and the site, Mr. Southam, the donor, will withdraw his offer, and that he would be quite justified in doing so. There has been two years of squabbling over the site now.

Chairman Peregrine, of the committee in charge of the reorganization of the City Engineer's department, will call a meeting before the end of the week, when the aldermen will pick from the large number of applicants the man they believe will fill the bill of city engineer, and recommend him to the Council. Mr. Barrow's friends say it is a shame what will happen to the recommendation when the full Council deals with it. J. W. Tyrrell and Andrew F. McCallum seem to be the men who have the call for the position.

Chairman Sweeney this morning was unable to make an appointment with the officials of the Street Railway Company. He says, however, that arrangements will be made at once for a sub-committee to thresh out the details of the new offer with Col. Gibson and General Manager Hawkins. As soon as this is done the conference committee will give its verdict, and the matter will be finally dealt with at the next Council meeting.

At a joint meeting yesterday afternoon of the Finance Committee, representatives from the Board of Education, Parks Board, and the ladies' committee in charge of the arrangements for the unveiling of the Queen Victoria Memorial Statue, the programme for the Victoria Day celebration and the entertainment of the Governor-General, Earl Grey, was mapped out. It is expected that His Excellency will arrive here in his special car at 10:25 in the morning, and will be met by a reception committee. Mayor Stewart is to welcome him as he steps from the train. The party will drive around the city in automobiles until the time of the unveiling, which is scheduled for 11:30. It is expected that this will occupy about half an hour, as the speech-making will be limited to His Excellency and the Mayor. Philippe Hebert, the sculptor, will probably say a few words.

Lieut.-Col. Moore and Lieut.-Col. Logie, the commanding officers of the infantry corps, were added to the general committee. A sub-committee, consisting of the Mayor, Ald. Bailey, Trustee Ward, Chairman Paine, of the Parks Board, A. Robinson and Ald. Nicholson was appointed to make arrangements for the luncheon and the other details. It is proposed to have all the troops turn out. It is probable that 300 school children, under Prof. Johnson, will be stationed inside the core and sing patriotic songs during the unveiling. A platform will be erected in front of the statue for the guests.

Relief Officer McMenemy was notified this morning that the Dominion Immigration Department has issued an order for the deportation of James Paxton, his wife and child. The husband and wife have incurable diseases, the latter being blind. They are anxious to return to the old country and Inspector Boston will likely be here this week for them. During the leaving the Relief Officer has had at least a dozen families and several single people deported.

The following building permits have been issued:

W. Webb, two brick houses, Maplefield avenue, for Mrs. Geiger, \$5,500.

E. B. Patterson, brick house on Wellington street south, for Dr. Thompson, \$3,000.

C. Reid, frame house on Sanford avenue, between Cannon and Barton streets, \$1,200.

Thomas Stephenson, brick house, Charlton avenue, between Locke and Kent streets, \$1,600.

C. Roach, brick house on Arthur avenue, between King and Wilson street, \$1,800.

City Engineer Barrow says that the Jolley Cut will be anything but a jolly cut unless repairs are made at once. Another portion of the bank has slipped down the hill. A gang of men will be put at work there this week cutting the new walk.

F. L. Somerville, consulting engineer, formerly connor, of Grand Trunk, who made application here for the position of City Engineer, is also an applicant for the position of Superintendent of Queen Victoria Park, Niagara Falls, made vacant by the appointment of James Wilson as Superintendent of Parks in Toronto.

After the Council meeting last night Chairman Jutten and the members of the Sewers Committee had a long conference with representatives of the company from which the city expected to purchase the late trenching machine. It looks as if the deal might be called off, because the company wants part of the money as soon as the machine is shipped. The city refuses to pay anything until the test is made.

The Parks Board will meet on Wednesday night.

SAVED HIS HORSES

After a Hard Struggle in Which He Risked His Life.

(Special Despatch to the Times.)
Guelph, Ont., May 12.—By entering his barn last night when the whole structure was practically a mass of flames, Daniel Bailey, an implement agent, of this city, rescued his four horses. The rescue was only effected after a difficult struggle with the animals in the flames and smoke. Mr. Bailey then struggled out, utterly exhausted. So hot had been the flames that a couple of the horses had their hair straps burned off. The barn was destroyed and some implements lost. Sparks from a passing train are supposed to have been the cause.

TEA TABLE GOSSIP.

—W. H. Seymour, who was operated on for appendicitis some time ago, is greatly improved.

—Complaints have been made to the police regarding members of a gang who hang around the corner of Main street and Ferguson avenue.

—Mrs. John McElaffie, of Oaklands, California, and her little daughter, are visiting her parents, Mr. and Mrs. James Mathews, Ontario avenue.

—Rev. Dr. Lyle and Sir Thomas Taylor will speak to-morrow on "Augmentation" at the annual meeting of the Presbyterian Synod of Toronto.

—J. Hetherington Smith, arrested here on several charges of swindling people, will commence practice this evening. Practice will be held every evening commencing at 6 o'clock. Prospects are bright for a successful year. Any new cricketers in the city will be welcome at the grounds any evening.

—The first match will be played on Saturday afternoon next at the Cricket Grounds with the Hamilton Club. The club will play at Brantford on May 23rd, and on Victoria Day will go to Toronto for an all day game with the St. Clement's Club.

—Elliott G. Stevenson, Supreme Chief Ranger of the Independent Order of Foresters, will address a meeting of the members of that organization on Friday evening, May 22, in Association Hall.

—William Walsh, son of Police Sergeant Walsh, was taken to the City Hospital yesterday suffering with appendicitis. An operation was performed by Dr. Jas. White, and the young man is reported to be improving.

—The fire department were called out about 2 o'clock this afternoon to the Landed Bank and Loan Company's new building at James and Main streets, where some beams on the top flat were on fire. The damage was small.

—Balbriggan underwear specials at seventy-five cents and one dollar a suit, at waugh's post office opposite. Summer natural wool underwear seventy-five cents a garment. Merino finish and velvet finish underwear fifty cents, at waugh's.

—Wednesday evening, May 13, not Thursday evening, is the time for the annual public meeting of the Hamilton Branch Bible Society. Rev. Dr. Pierson, of New York, and Rev. Dr. Tovell, of this city, will speak. The meeting will be held in Association Hall at 8 p. m.

—Mrs. A. Gillard, No. 95 Ferguson avenue south, and Mrs. M. J. Green, Greenwood, Grace and Edith MacNab street north, were on the ocean liner, Ottawa, which was in a collision in the Gulf of St. Lawrence, which is reported in another column.

—Three prisoners were taken to the county court this morning to have their cases tried before Judge Monck, but the court was unable to proceed, owing to the fact that Crown Attorney Washington was out of the city, and acting crown attorney was busy at the police court. John and Alfred Larner were remanded until the general jail delivery, and Geo. White will come up on Tuesday next.

FIDDLER'S GREEN.

Happy Celebration of Marriage of Mr. Jerry Smith.

Fiddler's Green, the picturesque Ansonville Village, was the scene of much merrymaking last night. It leaked out that on Thursday last Mr. Jerry Smith, a well known and well liked resident, who was supposed to be a confirmed bachelor, had married a popular young lady of the village, Miss Lether Draper. Early last evening a chivari party of over 100 people, including young and elderly ladies, young and old men, called at Mr. Smith's beautiful home to extend congratulations and wish the bride and groom much happiness. The party was received in the same good natured way as it went and Mr. Smith provided for an ice-cream supper for all, to be held at an early date.

The Sunday school of the White Brick Church is in splendid condition under Mr. Geo. Book, superintendent, and Mr. F. Reinke, sen. It has a large attendance and is doing excellent work.

Mr. Charles Pottruff has settled on the beautiful farm which he recently purchased from Mr. Fred. Reinke, jun. Mr. Fred. Reinke, jun., who has retired from farming, has settled in the village of Ancaster.

Mr. Wm. Olmsted has had a fine fence put around his lot.

Seeding is finished in this section. Crop prospects are very good indeed, for both fruit and grain.

THAT MOTTO.

Washington, May 12.—The Senate Committee on Finance to-day unanimously voted to report the bill already passed by the House providing for the permanent restoration of the words "In God We Trust" to the gold and silver coins of the United States. The motto was taken off the coins by order of the President.

The Fact That Thre Are

Many new brown shades in men's suits, that are shown only by Fralick & Co., and that show more makes and styles than any two stores in the city, assures you of a satisfactory selection. Prices \$10 to \$24.—Fralick & Co., 13 and 15 James street north.

There is no use running. To set out in time is the main point.—La Fontaine.

SOME LATE SPORTING ITEMS

Manager Hubert, of the Hamilton Lacrosse Club, received word this morning from lacrosse magnates in Elora, to the effect that Elora is willing to enter the senior series of the C.L.A. A meeting of the senior committee of the association will be held there to-morrow night. If St. Catharines declines to come in, the series will be arranged without the kickers.

The Sons of England Cricket Club has again arranged for the use of the Cricket Grounds this season, and will commence practice this evening. Practice will be held every evening commencing at 6 o'clock. Prospects are bright for a successful year. Any new cricketers in the city will be welcome at the grounds any evening.

The first match will be played on Saturday afternoon next at the Cricket Grounds with the Hamilton Club. The club will play at Brantford on May 23rd, and on Victoria Day will go to Toronto for an all day game with the St. Clement's Club.

QUEBEC TRIP

Likely to be Placed In Hands of Commissioners.

So far as can be learned, it is the intention of the Militia Department to turn the whole business of having the troops at Quebec over to the Battle-field Commission, and that body will have the ordering of what regiments they want represented at the tercentenary celebration. It has been found that the battlefield at the present time will accommodate only about 12,000 men, at the outside. It is thought that with the city regiments that the Commission will likely invite there will be enough men to make an excellent showing.

At the interview which the representatives of the Hamilton and Toronto regiments had with Sir Frederick Borden yesterday, he intimated to the officers that he had promised the Government to keep the expenditure within the limits he had placed at the beginning, and that it was not his intention to go over the mark. The rural regiments will go to their training camps as usual this year, and the city regiments that are invited will also receive their training pay, the Government paying their transportation and subsistence. The Government also authorized the transportation by boat of the Hamilton and Toronto Regiments, for the trip.

Lieut.-Col. Logie of the Ninety-first, and Lieut.-Col. Moore, of the Thirteenth, attended the conference.

OBITUARY.

Funerals Yesterday—Death of Former Glanford Man.

The funeral of Walter Paterson Sturt took place yesterday afternoon at 2:30 o'clock from his late residence, 467 King street east. Rev. John Young conducted the services at the house and grave. The pall-bearers were: Mr. Thomas Kilvington, Mr. F. R. Newberry, Mr. William Newport, Mr. George Black, Mr. C. Fearman and Mr. George LeKiche. The floral tributes were many and beautiful.

FISH TREATY

To Stop the Catching of Fish With Seines of Canadians.

St. Albans, Vt., May 12.—U. S. Senator John W. Stewart has announced to persons in this state who petitioned him to use his influence to have the seining of fish in the waters of Lake Champlain by Canadians stopped, and that the matter will be adjusted to their satisfaction under the terms of a treaty agreed upon by Secretary of State Root, and the United States, and Ambassador James Bryce, acting for Canada and which awaits ratification by the Great Britain and United States Governments before it becomes operative. The chief objection which the United States have had to practicing seining by Canadians, has been the great depreciation of the supply of young fish placed in the lake from the hatcheries located in the United States side, resulting from the use of nets.

The Judge of the Land.
"But these poems appear to be mediocre," remarked the blunt editor, "they are second-class."

"I'll leave it to the highest authority in the land that they are first-class," retorted the pretty verse scribbler, indignantly.

"Indeed, miss. And may I ask whom you consider the highest authority in the land?"

"Why, Uncle Sam. Doesn't he charge me 2 cents a notice for all the poems I send out? Isn't that first-class matter?" —Chicago News.

Found Tooth.
Laporte, Ind., May 12.—A gold crowned tooth has been found in the debris of the Guinness house. It is believed to be from the head of Mrs. Belle Guinness.

SEALED TENDERS

addressed to the undersigned, and endorsed "Tender for St. Andrew's Rapids, Quebec, Man." will be received at this office until 4:30 p. m. on Wednesday, July 8, 1908, for the construction of bridge, repair shop, etc., at St. Andrew's Rapids, Red River, Province of Manitoba. Plans and specifications can be seen at this department; at the offices of Mr. A. R. McFadden, resident engineer of the department at Winnipeg; Mr. J. G. Sing, Resident Engineer, Confederation Life Building, Toronto; Mr. C. Desjardins, clerk of works, Post Office, Montreal, and Mr. Ph. Beland, clerk of works, Post Office, Quebec. Form of tender can also be obtained at the above mentioned places.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

The contractor will be required to conform to regulations to be made by the Governor General in Council, respecting the accommodation, medical treatment and sanitary protection of the working men employed on the work.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p. c.) of the amount of the tender.

The first match will be played on Saturday afternoon next at the Cricket Grounds with the Hamilton Club. The club will play at Brantford on May 23rd, and on Victoria Day will go to Toronto for an all day game with the St. Clement's Club.

By order, FRED. GELINAS, Secretary.

FRIEND OF BIRDS.

Bill in Lords to Stop Importation of Plumage.

London, May 12.—With the object of checking the wanton slaughter of birds, Lord Avebury (Sir John Lubbock) introduced a bill in the House of Lords to-day prohibiting the importation of plumage, except that of certain species of birds set forth in the bill. Lord Avebury pointed out that this measure was framed on the same lines as the New York State law on the same subject. It enacts heavy penalties for contravention of the law.

In a memorandum attached to the bill Lord Avebury says that unless the British Parliament follows the example of the New York Legislature, the extinction of the most of the beautiful species of bird life is only a question of time.
