THE MASSACRE OF GENERAL MACRO.
NEW YORK, Dec. 16.—It appears from the talk among the Cubans in this city that an effort will be made to bring to this country Gen. Miro, the only patriot who escaped from the slaughter of December 7, when Gen. Macao fell. The information of the escape of Gen. Miro is regarded by the patriots here as trustworthy and his whereabouts are known. He is said to have been a witness to the manner of Gen. Macao's death and to pronounce it a deliberate murder under a flag of truce. James E. McBride, a prominent member of the Bar, and one of the leading Populists in Michigan, has issued the following notice:—All Michigan people who wish to free Cuba and annex the island to the United States, and forever shut Spain out of American territory, please report at my office this week. (Signed) James E. McBride. Mr. McBride, speaking of his move in aid of Cuba, said:—I will have 1,000 men ready to march to Cuba by the end of the present week. Arrangements have been made to take the men to points on the Florida coast in companies of 20 or more and ship them to Cuba. Nearly a thousand Cuban sympathizers had a mass meeting in Butte, Montana, last night, at which speeches were delivered and resolutions adopted urging Congress to recognize the independence of Cuba, and denouncing the Spaniards. A subscription list has been started among the medical fraternity of St. Paul, Minn., for the purpose of purchasing medicinal supplies for the sick and wounded in Cuba. There was an enthusiastic meeting in the Lexington, Ky., Court House, last night, called by Mayor Simrall, to take action regarding the Cuban revolution. Ex-Mayor Division and other prominent citizens made strong speeches favoring Cuba and advocating the intervention of the United States. After the meeting adjourned a Spanish flag was burned on the Court House steps, amid much enthusiasm. Capt. Latour, Commandant of the State Guard, informed the meeting that he had forty men ready to go to Cuba at 24 hours' notice. A military company of fifty Cuban sympathizers has been formed at Portsmouth, N. H., including several members of the Ohio National Guard and five veterans from the first company of Lincoln's first call for troops. A regiment will be recruited in this County. Cuban sympathizers in Baltimore contemplate the organization of a branch of the Cuban revolution. This is said to be part of a plan to locate organizations of this character in every city of any size in the United States.

TO FIGHT FOR CUBAN INDEPENDENCE.
INDIANAPOLIS, Ind., Dec. 15.—The Cuban Junta has established several recruiting offices in this State and an effort will be made to take at least 1,000 men from Indiana to fight for Cuban independence. The Iowa Cuban Junta proposes a regiment of Iowa troops if Mexico can be found to get them transported. One Camp of Sons of Veterans in South-West Iowa has proposed to enlist practically in a body and there is one company of National Guards, whose name is not known. Pains and delight on the part of a number of persons want to go for service and several ladies have volunteered as nurses. Agents of the Cuban Junta are actively at work at Laporte, Ind., recruiting recruits for service in the insurgent army. The statement is made that a company of 100 young men have been secured in Northern Indiana. Armed to the teeth and equipped for war, a company of 300 men with cannon and camp utensils, will leave Denver, Col., in a few days to cast their lot with the Cuban insurgents. Two hundred of the men give up lucrative positions. Eighty-five men, well up in drill, left Boston, Mass., last night for Cuba, where they will fight in the insurgent army. They were in command of Louis Marshall of East Boston, who is a Corporal in the United Army during the rebellion.

THE MASSACRE OF GENERAL MACRO.
NEW YORK, Dec. 16.—It appears from the talk among the Cubans in this city that an effort will be made to bring to this country Gen. Miro, the only patriot who escaped from the slaughter of December 7, when Gen. Macao fell. The information of the escape of Gen. Miro is regarded by the patriots here as trustworthy and his whereabouts are known. He is said to have been a witness to the manner of Gen. Macao's death and to pronounce it a deliberate murder under a flag of truce. James E. McBride, a prominent member of the Bar, and one of the leading Populists in Michigan, has issued the following notice:—All Michigan people who wish to free Cuba and annex the island to the United States, and forever shut Spain out of American territory, please report at my office this week. (Signed) James E. McBride. Mr. McBride, speaking of his move in aid of Cuba, said:—I will have 1,000 men ready to march to Cuba by the end of the present week. Arrangements have been made to take the men to points on the Florida coast in companies of 20 or more and ship them to Cuba. Nearly a thousand Cuban sympathizers had a mass meeting in Butte, Montana, last night, at which speeches were delivered and resolutions adopted urging Congress to recognize the independence of Cuba, and denouncing the Spaniards. A subscription list has been started among the medical fraternity of St. Paul, Minn., for the purpose of purchasing medicinal supplies for the sick and wounded in Cuba. There was an enthusiastic meeting in the Lexington, Ky., Court House, last night, called by Mayor Simrall, to take action regarding the Cuban revolution. Ex-Mayor Division and other prominent citizens made strong speeches favoring Cuba and advocating the intervention of the United States. After the meeting adjourned a Spanish flag was burned on the Court House steps, amid much enthusiasm. Capt. Latour, Commandant of the State Guard, informed the meeting that he had forty men ready to go to Cuba at 24 hours' notice. A military company of fifty Cuban sympathizers has been formed at Portsmouth, N. H., including several members of the Ohio National Guard and five veterans from the first company of Lincoln's first call for troops. A regiment will be recruited in this County. Cuban sympathizers in Baltimore contemplate the organization of a branch of the Cuban revolution. This is said to be part of a plan to locate organizations of this character in every city of any size in the United States.

The statement is made that a company of 100 young men have been secured in Northern Indiana.
