Tug Relief.

The Machinery on board the Relief was being removed this week, to be put into a shed for the winter. We understand that the boat will undergo immediate repairs, and that she will be remodelled. However, she will be ready to enter into active work in the spring.

Bargains are to be had at the wharves al present. There were 3 or 4 dozen pigs sold this week; prices ranging from 2 to 45 dollars. Cabbages were purchased for \$0.50 per dozen. Butter 20 cts. per lb. Caraquet Herring was sold for \$4.25 pr. bbl. The price for Cod. fish is lowering, this week it ranged from \$4.00 to \$2.50. There were 405 head of Cattle out of one schooner sold for \$13 per head: and later on there were 12 head sold at the average price of \$10.50

A despatch from J. J. Fox, Esq., Agt. of Norwegian Lloyds, dated House Harbor, Magdellan Islands, Oct. 18th. says: Barque "Tonni" is dismasted, stranded and sunk decks to water here.

This last trip was her second to Chatham this year; in infirst she loaded at Snowball's and her last load was from Guy, Bevan & Co.

Potato Boom.

The rush for potatoes in the St. John market for shipment to the States is immense, agents from the States have scoured P. E. Island, so much so, that the Island coasters cannot get cargoes for their usual winter ports. It is astonishing that buyers do not come to Chatham. 1,000 to 2,000 barrels could be got here without trouble. Prices paying in St. John for potatoes are \$1.60 to \$2.00 per barrel.

Messrs. Clark and Loggie started from Chatham for the Tabusintac beaches on a goose shooting expedition on the morning of Thursday last and returned this morning. They report lots of geese and brant but the wind unfavorable. During the two days they were on the ground they shot 6 geese and 18 brant. We return Mr. Clark many thanks for a fine fat goose

During the storm of Tuesday night last, a schooner, name unknown, from Grand Ance to P. E. I. loaded with grindstones, while trying to enter Mc-Leans Gulley, Escuiminac, struck and went to pieces. Not a vestage of her is now to be seen. Crew saved with what they stood in. Part of the cargo has been fished up, and is now sold among the inhabitants to raise money to take the crew home.

A'andone!

The pilot boat coming in from sea last Tuesday morning, struck a rock on the point of Portage Island, when she began to leak and the sea beat so heavily upon her that the men on board, four in number, had to abandon her as they had no means of fastening neither could they control her in any way, having lost their anchor anchor chain, and rudder. They left her at 10 a. m. on Tuesday and when she had been 20 hours alone was picked up by the "Princess Louise" at 6 o'clock on Wednesday. The latter towed the wreck and also brought her crew to Chatham. The "Empress" is now undergoing repairs.
