Prizegiving at

St. Michael's

PARISH OF ST. MICHAEL'S AND ALL ANGELS SUNDAY SCHOOL.

On Sunday, January 25th, His Lordship the Bishop of Newfoundland was present at St. Michael's Church for the Annual Distribution of Prizes to the Sunday School. After Prayers were said, the Rector read a Report of the Sunday School for the year, in the course of which, in reference to the Sunday School work, he said:

"We consider no duty laid upon us, and no part of our Church work, to be of more importance than the religious education of our children. By drawing out and developing in the children of all that makes for religion. From the Christian point of view, it means, leading the children on to a living faith in the person of Jesus Christ; the development of the prayer life; the renunciation of evil and the holding fast to good; showing how and where grace and strength may be found; training them, to consecrate themselves, to noble living in

the service of God and of their fellow man.

"With this end in view St. Michael's Sunday School is divided into three divisions—(a) the Sunday School; (b) the Catechism Class; (c) the Faith Class—Emphasizing in this way rather the different stages in the child's development, than different grades of instruction.

"The total number of children attending the various classes during the year was three hundred and twenty-one. In the Sunday School, under Miss Maud Reid and fifteen teachers, one hundred and three boys and ninety-eight girls. In the Catechism Class, under the Rector and four assistants, fifty-one boys and forty girls. In the Faith Class, under Mr. Fred Grant, forty elder boys and girls."

The Rector took the opportunity of thanking the teachers and assistants in the school for their labours on behalf of the children, and he extended a welcome to Mr. Rowe, student of Queen's College, who was now attached to St. Michael's Parish, and was assisting the Rector in teaching the Catechism Class.

Bishop was asked to distribute the prizes.

The Bishop then gave a short address to the children, teachers and parents present, in which he spoke of the number of children attending the school; what their training means to them, and should mean in the future to the life of the Church in St. John's; he hoped they would grow up loyal to the Church, strong and true to her principles. The Bishop emphasized the fact of vacant Missions in the diocese, and hoped that from among the boys of St. Michael's vocations to the priesthood would be found, who in their turn would take their part in carrying on the work of the Church in this diocese and elsewhere. In conclusion, the Bishop thanked the teachers in the name of the Church, for their work which he felt was not always recognized at its true value.

Mr. Fred Grant, in a short speech, in which he dwelt upon the weighty office of a Bishop of the Church, thanked His Lordship, in the name of the children and teachers, for his kindness in coming on three successive years to distribute the prizes to the School.

Prayer being said the Bishop gave the Blessing.

The names of the prize winners were as follows:

SUNDAY SCHOOL GIRLS.

Class VII.—Teacher, Miss Smith. 1st, Nellie Harnett; 2nd, Flora Williams; 3rd, Jean Bugden.

Class VI.—Teacher, Miss Andrews. 1st, Beryl Cake; 2nd, Lily Dawe; 3rd, Hazel Moss.

Class V.—Teacher, Miss Martin. 1st, Eva Moore; 2nd, Audrey Bugden; 3rd, Elsie Dawe.

Class IV.—Teacher, Miss Day. 1st, Jessie Bugden; 2nd, Hilda Sharpe; 3rd, Viva Auckinleck.

Class III.—Teacher, Miss Clark. 1st, Hilda Humphries; 2nd, Emmie Crocker; 3rd, Lillian Stick.

Class II.—Teacher, Miss Hawkins. 1st, Minnie Dawe; 2nd, Elsie Morgan; 3rd, Ruby Tucker.

Class I.—Teacher, Miss Bishop. 1st, Isabel Smith; 2nd, Alice Smith, Irene Brown; 3rd, Bessie Pye.

BOYS.

Class VII.—Teacher, Miss Hiscok. 1st, Charlie Vavasour; 2nd, Whitfield Haak; 3rd, Cecil Williams.

Class VI.—Teacher, Miss Tucker. 1st, Cecil Payne; 2nd, Charles Scurry; 3rd, Thomas Spurrell.

Class V.—Teacher, Miss Escott. 1st, Frank Goff; 2nd, Chesley Escott; 3rd, William Mercer.

Class IV.—Teacher, Miss Duffett. 1st, Aston Lush; 2nd, Willie Mercer; 3rd, Fred Tessler.

Class III.—Teacher, Miss Durdell. 1st, Frank Brown; 2nd, Cecil Andrews; 3rd, Geo. Tucker.

Class II.—Teacher, Miss Muford. 1st, Max Dawe; 2nd, William Richards; 3rd, John Mercer.

Class I.—Teacher, Mrs. Grouchy. 1st, Fred Gough; 2nd, John Andrews; 3rd, Stanley Piercy.

Certificates for Attendance—Phyllis Reid, Doris Bursell, Stella Payne, Ruth Vavasour, Mary Piercy, Albert Wakeham, Alice Jeans, Max Sharpe, George Carnell, Chesley Murrain, J. Saunders, Richard Rendell.

Certificates for Conduct—Joyce Grouchy, Frances Pope, M. Sharpe, Mollie Dawe, Annie Somerton, Harold Williams, Eric Martin, Peter Nichols.

CATECHISM CLASS.

Prizes for Attendance at School. Boys—1st, Graham Noseworthy; 2nd, Ralph Tucker; 3rd, Ray Moore. Girls—1st, Mollie Bishop; 2nd, Alice Piercy; 3rd, Jean Piercy.

Certificates for Attendance at School—John Nichols, Wilfred Bishop, Jack Scurry, Thomas Pope, Fred Colbourne, Eric Mercer, Mabel Pope, Blanche Piercy, Laura Dawe, Mary Moore, Florence Escott, Gwendolyn Balsam, Alfreda Wakeham.

Prizes for Attendance at Church 11 a.m. Boys—1st, John Nichols; 2nd, J. Scurry; 3rd, Ted Carnell. Girls—1st, Jessie Crocker; 2nd, Rylla Mercer; 3rd, Jean Blackler.

Certificates for Attendance at Church—Jean Piercy, Irene Noel, Alice Piercy, Mollie Bishop.

Prizes for Good Answering—1st, Gwendolyn Balsam; 2nd, Mollie Bishop; 3rd, Bruce Humphries.

Certificates for Good Answering—Jessie Grouchy, John Nichols, Laura Dawe, Ralph Martin.

Prizes for Written Essays—1st, Mildred Field; 2nd, Gwendolyn Balsam; 3rd, Raymond Moore.

Certificates for Written Essays—Ruby Tucker, Ralph Martin.

Special Prizes—Altar Boys—Jesse Grouchy.

Choir Prizes—Roginald Kennedy, Frank Brown.

B-Battery and A-Battery Eliminators

During the last three or four months a great deal of attention in the radio field has been attracted to the so-called "A" and "B" battery eliminators. These are devices designed to utilize the house current for "A" and "B" battery supply.

In this department we have never shown how to build a "B" battery "eliminator," although we have several times shown how the a.c. lighting current may be utilized for the "A" batteries. This latter operation is quite simple, and fairly satisfactory, necessitating only a stepdown transformer to step down the 110-volt energy to 6 volts. A 200 or 400-ohm potentiometer is placed across the filament supply, and the grid returns are brought back to the arm of the potentiometer. By careful manipulation, practically all the objectionable hum may be eliminated.

We have purposely refrained from describing "B" battery eliminators, however. To be sure, such devices are possible, but they have disadvantages as well as advantages, and taking everything into consideration we did not think it particularly worth while to describe the construction of a unit. The proper sized chokes and condensers for smoothing out the hum are sometimes difficult and expensive.

to obtain, and we were inclined to believe that the thing would be more trouble than it was worth.

If you are going to buy a commercial type of battery eliminator, don't go into the thing with your eyes closed. If possible, try the device out in your own home before accepting it. Some makes now, on the market have filters which will "filter" all right as long as a frequency of exactly 60 cycles is maintained, but which will let through a lot of hum if the frequency is just a little bit off.

Another thing to find out is the power consumption of the instrument. Some makes of eliminator now on sale draw in the neighborhood of 600 watts—as much as an electric heater. That is using up current at a pretty fast rate, and you would not be saving a great deal of money by shifting from drycell, or storage, "B" batteries, to such an instrument. Good makes of eliminators, which do not draw outrageous current, are available.

Of course, many people want an eliminator for its convenience, regardless of the fact that it runs up the light bill. But it won't hurt, in any event, to find out the exact power rating.

*Don't Count Your Dinner
Before It Is
DIGESTED*

Beecham's
Pills not only
prevent bad
results, but
enable you to
get full bene-
fits from the
"best food
you eat."

Food is certain to cause distress until you improvedigestive action and sweeten the stomach. You can do this quickly and surely by taking Beecham's Pills. Their natural action stimulates the flow of gastric juice, increases activity of liver and bowels and improves digestion. Take Beecham's Pills with confidence, for 80 years' experience prove they are good for the stomach.

ADVERTISE IN THE EVENING TELEGRAM

The Story of 1924

The results achieved by The Imperial Life Assurance Company of Canada in 1924 as indicated by the figures given below will be very gratifying to policyholders and others interested in the Company's progress:

	1914	1919	1924
Assurances in force	\$45,794,225	\$92,634,158	\$176,068,256
Assurances Issued	7,761,726	25,451,233	33,424,317
Total Assets	10,310,392	16,983,112	31,239,195
Premium & Interest Income	2,131,875	4,171,609	7,865,577
Policy & Annuity Reserves	8,130,560	13,892,960	26,249,613
Payments to Policyholders	469,724	1,531,319	2,857,184

The millions of dollars of Reserves held by The Imperial Life are calculated on so strong a basis that interest earnings of only 3% are sufficient to maintain them. The difference between this 3% rate and the 6.23% actually earned gives an exceptionally wide margin for policyholders' profits and security.
