THE LIMIT.

Editor Evening Telegram.

Dear Sir.—Things are lively in this ancient town since Magistrate Scott took charge of the expenditure of Marine and other public moneys. During the spring and early summer he had several heady men working on the Coastal Wharf. These men spent weeks fiddling around at odd jobs, painting, tarring and hooking the dirt of the seams of the decking; and as a finishing touch the carpenter lately made four "Park Seats" thus turning our coastal wharf into an evening resort for the young men and maidens of the town, to lounge away their idle time. Maybe if Magistrate Scott continues to control the expenditure and an up-to-date Agricultural year he will have some earth hauled to the coastal wharf, and then invite one of the Agriculture Commissioners to have the dirt nicely troweled in between the "dump heads" and then sow some flower seeds therein, so that the young ladies and gents can supply themselves with perfumed bouquets at government expense. That will be something worthy an obliging magistrate an up-to-date Agricultural Marine Department; and it goes without saying that our magistrate is always happy in the creation of something fresh.

Magistrate Scott has also had a "park seat" provided for the long iron bridge, which spans Shoal Tickle. This is also a new accommodation, for young and old, on our public thoroughfare; and while the seat may prove a menace to wheel traffic that doesn't matter so long as a magistrate has marine money to spend.

In the course of time our Magistrate may have seats provided all along our main streets so that our tired and care worn pedestrians can sit and smoke, chew and crack jokes, and cast admiring glances at hobbie skirts as they waddle by. There may be some who regard those seats, on our thoroughfare, as a public nuisance, but it may be that, in his zeal, our Magistrate might have forgotten that section of the Public Nuisance Act which disallows obstacles on the King's Highway.

Has the Minister of Marine and Fisheries, Mr. Piccott, "gone back" on his fishermen friends? He doesn't seem to consider of sufficient importance and honesty our fishermen and penitence of marine money, so that they could get the five or ten per cent. commission, but lavishes these favors upon our well paid Magistrate. One would think that Mr. Piccott, of all others, would show some interest in the fishermen and laboring classes, and less love for magistrates, when he has some marine money to give out. However, Mr. Piccott, in ignoring the fishermen and laboring classes is preparing a cutting whip for the government, which no doubt the leader, and members of the opposition, will not fail to use when the proper time comes.

By the way, what is our local member, Mr. Roberts, and Mr. Clift doing politically these days? Are they laying in a stock of ammunition for the battle of 1913? Or are they wondering what the "Fishermen's Protective Union" will do? I hope they are laying in ammunition for the time to come. They used what they had, to good advantage, in the spring election of 1909, and for their encouragement I would like to say here that no Tory Party (not even self-baptised "People's Party") can tear the ground from under the feet of the present Liberal members in this District. Sir Robert Bond and his colleagues, have faced and beaten, hitherto, the best men their opponents could send to this District, and they can do the same again; for we electors, in Green Bay, are not like political "weather-cocks." Even the old Tories here will not again be deceived by the promises of Tory Candidates. No not even if they rebaptise themselves by another tempting name. Not even a "white-washed" limb of Justice need apply.

We see that the Editor of the News is poking fun at the editor of the "Twillingate Sun," and "Billy" is soft enough to republish the News remarks. Mr. Robinson says "Mr. Temple is an able writer." You cruel man. If Mr. Temple is an able writer the Sun doesn't show it, but rather the Sun exhibits crippled English, poor spelling, bad grammar, and is

made up partly of low, slang phrases; and that all its readers know. Who ever saw an able editorial in the Sun since Temple bought it? Why the paper is the laughing stock of this community, and Mr. Temple and the Sun have no more influence politically or otherwise, in this community, than "Fit Simmons" that promanaded here in days of yore.

Mr. Temple said, in the Sun, on Saturday last, that the Liberal Government "squandered money here" in days gone by. But he did not tell us the amount that the Morris Government squandered on him, the present year for publishing the debates of the Houses for last session. Or rather I might say for not publishing the debates, for if you will look up the Sun's of 1912 you will see when those debates were commenced, the amount published, and when finished. Then ask one of our representatives to enquire the amount that "Billy" was paid out of the public treasury and you will know what squandering is now being done. It reminds me of the press that was imported here in the spring of 1909 to print the ballot papers "cheap."

Thanking you, Mr. Editor, for space in the People's paper, I am,

Yours, very truly,

HARBOR ROCK.

Twillingate, September 10, 1912.

Tastes nice.

C.L.B. Parade.

Yesterday afternoon the Church Lads Brigade, under command of Lt. Col. Rendell, paraded to Divine Service at St. Thomas's church. The battalion, headed by their brass band, which enlivened the parade by the selections discoursed, left their armoury and proceeded via Herby Road, Queen's Road, Bond Street and Church Street to the church where service was conducted by Rev. Mr. Clayton, who also preached an able sermon. After the service ranks were reformed and the church boys in front under the feet of the present Liberal members in this District. Sir Robert Bond and his colleagues, have faced and beaten, hitherto, the best men their opponents could send to this District, and they can do the same again; for we electors, in Green Bay, are not like political "weather-cocks." Even the old Tories here will not again be deceived by the promises of Tory Candidates. No not even if they rebaptise themselves by another tempting name. Bishop's Ship Returns

FROM MISSION CRUISE.

The church ship Amazon reached port at noon yesterday after a cruise of two months on the West Coast of the island doing missionary work. The ship called at Piacenta before coming to St. John's. His Lordship Bishop Jones during the mission visited the churches at places where the Amazon went and received a great number of people into the church. In the early part of the cruise while in a dense fog, in the vicinity of Port aux Basques, the yacht was nearly cut down by an unknown steamer. It was fortunate, however, the accident was averted, but had the accident occurred the result would be untold.

Serious Accident at Harbor Grace.

From parties who arrived from Harbor Grace, we learn of a serious accident which occurred at a waterfront premises in the Bay Metropolis, on Friday evening last. The victim is Michael Delaney, aged 55 and who belongs to Piacenta. Delaney was employed as an engineer in the whale factory, for which the whaler Port Saunders is operating and which is owned by the Reid Mfd. Co. He was engaged arranging some pulleys and shafting for the fat machines which are used for grinding and manufacturing the fat of the whales into oil, when by some means his clothing got caught in one of the belts, with the result that his body was drawn in and brought round the shafting several times before being extricated. When the machinery was stopped Delaney was picked up in an apparently lifeless condition and did not regain consciousness for several hours afterwards. Our informant tells us that the engineer is very seriously injured and grave fears are held out for his recovery. Delaney is married and has a large family.

ST. PETERSBURG, Sept. 15. The Harbin Manchuria correspondent of the Novev Vremya says that Mongolia is being subjected to Chinese horrors resembling the atrocities perpetrated by savage hordes in the middle ages. The Chinese troops are massacring women and children to witness the natural increase of the Mongolians, while adults are being roasted alive over slow fires. Six thousand Chinese troops are preparing to continue these atrocities throughout the winter according to this correspondent.

LONDON, Sept. 15. The Times understands that the British and American consuls in the Congo district are conjointly engaged in an extensive tour of the Upper Congo for the purpose of reporting to their respective governments upon the general situation of the country. Upon the nature of their report, says the Times, will largely depend the action of the two governments with regard to the formal recognition of Belgian annexation. Reforms have been in operation for two years in one part and another, while in an especial manner in a third zone other reforms were inaugurated in July last. The problem which will engage the attention of the consuls is the legislative measures of the Belgian Government are being applied in practice. That the general condition of the Congo has vastly improved is acknowledged on all sides.

Special Evening Telegram.

NEW YORK, Sept. 15. A cable to the Tribune from London says that the probable future as a dependency of the United States has a prominent position in the Morning Post. A gentleman, closely connected with Jamaica says, so far as the sentimental side is concerned it is unfortunately true that the younger generation of whites and the educated negroes believe that the prosperity of the island lies in the direction of commercial union with the States, and even political union is regarded with complacency, unless Britain adopts a policy of colonial preference, and by assisting the West Indies. The increasing production of sugar, coffee, cocoa, etc., offers no alternative to the ever increasing cry for association with the States, and this is being fostered by political union, or at least closer connection with Canada. Additional impetus to the movement towards the States may arise from the completion of the Panama Canal. Old West India planters say that American sentiment is only natural, but judicious treasury would restore the allegiance of Jamaicans to Britain.

Adventure Back. On Second Thought.

The S. S. Adventure, Capt. Couch, arrived from Hudson Bay waters early yesterday morning. Her charter with Revillon Freres lasted two months and to ask what she shall do. She should thank her lucky stars. That's what she should do. Of all the excuses for killing a man a chorus girl probably is the poorest. If the man loves the woman who makes it he will find rhabarbar pie comparatively painless. The animus often is more interesting than the thing itself. Most of the men who have tried to say the most difficult thing about marriage is keeping in step with the wedding march. In New York it is still considered comedy's top note, but in the one night stands the nightly spectacle of Lew Fields choking Joe Weber no longer is considered the joke it once was. It often is difficult for a son to maintain the standard established by his father. Jesse James died with his boots on and a play exploiting his adventures subsequently was written. But his son was recently subjected to the humiliation of being sued for divorce. Not all of the heroes wear epaulets. There, for instance, is the man who bows his back at hard labor ten hours every working day. A man enjoys being chased a little by the women, but he hates to be run down.

FISHERY NEWS NORTH.—According to reports received by the Prospero poor fishing is being had north. The continuous stormy weather is a hindrance to fishermen both in catching and curing the fish.

Prospero Back.

The S.S. Prospero, Capt. Keen, arrived from northern ports at nine o'clock last night, bringing the owners and the wrecked crews belonging to the schooners Maud, of Indian Islands, B. B.; Adventure, of Indian Arm, B. B.; and Sweet Briar, of S. W. Arm, Notre Dame Bay, which were abandoned in the Belle Isle Straits. On the night of the 6th inst. a hurricane raged causing much destruction and in which five vessels, three of those referred and two others at Green Islands were badly battered and totally wrecked. The crews of the Maud, Adventure and Sweet Briar had a terrific experience but managed to reach an island near Belle Isle where the Prospero, which was ordered to the scene, picked them up. On the way south the Prospero landed the men at the places they belonged. The crew of the schooner Sweet Briar were landed at Quirpon and saved a good deal of their fish. The ship brought one-half cargo and over twenty passengers.

Resolutions of Sympathy

At the monthly meeting of St. Joseph's Institute, the following Resolutions were passed, and ordered to be placed upon the minutes:—
Whereas, it has pleased Almighty God, in His Divine Wisdom to remove from our midst, by death, two of our most highly esteemed members, John Martin and John Egan, and whilst bowing in humble submission to God's Holy Will, we have to regret the loss of two such zealous workers in forwarding the objects of our Institute. In both cases, though in humble walks of life, they were types of an ideal Christian manhood and good citizenship, and it is therefore
Resolved, that we tender to the widow and family of our deceased brother member, John Martin, our sincere sympathy with them in their hour of sad affliction.
Resolved, that we likewise tender to the widow and family of our deceased brother member, John Egan, an earnest assurance of our sympathy in the sad bereavement which has befallen them, and in an especial manner do we wish to convey to his aged and respected mother, our heartfelt condolence with her in the bitterness of the grief that enshrouds the evening of her life.
Resolved, that copies of these resolutions be forwarded to the families of our lately deceased brother members, and also to the daily papers for publication.

JOHN W. HAYES, Sec.

At Cochrane Street Church.

The pastor of Cochrane Street Church, the Rev. C. A. Whitemarsh, M.A., B.D., was "at home" to his own congregation at both services yesterday. There was a large gathering present especially at the evening service, who were very helpful and timely discourse was given on "The purpose of the Church of God: is it being realized?" The sermon was full of thought and especially suitable to the time in which we are living and was pronounced one of the best delivered by the reverend gentleman since his taking up the pastorate by this church. At the close of the regular service, a twenty minutes service of song was held in which all the congregation joined heartily in the singing of a number of well known hymns. Miss Vincent sang the solo in the anthem, "I heard the voice of Jesus say," and Mr. C. Hatcher, rendered "The Angel's Song."

Lord's Day Alliance.

In the British Hall last night an interesting meeting of the Lord's Day Alliance was held. His Lordship Bishop Jones delivered a very eloquent address in which he reviewed the work already done by the alliance. His Lordship was followed by Mr. Wigle, a Canadian clergyman who made a most fluent address. Rev. Dr. Curtis in his kindly way and very eloquently proposed a vote of thanks which was seconded by Rev. J. T. Brinton and carried by acclamation. It was interesting to note that people of all denominations attended the service.
