief to her. Under the continuing use of Dr. Williams' Pink Pills she grew better and stronger each day until she was no longer a sufferer and was completely cured, and has felt no symptoms of the trouble since."

(FROM MALICK IN KULTURLAND)

"You are old, Father William," the young man said, "And the end of your life is in sight; Yet you're frequently patting your God on the head— Do you think at your age it is right?"

"In my youth," said his sire, "I established my case As a being apart and divine; And I think if I try to keep God in his place, He ought to support me in mine."

"You are old," said the youth, "And fight is exceedingly tiring; And yet you attempt, like an eagle, to soar— What made you so very aspiring?"

"From my youth," said the sage, "I was never the thing; My conduct was always absurd; And now I feel certain, unless I take wing, That Europe will 'give me the bird.'"

"You are old," said the youth, "and a bit double-faced, And your head is too large for your hat; Yet you try to remodel the world to your taste— Pray what is the meaning of that?"

"In my youth," said the sire, "from the day of my birth, Such merit, through culture I got, That its blessings I'd force on the whole blooming earth. It meant killing off all the lot."

"You are old," said the youth, "as I think you're aware; For I'm certainly true that you know it; Yet I see you throw bricks, and not huns, to the bear— Do you think it is tactful to do it?"

"I have answered three questions, and that is enough," said his father, "and now I have done."

Do you think I can listen all day to such stuff? Trot along and steal pictures, my son!"—Ottawa Journal.

She doctor for some time without getting relief and there seemed to be no ceasing of the pain whatever. Instead it seemed to be extending and her whole nervous system became affected. Finally she decided to try Dr. Williams' Pink Pills. After taking them for a while the pain in her head became less severe, and of course this was a great relief to her. Under the continuing use of Dr. Williams' Pink Pills she grew better and stronger each day until she was no longer a sufferer and was completely cured, and has felt no symptoms of the trouble since."

The Acute Pain From Neuralgia.

PERMANENTLY CURED THROUGH THE USE OF DR. WILLIAMS' PINK PILLS

A clever medical writer has said that "Neuralgia is a cry from the nerves for better blood." In other words, neuralgia is not a disease—it is only a symptom, but a very painful one. Neuralgia is the surest sign that your blood is weak, watery and impure, and that your nerves are literally starving. Bad blood is the cause—bad, red blood the only cure. This gives you the real reason why Dr. Williams' Pink Pills cure neuralgia. They are the only medicine that contains in correct proportions the elements needed to make rich, red blood. This new, rich blood reaches the root of the trouble, soothes the tangled nerves, drives away the nagging pain, and braces up your health in other ways as well. In proof of these statements Mrs. A. T. Oulton, Little Shemogue, N. B., says:—"A few years ago my mother was afflicted with neuralgia, which was located in her face, head and shoulders. The pain, especially in her head, was intense. She doctor for some time without getting relief and there seemed to be no ceasing of the pain whatever. Instead it seemed to be extending and her whole nervous system became affected. Finally she decided to try Dr. Williams' Pink Pills. After taking them for a while the pain in her head became less severe, and of course this was a great relief to her.
