Had Eczema Thirty Years.

Cured by Zam-Buk.

Mr. Joseph Johnson, 584 Broome St., New York, writes: "Overy twenty years ago eczema appeared on my hands and face. I went to a doctor, but his treatment afforded only temporary relief. Finding medical attention and treatment of little avail I commenced to try first one and then another of the so-called remedies which were recommended, but for over twenty years I suffered from this painful, humiliating disease. During this time I spent hundreds of dollars and all I got was temporary relief. At last Zam-Buk was suggested to me; I decided to give it a trial, but did not expect a cure.

The first few applications proved this remedy entirely different to the scores of preparations I had used in vain. Persistence with Zam-Buk and Zam-Buk Soap, I am more than glad to say, has effected a complete cure.

"Zam-Buk is beyond all question a marvellous preparation and I most heartily recommend it to all sufferers from eczema."

"Think of it, suffering day in and day out for twenty years! Think of the grip this disease must have had on the entire system! Think of the healing power of Zam-Buk which despite its long-standing nature of the disease, effected a cure! How much more easily and more quickly the cure could have been effected had Zam-Buk been applied at the outset!

If you suffer from any skin disease or injury, piles, ulcer, abscess, rheumatism or sciatica, take this lesson to heart. Try Zam-Buk first and give it a fair trial.

At all druggists and stores, or post-paid from Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25. Zam-Buk Soap, 25c. tablet. Send 1c. stamp, this ad. and name of paper, and we will mail you free sample of Zam-Buk.

Mrs. Harris's Musicle.

Mrs. James Harris wishes to acknowledge the receipt of \$101.30, the amount realized at the Musicle, held at her residence on Thursday afternoon in aid of "Our Own Regiment." The success of the affair was due to the untiring efforts of all, who so willingly assisted, and also to Mrs. Baxter, under whose able management the musical programme proved so brilliant a success. The artists, whose names have already appeared, were never heard to better advantage. The songs of Messrs. Huskins and Cairns were much appreciated.

"Nothing; I've about given up trying to cure it."  
"That is not wise. Do as I did and you will probably be cured in a short time. I used Zylex and Zylex Soap with it and my Eczema began to improve at once. A couple of boxes cured. You can get Zylex at your druggists."

Preferred Not to Hear Him.

Dr. T. J. MacNamara, M.P., whose stirring speech to war workers caused so much enthusiasm the other day, is immensely keen on all Army affairs, and he once declared that the fact of which he was most proud was that "he was the son of a man who fought in the trenches before Sebastopol as a private soldier."

Dr. Macnamara is undoubtedly one of the most popular speakers of the day, and, as a rule, people literally struggle to get to his meetings. He admits, however, that on one occasion his efforts were not appreciated.

One day he was announced to speak at a large board school, but unfortunately he arrived rather late, and had to push his way through the crowded hall in order to reach the platform.

WHAT SHELL SHOCK IS.

When a big shell explodes it creates a sudden and very great pressure in the surrounding air. This pressure causes "shell shock" from which thousands of soldiers have suffered during this war. Though there is not the slightest sign of a bruise or injury in any way, yet men have been completely incapacitated for months after a big shell has burst near him.

Sometimes, indeed, the sudden air pressure has been so terrific that men have been killed outright from it, although no portion of the shell has hit them. Others become temporarily deaf, dumb or blind. In nearly every case, indeed, the eyesight is affected, and does not become normal until months after.

There have been a number of cases, too, where soldiers have lost their memory owing to shell shock, and are unable to recognize any of their friends, though they are normal in every other way.

A Great Laughing Act at Rossley's

Last night Atlantis, Fisk and Jack in a new laughing act entitled "The Weak Mr. Strong" had the audience in roars of laughter. It is an Act full of fun, beautifully staged. Miss Atlantis wore a very dandy costume. It is very seldom that a novelty act can change so completely as this. On Thursday, Trafalgar Day, they will again produce one of these delightful novelty acts. The pictures are very good. "The Famine" a drama acted entirely by Chinese is a marvellous film, showing hundreds of thousands of homes pigeons; the great rain storm showing the flooded streets is something everyone should see. There are some wonderful acts to follow by Atlantis, Fisk and Jack. It is a real show, a clever show, a refined show, the show that has the town talking.

Many Positions Carrying Large Salaries

are open today to men in every walk of life. But the men must possess vigorous bodies and keen, active minds.

Success-making mental and physical activity relies largely upon right living wherein the right kind of food plays a most vital part.

In many cases the daily diet lacks certain of Nature's elements essential to energizing and upbuilding the mental and physical faculties. Most white flour products, such as white bread and many other commonly used foods, are in that class.

A food especially designed to offset this lack—

Grape-Nuts

—made of wheat and malted barley, supplies all the nutriment of the grains, including the mineral salts—sturdy builders of brain, nerve and muscle.

Grape-Nuts is thoroughly processed, ready to serve from the package, fresh, crisp and delicious. Then, too, there's a wonderful return of the power to "do" and to "be" for the small energy required in its digestion.

After repeated set-backs thousands have found a change to right eating means forging ahead.

RETREAT FROM MOSCOW 1812. The quarrel of Napoleon with Russia arose out of the refusal of that country to carry out the Berlin Decree against English commerce, and the failure of his Russian campaign was one of the principal causes of his ultimate downfall. Napoleon entered Moscow in September intending to make it his winter quarters but the destruction of the town by fire forced him to retreat and by reason of the severe winter and unceasing attacks of the Russians out of the immense army of 500,000 but 10,000 men re-crossed the border.

Word From Nurse Symonds.

Miss May Symonds, who left for New York nearly two months ago, is now a nurse in a large hospital at State Village, Skillman, New Jersey. Yesterday Nurse Symonds' mother received a letter from her daughter informing her that she was delighted with her position, and asked to be remembered to all her old friends at St. John's. We believe that Nurse Symonds is the only Newfoundland nurse in the hospital. She is well liked by all the nurses for her affable manner, and her friends will be pleased to learn that she is enjoying the best of health. Nurse Symonds, before leaving her native city, was in the crockeryware department of Hon. Geo. Knowling, and was highly appreciated by her employer, who gave her a substantial present on her departure for America.

Winnipeg, Oct. 13.—The names of Sir Rodmond Roblin, George R. Coldwell, W. H. Montgomery and James H. Howden, four ex-Ministers recently committed for trial on a charge of conspiracy to defraud the Province, will figure on the docket for the coming fall Assizes in November. The trial, which promises to be one of the most interesting ever held in Canada, will be held next month, unless counsel for the accused secure a postponement until the spring.
