# JOHNSON PREPARES FOR LONG JOURNEY

London, Sept. 17.-With a match with Fommy Burns in Sydney, Australia, in November, all but cinched, Jack Johnson, the colored scrapper, today began negotiations to suspend music hall contracts so that he may sail as soon as possible for Sydney.

Matchmaker Hunter, representing the Australian syndicate, told Johnson's manager, Fitzpatrick, that Burns has agreed to fight for a guaranteed purse of \$35,000, to be divided on a 60 and 40 per cent basis. The Sydney syndicate is willing to do this. As Johnson is perfectly satisfied with the arrangement the match is as good as made. Johnson today cabled Sam Langford in Boston that he will return from Australia in plenty of time to fight him, according to their agreement. Fitzpatrick is now arranging for the trip to Australia. He expects to have Johnson back in London by January to renew

#### \*\*\*\*\*\*\*\*\*\*\*\*\*\*\* LAJOIE HAS DRAWN \$83,000 SALARIES

Napoleon Lajoie will in all probability have made as much money out of baseball as any other player in the business by the time he is ready to quit. In his twelve years of big league ball playing he has netted about \$83,000, and since the Cleveland manager and second baseman appears to be of a careful nature, he is probably well off in this world's goods. His various contracts since the time he made his debut as a big leaguer with the Philadelphia Nationals in 1906 show that he has gathered in that amount in salaries. He drew \$2,100 his first year, \$3,500 the next, \$4,000 in the 1899 and 1900, all the while being with the same club. In 1901 he joined the Philadelphia Athletics, and during that year and gestion. 1902 he received \$5,500 each season for his services. Then Cleveland secured him under a three-year contract for \$26,000, which agreement was renewed at \$28,000. Since 1905 Lajoie has managed the Cleveland team, and while he has never won a championship, his club has always finished well up in the standing. This season his club is still a factor in the American League race, and it is said that when the paseball year closes he will be tendered another three-year contract to sign at the same salary which he is now receiving.
