Wiggins. The particulars received by telebeen received intelligence at all corresponding with what was anticipated from the startling utterances of the Ottawa seer, who predicted "one of the greatest storms that has occurred in the memory of any one now living." In England on the Ottawa sets at large of the mater of the now lonely Athol House is manifested throughout the community, not by residents in the place only, but pendent setsignate region of the Restignation of the Restignation of the Restignation of the Restignation of the Beathern was to be the salvation of the country and in promulgating this thought, the ex-Premier became judge, jury, prosecuting attorney and the independent spectator. He was a lobbyist for it, a member of the House to vote for with a dangerous inclination of the lungs.

An enthusiastic student of chemistry living." In England on the 9th while lately experimenting with chlorine there was a heavy gale; the tide in the Clyde was remarkably low, and ous fames. In fact, he may be said to several vessels were aground. The Hull fishing fleet suffered seriously, indicate of the vessels returning to eighteen of the vessels returning to respondent's items ceased to irritate his Hull in a damaged condition; twelve proud and sensitive spirit? of the boats lost a number of their crews, three foundered, one with all

hands. It is also reported that the Yarmouth fishing fleet sustained cousiderable injury during the same gale.

From various other points reports have been received of heavy gales, but none so serious as the gale which siderable injury during the same gale. prevailed on the coast of Newfound-landlast Wednesday, (which Wiggins claimed at the time was the precursor of 10th ult., from the Lower St. Law-rence, Nova Scotia, and New Brunswick ports. The Board of trade returns for claimed at the time was the precursor of the great storm) said to be the severest experienced for twenty five years. Saturday's heavy gale was pretty general. In New York harbor the docks and shipping were severely month since by 9,482 loads. Sweden and Norway are over 10,000 loads behind the docks and shipping were severely the docks and shipping were severely and amusing, and should Mr. Campbell again visit Newcastle, he will draw a much larger audience. As it was, the exception is from British North America, which exceeds that of a twelvemonth since by 9,482 loads. Sweden and Norway are over 10,000 loads behind the docks and shipping were severely the docks and ship land also suffered severely. All January, 1882, Russia more than 3,000, along the Atlantic coast the storm
was pretty severe.

Wiggins has rewas pretty severe.

PERSONAL.—Mr. H. N. Malloy, who

Owing to inclement weather, the atendance at Mr. Campbell's lecture night was not as large as expected. Those who were there, however, were very much pleased with the lecturer's account of a trip covering between twenty and thirty thousand miles, based as it is upon personal observation. This comshown on the canvass, was evidence enough of how much they enjoyed it. fhe entertainment was both instructive and amusing, and should Mr. Campbell recently sent to employees:—

last evening. He will visit points in Restigouche as follows:—Armstrong Brook, March 15th, Louison Brook 16th. New Mills 17th, Charlo 19th, Dalhousie Brakesmen and Switch nen. New Mills 17th, Charlo 19th, Dalhousie Will probably be at Campbellton on the 22nd, and will visit Head of the Tide if the necessary encouragement is concealment."

Tide if the necessary encouragement is concealment."

System was merely a matter of tuss will be held responsible for any neglect or and feathers. This was wholly unjustifiable, for it was highly important to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to aid in carrying out this order, and they are given to a contract the given th given.

# Carnivals at Campbellton.

There is to be a Carnival at Campbellon on the 15th inst., when prizes of \$5 each to the lady and gentleman appear-ing with the best original costume will be awarded, the spectators to have the privilege of selecting the prize winners, by ballot. Ticket holders, in costume,
