McCall's Patterns.

There is an ever increasing demand for McCall's Patterns. It will pay you to come to our store for them. The display of up-to-date merchandise is well worth your inspection. If you can't come yourself telephone or write for them.

McCall's Magazine 10c.

A recent ruling of the Postmaster General of Canada compels the publishers to affix stamps to the value for each magazine. This necessitates making the price (at the present at least) 10c. a copy, \$1.00 a year. Even at this advanced price it is the best fashion magazine published at any price.

ST. MARY'S DEPT. STORE.

Anything and Everything.

One of Three Things Always Cause RHEUMATISM

Do you know the system rids itself of waste matter through bowels and kidneys? Yes, but by the skin as well.

As a matter of fact, the skin rids the system of more urea than the kidneys do. If the skin, or bowels, or kidneys are unhealthy—they won't throw off enough urea. This urea is changed into uric acid—carried by the blood to joints and nerves—causing Rheumatism.

One never inherits Rheumatism. One does inherit weak kidneys, irregular bowels and bad skin action.

Fruit-A-Tives

will positively cure Rheumatism because they increase the eliminating action of skin, kidneys and bowels—and make these three organs so vigorous and healthy that there can be no urea or waste retained in the system to poison the blood and irritate the nerves.

FRUIT-A-TIVES are fruit juices, combined with tonics—the whole forming the most effective cure for Rheumatism.

50c. a box or 6 boxes for \$2.50. Sent on receipt of price if your druggist does not handle them.

FRUIT-A-TIVES LIMITED OTTAWA.

There is No Temptation For a Woman

to pay high prices for her shoes, after she once wear "Tru-Fit."

Because "Tru-Fit" shoes give her—
—style
—foot comfort
—sturdy wear
and honest service.

A man may hide himself from you in every other way, but he cannot in his work.

Love makes duty sweet.

TO PLAY AT GLACE BAY.

Now Said That Two St. Mary's Players Will Leave For There on Monday.

Writing From Glace Bay One Interested Says Prospects Are Poor.

OTHER LIVE BASEBALL NEWS.

It is now said that Pitcher Ernie Boone and Infielder Frank Hughes will leave for Glace Bay, C. B., on Monday to play ball there. Several telegrams with promises of different kinds have induced the St. Mary's boys to go over.

Just what these young men do makes no great difference to the writer personally, but it does seem that they should go slowly as they want to make sure that the money is in sight before jumping.

Letter From Glace Bay Says There's No Money There and Finnermore is Leaving.

For the protection of these boys and not for the purpose of taking a whack at Glace Bay's prospects it is stated that the writer has received a letter from a person who was deeply interested in baseball at Glace Bay last season, stating that the baseball prospects at Glace Bay this season are very poor. George Finnermore will not stay there and that the trouble is that they have no money.

This letter can be seen by the boys at anytime, should they so desire, by applying to the Sporting Editor.

There has been no baseball played at Cape Breton yet and will hardly be any before June 1st.

Glac Bay Paper Urges Some Action

The Glac Bay Gazette in commenting upon the baseball season in Cape Breton urges action in the following terms:—

"The baseball fans are urging the different teams to get together and form a league. The season is advanced far enough now for to start playing ball. It is pretty evident about what teams are in the league, Glac Bay, Sydney, Dominion, Reservoir and possibly No. 2 and North Sydney. It will be no easy task to arrange a schedule satisfactory to all these teams, so the job is not an easy one. It is undertaken the better. It is said some of the ball players who have come into town are getting restless at the want of exercise, and the followers of the game want accurate information as to who is to compose the Glac Bay players.

Kelly, the American baseball player, who has been at No. 2 for some time, leaves tomorrow for his home. It is reported that he will send back a battery for No. 2 and that No. 2 will apply for admission into the league."

MORE FREE HITTING

Veteran of Many Games Says That It Puts the Fielding Side Up a Tree.

(Montreal Herald)

One of the citizens of Montreal, Tip O'Neill, of the Hoffman Cafe, Notre Dame Street, was a few years ago to the baseball world what Larry Lajoie is now. Tip O'Neill was then a salary equal to that of one of Canada's cabinet ministers, for as a batter, fielder and general, he didn't have an equal. He was an active player when still in his prime but was persuaded to become an umpire, and as a manipulator of the indicator he was in the "Big Hurt" class. The life was too strenuous for him, however, and he came to Montreal and became a popular Boniface. Tip is a big, strong chap who looks as if he could still play the game for more than four apples.

"I do not believe in this sacrifice hitting and bunting," observed Tip to the writer yesterday. "Free hitting is the thing. If ball players were all Willie Keelers it would be different. Pitches never now when they have Wee Willie. He strides up to the plate, grasps his bat near the middle, crouches and has the pitcher at his mercy. If the infielders come in close Keeler laces the ball over their heads and if they remain out he bunts and again he has them. But Keeler is a marvel in that the twirlers never know from the way he stands what he is going to do. When the ordinary ball players step up to the plate, with a man on first, or men on first and second and one or none out, his play nowadays is to sacrifice and the pitcher knows it, the infielders know it and the fans know it. Suppose that batter should disregard all instructions and fool everybody by stepping right into the ball and slamming it hard—not swing at it viciously, but meet it evenly and strongly—where would the team on the field be? Completely at sea. A cracking single would put them up in thirney and a double would doze them. Believe me, I have watched this bunting and sacrificing business for years and I firmly believe that free hitting is infinitely better from every standpoint, but that occupied by the team in the field.

Fans will agree with Tip. They will see their vocal organs ten times as much over a slugging hit than they will over a sickly bunt. Probably if the birds were to take a few lessons from Tip's little book, they would tear up opposing teams most thoroughly and unexpectedly this summer.

AT MONCTON.

Trojans Have Started Play and Art Finnermore is Doing Their Catching.

Baseball has got started at Moncton and evening games are being played but it must be pretty cold playing ball after sunset these days. The boys here would never tackle it and its hard to get good afternoons for practice now.

The Transcript of Thursday says:—The Trojans and a picked team of juniors played a tie game, score 3 to 3, on the High School grounds last evening. Balsew was in the box for the Trojans with Finnermore behind the bat, and Tait, of the Trojan staff, twirled for the juniors.

The Moncton Times states:—The manager of one of the teams in the baseball league has received a communication from a catcher in St. John who desires to play in Moncton. He stated in his letter that the services of a left fielder were also available. Writing of himself, he stated that he had caught for one team for four seasons.

It is said that Stackpole, who formerly played with the Resolutes of Halifax, but is now playing in Merced, Mass., will be seen playing in Moncton during the summer.

The Times also says that it is reported that James Dunlap of St. Joseph's College has received a communication asking him to play for the Y. M. C. C. in the city league.

[Stackpole also pitched at St. John. It is hardly likely, however, that a town league at Moncton could hold him.]

James Dunlap is the Simon pure amateur from Montreal who took a run down from St. Joseph's College last winter to play hockey with Moncton Victorias.]

A dispatch from Moncton says:—MONCTON, May 3.—It was decided to limit the number of imported players which each baseball team in the city league shall carry to two. The question has been an interesting one and this year a number of importations threatened to swamp the league. The league committee also met the M. A. A. and arranged for games to be played on the association grounds. This season the league will play a game every Saturday instead of alternate Saturdays, as heretofore.

If the Tartars get organized the Moncton Trojans will open the season here on May 24th and they ought to be a good attraction.

COLLEGE TEAMS.

U. N. B. Mount A. and St. Joseph's Should Get Together and Play Ball.

Just across the border in Uncle Sam's domain a feature of the life of the thousands of young men attending the colleges is intercollegiate baseball. Matches are played between the different colleges and there is a great deal of rivalry.

There are ball teams this year at U. N. B. Mount Allison and St. Joseph's College and these teams should meet on the diamond.

An exchange says:—The St. Joseph's College baseball team has been having a number of good practices of late and no doubt put a team on the diamond this summer that will surprise many. The line up is said to be as follows: J. Manning catcher, James Dunlap pitcher, N. Landry 1st base, A. McCourt 2nd base, J. Clark 3rd base, Jas. Boyle short stop, while the fielders will be picked from Richard, Champagne, Cormier, Donnelly, Slattery and O'Malley. J. Clark who plays third base, is from New Haven and is a man well up in the game. His playing is very highly spoken of.

ATHLETICS

Arthur Finnermore Matched For 40 Yards Dash With Moncton Sporting Writer

The Moncton Times says that A. Finnermore and E. W. Ferguson have been matched to run a forty yard dash on the M. A. A. field. The winner is to receive a ten dollar gold medal. Finnermore and Ferguson have both started training on a small scale, and both are showing up well. Ferguson has not been running for over a year.

It is somewhat surprising to find Finnermore in such a short dash as 40 yards. While good at 100 he is better at 220 and best, perhaps, at 440 yards.

The St. John Globe commenting on the race says:

Ferguson is a newspaper man and a poet. Finnermore is the manager of Hanson's bowling alleys in Moncton. As an all-around athlete he is well known. Ferguson used to be something of a sprinter a couple of years ago. Indeed, he was able to make some of them travel one or two in the sprint. Some time ago, talking to the Globe, he expressed his intention of getting back on the cinder path again this year. Doubtless his meeting with Finnermore will be interesting.

THE CANADIAN CLUB

Of the Eastern League Sized—Moncton Team Being Strengthened.

The Rochester Post Express says:—Toronto and Montreal clubs appear to have been playing about their strength, and Newark and Baltimore below their real form. But estimates of the Montreal Club will have to be

Red Rose Tea costs no more than other teas

EVERYONE agrees that the best in anything is always the most economical even if it costs more.

But when you can get the best in tea at the same price you pay for inferior teas,

—when you can get that "rich fruity flavor" of Red Rose Tea,

—when you can get all the good qualities of both Indian and Ceylon teas with none of their weaknesses,

—when, in short, you can get Red Rose Tea at the same price as other teas; why not have it?

Red Rose Tea is good Tea

T. H. Estabrooks
St. John, N.B., Toronto, Winnipeg

Nothing is better to drink than

Cowan's Perfection Cocoa

(Maple Leaf Label)

It is nutritious, easily digested, and makes people robust and strong.

THE COWAN CO. LTD., TORONTO.

32 Ounces of Fine Whisky

Every bottle of "Red Wheat" contains a full quart. It is bottled in bond, under Government supervision, and is put up in 32-ounce bottles.

"Red Wheat" Whisky

gives full measure in quality as well as quantity. It is a fine old whisky—aged in the wood to bring out its delicate flavor. The Government stamp on every bottle proves the purity and age of "Red Wheat" Whisky.

ROYAL DISTILLERY, Hamilton, Canada

Home Decorations

Everybody intending to tint or decorate his walls this spring certainly ought to know about

CHURCH'S ALABASTINE

the modern sanitary wall covering. It won't rub off like kalsomine, contains no arsenical poisoning like wall-paper, and being porous, lets the walls breathe, which is essential to pure air in a room. It costs little—does much. Sold in packages only. Comes in white and twenty tints. Simply add cold water and it's ready for use.

If your decorator is too busy to do your work, do it yourself. Our free booklet will tell you how. Get ALABASTINE at your hardware or paint dealers. The "little church" on the label of every package.

THE ALABASTINE COMPANY, LIMITED - PARIS, ONT.

revised owing to the fact that Griffith, of the New York Americans, has begun to unload his surplus Highlanders to Montreal.

He has already given them Pitchers Whalen and Keefe, and the former won his game for the Royals on Saturday and the latter did the same yesterday. Within a week fans may expect to see either Yeager, Laporte or Moriarity pass to be a Royal shortstop. Moriarity is the likeliest to go.

Griffith has six outfielders, of whom Conroy, Doherty and Keeler will likely be the regulars. He will no doubt keep Hahn as utility man, but Hoffman and Frank Delahanty will likely be given to Montreal. With these additions the Royals should be a first division team.

Small Towns in Baseball

The St. John Globe rises to remark that:—One of the oddities of baseball is seen by the fact that Hudson, with

10,000 population, won the championship of the Hudson River league for 1906 over Paterson, with 100,000, Newburg with 30,000, Poughkeepsie with 25,000 and Kingston with 25,000. The Hudson team's superiority is plainly shown by the fact that it was in first place 91 days out of 125.

That is often the case. In the Tri-State League where the cities are pretty large Coatsville, a real village, butted in in 1905 with a team backed by millions. The population of the suburbs, which is sometimes enormous, is what helps the attendance at these small towns.

N. B. JUDGES

Will Be Required to Retire When Age Limit is Reached.

OTTAWA, May 4.—It is understood the government intends introducing a bill giving effect to the judicature act passed at the last session of the New Brunswick legislature. It will make compulsory the retirement of judges who have reached the age limit.

Repeated resistance to the slightest physical expression of emotions must end in making self-control easy.
