Our Canadian Silk Industry Our Canadian Silk Industry is prosperous. The great difficulty to be contended with is the low grade of goods required. In nothing is this more apparent than in the comparatively small article of sewing silks. The great demand in Uanada seems to be for a cheap quality, buyers forgetting that a cheap thread must necessarily be a fine and consequently a weak one. Mesure. Belding, Paul & Oc. make three grades of spool silk; of these different qualities the poorest one has by far the largest sale, at the same time they constantly hear of complaints of poor sewing silk. If ladies will take the trouble to ask for Belding, Paul & Oc's, own brand, and see that their name to on the end of each spool, they will be sure of getting the best made.
