Local letter-carriers state that they have heard nothing of any trouble in dissatisfied with the new bill of wages. "Local letter-carriers" said one. "have for some time been demanding more wages, and we have got it now. The carriers are working as day men. and, of course, if they are absent through sickness they lose the time. In some cases, however, representation has been made to the authorities, and men who were sick have been paid regularly. The inside men have always, and will still have, under the new rules, a stated salary, and in case of illness are paid just the same. This has not been the cause of any grievance, here, and we have not heard of it having caused trouble in Toronto.

The meeting of the residents of Lonion Township in the vicinity of Fanshawe and Ballymote met at Fanshawe on Wednesday evening at Fanshawe schoolhouse, to see if means could be arranged whereby the railway company could be induced to build via those places instead of up the Proof Line to Lucan.

Mr. Welch, for the railway company, was present by invitation of the committee.

It was also agreed to that a com-

These resolutions carried without dissent, and the people hope for good results from the meeting, a series of which it is proposed to hold throughout the township. The meeting broke up in a very opeful spirit, after a number of those resent had expressed their views and opes that now the company would
