It is cut in 5 sizes, 6, 8, 10, 12, 14 years and requires 41/2 yards of 44 inch material for the 12 year

A Group of Practical Models Set of Sleeves

In renovating last season's gowns and waists, it is sometimes necessary to make over the sleeve. In the designs here shown we have two up-to-date models, that may be made in full length or % style, and with long or shorter cuff. The bishop sleeve is most practical for shirt waists and house gowns, while the puff sleeve is very desirable for dressy waists. The pattern is cut in 3 sizes: Small, Medium and Large. It requires 11/2 yards of 24 inch material for one pair of sleeves in Bishop Style; 1 % yards for Sleeves with Deep Cuff; 1% yards for % Sleeves with Band Cuff or for Puff Sleeve. An Outer Cove Man Drowned

Wednesday a message reache Outer Cove from New York stating that a young man of that place had been drowned at the pogle fishery. The message which was dated 23rd inst. gave no particulars and was re ceived by Rev. M. J. Clarke, P. P. Torbay. Both the parents of the deceased are dead and he is mourned by one sister. Father Clarke broke the sad news to Mrs. Kinsella an aunt of the deceased who in turn informed her niece of her brothers fate and she, poor girl, is since prostrated from grief. The deceased who was in his 21st year was a very quiet, unassuming chap and a fine able athletic fellow. This was his first year to go pogle fishing. He heretofore worked at Bell Island where he made good wages. He was well known in St. John's and his friends here will learn with sorrow of his death.
