

INDIAN ON THE WARPATH.

Navajo, Indian War Chief, Runs Amuck at Cincinnati.

With a Yell He Fatally Cut and Slashed a Woman

And Wounded a Man—Spectators Overpowered Him.

Cincinnati, Feb. 22.—With an ear-splitting warwhoop, a Navajo Indian war chief ran amuck in the Union Station yesterday and fatally stabbed and cut Mrs. Anna Devord, of Huntington, W. Va., and Max Meyers, of Cincinnati, and seriously wounded Joseph W. Gordon, of Cambridge, Ill.

The Navajo, with four Sioux chiefs from Kansas, alighted from a crowded Chesapeake & Ohio train. As the passengers stepped from the train the Indian, with a yell, drew a long knife and started through the crowd, slashing right and left.

Mrs. Devord was walking along the station platform with a child in her arms. The Indian had buried the blade in her back, and then slashed her across the body and arms. She fell insensible to the platform. The child was not hurt.

After the Indian had attacked Gordon and Meyers, the passengers rushed on the madman and hurled him prostrate to the platform. He was taken in charge by the police.

The Indian, who had been to Washington to see the Secretary of the Interior, was taken while on the train, passengers say, but he evinced no signs of frenzy until the passengers were leaving the train.

G.T.R. MEN'S TRIAL.

Manslaughter Cases at Guelph Over Harrison Accident.

(Special Despatch to the Times.)

Guelph, Feb. 22.—A great deal of interest is being taken in the manslaughter charges, which are to be heard at the Assizes here this week, against the six Stratford trainmen who formed the crew of the freight train which caused the head-on collision at Harrison, when two lives were lost. The court opens this afternoon and besides the manslaughter count the jury will also consider breach of jury, negligence, etc., as alternate charges. There are many witnesses to be heard and the men will be called upon to testify against one another. The counsel are, N. Jeffrey, Guelph; J. W. Makins, Stratford, and T. C. Robinette, Toronto, will assist in pleading the case of Conductor Fleming.

CANADA'S VALUE.

Britain Would Not Spend \$5 to Hold Her, Says Lecturer.

New York, Feb. 22.—"In case of emergency Great Britain would not spend \$5 to hold Canada and Australia as her colonies," said Dean I. W. Russell, of the university law school, in a speech before the People's Institute last night. "As a matter of fact, England has found the United States a much more profitable friend of hers as a separate nation than as a vassal, and she might not be unwilling to lose the Dominion and the antipodes on the same ground."

ICE PALACE.

Weather Too Hot For the Montreal Winter Carnival.

Montreal, Que., Feb. 22.—The winter carnival, which was held here from the 10th to the 12th of this month, has proven a failure. The weather was so mild that the ice palace collapsed. Fortunately no one was injured. The spring-like rains spoiled the torchlight procession and balloon ascension. Citizens here suggest that in future attention be paid to sports not dependent upon cold weather.

SYLVIA'S WEDDING.

Hetty Green's Daughter May be Married To-morrow.

New York, Feb. 22.—The World declares itself to have learned from an excellent authority that the much talked of marriage of Miss Sylvia Green, daughter of Mrs. Hetty Green, to Matthew Astor Wilks, of this city, is to be celebrated to-morrow morning. When a reporter called at Mrs. Green's home in Hoboken last night, she declined to either affirm or deny the report.

ANOTHER WARNING.

Six Persons Crushed to Death in Moving Picture Panic.

Tulla, Russia, Feb. 22.—Six persons were crushed to death and thirty were seriously injured here to-day during a fire panic in a moving picture theatre. The film of a machine caught fire, starting a rush of spectators for the exits.

Preservation.

A beautiful set of teeth is one of nature's best gifts. It is up to you to keep them beautiful, which you can easily do by using a good tooth brush and Parke's Thymol Footh Paste. This paste is an antiseptic and cleaning preparation which keeps the tartar and decay from the teeth, 15 and 25c per cake. Parke & Parke, druggists.

PRINCE AND PRINCESS FERDINAND,

Now Czar and Czarina of Bulgaria.

Ferdinand was received in Prussia at the funeral of Grand Duke Vladimir as an independent sovereign.

CATHOLICS AND SECRET SOCIETIES

The Subject Dealt With Again in the Lenten Announcements.

The remarks made by His Grace Archbishop McEvay recently when addressing the Catholic Mutual Benefit Society in Toronto, and a hint from the pulpit in St. Mary's Cathedral yesterday, have caused local members of the Knights of Columbus to almost abandon hope of getting the church authorities here to sanction the organization of a council in the archdiocese, of which Hamilton is a part, and it is said that the advisability of carrying an appeal to Rome is being seriously considered by those who are anxious to see the order established here. The idea is to get prominent Catholics in Toronto, Hamilton, London, St. Catharines and other parts of the archdiocese to join in a petition to His Holiness the Pope. It is said that the highest church dignitaries in the States approve of the order, and that many of them belong to it. In Hamilton there are about thirty members of the Knights of Columbus associated with different councils scattered throughout the country. The society has long been knocking at the door here, but has always been barred.

Condemning secret societies in connection with the annual Lenten announcements in St. Mary's Cathedral yesterday morning, Rev. Dean Mahoney, the rector, at the high mass, called the attention of the faithful to the secret organizations on which the church had placed the ban of excommunication. He declared, "No Catholic, he declared, could join these societies and remain a Catholic in the proper sense of the word. The church, he said, had no quarrel with those of other denominations, who were free to join those societies if they saw fit, but Catholics who joined them cut themselves off from the church by their own action. They must choose between the church and the society. The Catholic who became a member of these organizations, he declared, committed spiritual suicide. While not naming the Knights of Columbus, there is every reason to believe that it was the order to which the speaker referred when he spoke of societies composed exclusively of Catholics, which did not have the approval of the church authorities here; societies which insisted on appointing their own chaplain. This was a religious office, and the appointment should rest with the church authorities. No Catholic society had a right to organize as such without the sanction and approval of the bishop. The application must be made in the regular way to the head of the diocese, and await his approval. Catholics were also warned against attending public amusements during the Lenten season. Parents were advised to exercise supervision over the literature read by their children, and regret was expressed that the papers and public libraries were often filled with literature calculated to poison the faith and morals of young people. Satisfaction was expressed that afternoon funerals for adults has practically become a thing of the past with Catholics, and that the old custom of flowers at funerals was being abolished and replaced by spiritual bouquets—flowers that never fade.

VOICE FROM PEW.

Eulogy of Roosevelt Interrupted in New York Church.

New York, Feb. 22.—"I make a point of order!" was the interrupting cry that came from an excited man in the body of St. Bartholomew Church on Madison Avenue yesterday while Rev. Percy Stickney Grant was lauding President Roosevelt in a sermon to the Sons of the Revolution. The occasion was the nineteenth annual church service of the society.

Mr. Grant had just referred to President Roosevelt as one of the four great presidents when the interruption came. All eyes sought the individual who had made the objection, but few saw him, as he did not rise to his feet. Instantly there were cries of "Be quiet!" "Get out!" and a score of hisses. The would-be objector took heed of the cries and subsided, the incident ending right there. Rev. Mr. Grant quietly continued with his eulogy.

SEEKS \$200 DAMAGES.

Chisholm & Logie issued a writ this morning, in the county court, against the Hamilton Gas Light Company, on behalf of R. J. Cox, for \$200 damages for personal injuries. On December 23rd last, Cox was unloading a car of coal at the company's yards. While the coal, which conveys the coal from the car to the pile, was in midair, a lump of coal weighing about 75 pounds, fell and struck him on the head, inflicting serious injuries, which laid him up for some time.

Baby in Box

New York, Feb. 22.—A fine, healthy boy about five days old, was found in a confessional box yesterday afternoon in St. Joseph's Roman Catholic Church.

The Rev. Father Doyle was baptizing some children at the time and the baby was taken to him and baptized with the name of Michael Joseph. The youngster was taken into the priest's house and the police were called. The baby was taken by them to Bellevue.

SHOT CONSTABLE.

Berlin, Ont., Lad May Recover From His Wounds.

Olean, N. Y., Feb. 22.—Nelson Dessler, who killed Police Captain Hassett yesterday morning, rallied well after an operation at the General Hospital last night, and the doctors say he will recover unless gangrene sets in. Three bullets were removed from his abdomen, but none of the intestines, it is stated, were pierced. The fourth bullet, which had pierced his thigh, was found in his shoe.

Paid \$100 For a Cat

Beamsville, Feb. 22.—Mr. A. E. Field-Marshall, one of the most expert judges of cats in the United States and Canada, returned to his home here on Saturday night after a record judging tour. In a little over a month he travelled twelve thousand miles, and awarded the ribbons among two thousand pussies in the shows of Los Angeles and San Francisco, Cal., Grand Rapids, Boston, Chicago, Cleveland and Columbus. The clubs of five cities across the line have already engaged the services of Mr. Marshall for next winter, although they have set no dates as yet for their shows. On his way through Detroit Mr. Marshall purchased for \$100 a champion brown Persian tabby from Mrs. Harvey, a well-known fancier, who is going to the State of Kansas to live.

"I found the liveliest interest imaginable, more so than at any other time, among cat fanciers. It is taking a very strong hold, and I expect in a few years to see the number of exhibits equal to the dog shows," said Mr. Marshall. The largest show this judge had on his circuit the past season was the one at Syracuse.

THE MAN IN OVERALLS

"The Earl's Mistake."

Our new story will be begun on Thursday. It is a pure, fresh love story, with enough of incident to give it the proper snap and go.

Does the Public Library Board want its full pound of flesh, too? I suppose so.

If we don't get any ice off the bay this winter, what will the girls do for ice cream next summer? Any answer?

Allen Studholme is still the champion Marathon talker in the Legislature, Joe Downey being a poor second.

Just as Inspector Birrell thought he had everything running smoothly in his department, up jumps the Spectator and demands his head on a charger, just as if it were doing the Salome dance.

Never let a day pass without doing something to help the other fellow. If you only knew how some people hunger for a little encouragement, and how much good it may do!

Our new story, "The Earl's Mistake," is one that will certainly please our lady readers. There is not a dull or questionable line in it, begins on Thursday. Look out for it.

I sometimes wonder if the minister really means and believes all he says on Sundays. Do you?

What's the sense in filling in the Coal Oil Inlet when it might be sold as a go-penny concern as a swimming hole?

Don't be afraid, Mr. Champ. Go up and speak to the boys you think belong to the Labor men.

We are certainly much obliged to those civic officials who graciously state that they will wait another year before asking for a "raise." It will give us time to earn the money to pay them.

I notice also that phonographs are taking the place of musicians, and pianos go by steam or some other motive power.

This is the night the City Engineer will have to fight for his life. Hear his defence.

Wiping out the school fees did not help the working man any. Those who own their houses will have to make it up in their taxes and those who do not will have to pay it in their rent.

Don't you think a Labor man ought to have a position on the Industrial Committee? Sometimes firms ask questions as to the labor situation.

Perhaps if the City Hallers were properly unionized they could dictate terms to the employers as to the scale of wages they wanted.

Better see what Whitney can do about technical education before you ask Sir Wilfrid for assistance. What does Whitney do with all the money he gets from friend Laurier?

Now let us have an early closing movement this spring. Both the bosses and the clerks will be all the better of it.

By way of boosting business and incidentally the city, I would suggest that the factories and foundries get a gait on.

Irish Twist Tobacco.

Genuine imported Irish black twist tobacco in the original roll is sold in this city at peace's cigar store. The Irish twist costs 10 cents at the headquarters, 107 King Street East.

JACK THE RIPPER.

Berlin, Feb. 22.—In a continuance of the so-called "Jack the Ripper" attacks a woman, who had previously been stabbed on Feb. 16th, was slightly wounded in the thigh this morning. The "ripper" escaped.

The monthly parlor meeting of Central C. T. U. will be held at the residence of Mrs. Overholt, 85 Victoria Avenue North, to-morrow afternoon.

WILL ASK COUNCIL TO BE SPECIFIC.

City Engineer Barrow Will Demand to be Heard in His Own Defence.

The chief feature of to-night's Council meeting will be the recommendation of the special committee that A. B. McCallum, of Toronto, be appointed city engineer. Opinion is divided to-day as to what the result will be, although City Engineer Barrow's friends are satisfied that he has more than a fighting chance. They base this on the fact that those who favor reorganization are divided as to who the new man shall be. Mayor McLaren this morning refused to propose, but he declared that in his opinion the people should turn out of office every alderman who votes to retain Mr. Barrow. "It is not right," he said, "to ask me to take the people's money and try and give them results with a department run in such a slipshod manner as is the engineering department. I want to give the people results. If the treasurer's department was run like the engineer's department with such a want of control and with so little apparent interest, how long would the people stand for it? What difference is it when it is the engineer's department? I believe there is a crying need for a change, and that 75 per cent. of the people demand it."

Mr. Barrow will probably ask permission to-night to address the Council. If it is granted he will demand that the specific reasons for which his scalp is being sought shall be set forth. The engineer's friends say that in the fight to oust him all kinds of generalities have been indulged in, but no straight charges have been made.

About the only other matter that there is likely to be much discussion over to-night is the question of calling for tenders for the civic fuel supply. The Fuel Committee will recommend that the present arrangement be continued, and Mayor McLaren will support it. Some of the aldermen think, however, that tenders should be asked for, and there may be a lively debate. There may be some objection to raising the tax rate to twenty-one mills, but the majority of the Council is committed to it. An effort may also be made to bowdlerize the salary increases, but a majority of the aldermen are also said to be committed to granting them. As the Council is not likely to decide to-night to submit the plebiscite to the people on the power question, there should be no discussion over it. The new street railway agreement, providing for the reconstruction of the roadbed, will likely be approved without objection.

The Board of Education has sold the old Hugbison Street School, which was recently closed, to the Ferguson Avenue Baptist Church, for \$2,100, the reserve bid. It is understood that the building will be remodelled for church purposes.

Secretary Foster, of the Board of Education, has received a telegram from Dr. Pyne, Minister of Education, saying that he will be pleased to meet the department.

ACCUSED OF STEALING IT.

McCarthy and Rock Alleged to be Jewelry Thieves.

Foreigner Accused of Using Knife in Street Row.

Regular Blue-Monday List at Police Court This Morning.

Police Court, this morning, was a regular blue Monday affair, and the dock and backbenches were filled by a sleepy looking crowd. For the first Monday in a long time there were no women in the dock and Magistrate Jelfs commented favorably on this. Two young men of respectable families were arrested on Sunday morning on a charge of theft, at Niagara Falls, Ontario, by P. C. McNamara. They were brought back here by Detective Campbell last evening, and this morning appeared at court. The pair are Thomas McCarthy, 174 MacNab street north, a young man who has been in trouble of a serious nature before, and Edward Rock, Market Square, and the charge against them is that they stole \$193 worth of jewelry from the Canada supply Co., on Saturday. The police state that the young men had a duplicate key to the office of the company, a jewelry concern at 90 1/2 King street east. To Detective Campbell the men were alleged to have stolen the theft and said they were drunk at the time. The way the local police got wise to the pair was through reports that they were attempting to dispose of jewelry on James street on Saturday night. They were both drunk but were wise enough to skidoo before the police arrived. The police immediately notified the surrounding towns of the names and descriptions of the men, and they were nabbed as they got off a train at the Falls yesterday morning. Chief Mains notified the local police at once, and Detective Campbell went after the men. The police believe the lads hid a lot of the jewelry in this city before leaving, and all that was found on the pair was a lady's gold watch in one of their pockets. This morning at court they were granted a remand till Friday. George S. Katz, K. C., appeared for them. "John Toner, K. C.," called Sergt. Moore, and this pair stood

(Continued on Page 10.)

CAUGHT SIX.

Sunday Fish Spearers Fined But Money Returned.

Game and Fishery Inspector Kerr was busy on the bay yesterday, and arrested six men, accusing them of spearing without licenses. He made the rounds of all the huts and looked into several tips he had received, with the result that the half dozen were nabbed. This morning four of them were fined \$5 each by the inspector himself, and the other two will get a like dose when they appear. The names of the six are Bert Duckworth and Robert Norton, Dundas; W. Clendenning, Niagara Falls; C. C. Moore, York street; W. Potter, 110 Hugbison street north, and W. Franks, foot of Catharine street.

The two Dundas men did not appear this morning, but the others pleaded guilty and paid their fines. They also took out licenses. The fines were given back to them later, and entered on the books as "suspended," owing to this being their first offence. The inspector and his son had to pry Potter's house over before they could get at him. The spears were all seized, the houses locked and the keys seized, but they were given to the men this morning when they took out licenses.

TWO DEATHS

Of Respected Residents of the Fruit Section.

(Special Despatch to the Times.) Beamsville, Feb. 22.—Two respected residents of the fruit section have been called away. Rev. W. J. Andrews, a retired clergyman, and one of the largest fruit growers in Clinton Township, whose fruit farm is about two miles north of Beamsville, on the lake shore, died yesterday. He came from England with his family about ten years ago. Mr. Andrews was 62 years of age, and leaves a widow, two sons and three daughters.

Mr. J. B. Grobb, of Camden, 60 years of age, died yesterday. He was night mail carrier between Beamsville and Camden, and was very highly respected.

EARLY START.

Gurney-Tilden Company Hopes to Begin This Week.

Although the wages question is still unsettled, some of the stove firms in this city are making preparations to re-open their shops. The Gurney-Tilden Company expects to make a start on Thursday of this week. It will be in a small way only, but the intention is to increase the output without much delay until the shop is running at full capacity.

The foundrymen have received no official word from the men, and the union has received no further proposition. The intention of the foundrymen, when they open, is to work on the old scale, but with no bonuses, according to their late proposition.

An advertisement for moulders for Hamilton is running in one of the Toronto papers.

BISHOP SWEENEY

Will be Consecrated as Bishop of Toronto on March 25th.

Ottawa, Ont., Feb. 22.—The new Bishop of the Anglican Diocese of Toronto, the Venerable Archbishop Sweeney, will be consecrated in his new position on March 25 next. This is the decision of the Bishop of Ottawa, senior bishop, whose duty it was to decide this.

Mr. and Mrs. P. D. Crerar will return from Kingston this evening. Their son, H. D., who was so severely injured last Thursday, has sufficiently recovered to be able to travel, and they will bring him home with them.

RACE RIOT IN OMAHA.

Crowd Averages Murder of Policeman by Greek.

Buildings Wrecked in Greek Quarter and Many Free Fights.

Row and Cry of "Kill the Greeks" in Kansas City.

Omaha, Neb., Feb. 22.—Bent on avenging the murder of Patrolman Edward Lowery, who was shot on Friday night by a Greek prisoner, some 3,000 men and boys yesterday partly wrecked thirty buildings in the Greek quarter of South Omaha and created a riot, during which two boys were wounded with birdshot and a dozen other persons were injured with the missiles of various sorts used in smashing buildings occupied by Greeks.

The riots followed a mass meeting at which two State legislators and an attorney harangued the crowd. The police were helpless for almost three hours to disperse the rioters, and Greek residents and business men, with their wives and children, fled in panic from the quarter attacked while the mob wrecked vengeance on property, hurling stones and bricks through windows and destroying the stocks of the stores. The mob assaulted many Italians and Roumanians, who were mistaken for Greeks. The police finally called in sufficient numbers to surround every home and business place of the Greeks, but it was nearly impossible to keep back the crowd.

MANY WERE HURT.

Omaha, Neb., Feb. 22.—The disorders which took place in the Greek quarter of South Omaha on Sunday afternoon did not subside until an early hour this morning and the roll of casualties is five persons suffering with gunshot wounds, eleven Greeks so badly beaten that they were taken to hospitals for treatment, and about fifteen other persons suffering from assaults or as the result of misdirected missiles intended for the Greeks on whom the wrath of the horde was centred.

No estimate can be placed on the financial loss resulting from the destruction of property by the mob. Not less than five shops of importance were almost wholly wrecked while sixteen smaller ones escaped serious damage only because of their smallness. The last of the rioters was not seen until four o'clock, and at that time Chief of Police Briggs and Sheriff Brailley began to collect their forces in the packing house districts where it was anticipated trouble would occur in the event that the Greeks attempted to return to work as usual.

Last night's riot developed the fact that nearly every Greek in the city is armed. In not less than six instances did they show themselves prepared to defend their rights and fired into the crowds indiscriminately. Fortunately none of the shootings was serious. It was sufficiently severe, however, to raise the wrath of the mob even higher than before, and especial vengeance was wrought by the crowds at places where the Greeks showed a display of firearms.

By morning nearly fifty people had been taken by the police to the police station and booked for disturbing the peace. At one time, early in the evening, an immense crowd gathered around police headquarters and only a display of firearms by the officers prevented a successful attempt to force their way into the building.

TROUBLE IN KANSAS.

Kansas City, Mo., Feb. 22.—Following a quarrel in Kansas City, Kan., yesterday, between a Greek laborer and an American, a general fight occurred and four men were painfully hurt. Fifty Greeks were attacked by a crowd of six hundred men and women armed with sticks and stones. Thirty Greeks and two Americans were arrested.

The trouble began when Wesley C. Root, a laborer, and a Greek met on a sidewalk. A dispute as to which should step aside followed. David Hendricks, a restaurant keeper, saw Root struggling with the Greek and ran to them. Several Greeks came to the assistance of their countryman. Presently a shot was fired and a crowd gathered, crying "Kill the Greeks." The Greeks drew knives and the Americans drew stones. A riot call brought a dozen policemen, but it was not until a second call was turned in that the trouble stopped.

NEW TERMS.

Street Railway Men Will Submit Changes to Company.

The Street Railwaymen's Union held a meeting on Saturday night, and it was decided to prepare a new agreement to be submitted to the company. The old agreement, which has been in force since the strike, expires on the 1st of April, and the men are anxious for a few changes. The younger men want a change in their shifts, and a slight increase will likely be asked for.

SMALL FIRE.

A pot of grease caught fire at the Waldorf Hotel kitchen yesterday shortly before noon. The fire department was called out, but was not needed. No damage was done.

A small fire at 3:30 this morning at the residence of G. T. Burgoyne, 189 Sanford Avenue North, was discovered by the tenants, who were awakened by the smoke. The blaze was from an overheated furnace, and did little damage, burning the cushions and carpets in a small area.

SAFETY DEPOSIT BOXES

To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.
