THOMPSON URGES PROVINCES TO WORK TOGETHER

PUBLIC SUPPORT FOR BOYS URGED

Captain Joe Thompson Makes Strong Appeal to Kiwanis

TELLS OF SCHOOL

Public support of movements for the betterment of boy and girl life in Canada was urged by Captain Joe Thompson, speaker of the Ontario legislature, who addressed the Kiwanis Club today.

"Boys and girls are the material we are putting into our national struc-ture and we have to be careful what sort of material they are. The Ki-wanis Club is the pioneer in this work of the under-privileged boy, a work which now claims the attention of all governments, entirely apart from the question of party considera-tion. The province is steadily giving it more time and attention, but it cannot give it all that is necessary without public support."

Tells of School.

Captain Thompson referred to the new school which is shortly to be erected near Bowmanville and for which Hon. Lincoln Goldie is enlisting support. This school was made possible by a gift from citizens of Bowmanville, and this was augment bowmanvine, and this was augmented by the grant of an equal amount from the government. The school is to be conducted on lines similar to those of the famous Shawbridge Boys' School in Quebec.

Public backing of sports, he added also, was a factor in the proper de-velopment of boy life, since sports tended toward cleanliness and whole-

omeness.
"If one person out of every ten were killed at the level crossing just outside, Captain Thompson said, the citizens of London would soon be in arms. Yet disease is carrying off more than one out of every ten in young life. Some of the greatest men and women in the country are working to check disease but it cannot be accomplished without public support."

They're so big up there this year that they're chasing the cows out that they're chasing the cows out that they're that they're chasing the cows out that they're that they're chasing the cows out they'll think nothing they are they are

Captain Thompson urged more national unity of thought in the Do-

minion.

"We talk a great deal about a league of nations," he said, "but what we really need right at home here is a league of provinces. We can put whatever material we like into our structure, but unless we bind it all a feeling of national together with a feeling of national love and unity it won't stand."

The Lombardo Royal Canadian Orchestra were guests at the meeting and received a warm vectors. ing and received a warm welcome home from the Kiwanians.

BRITISH PUPILS WILL PARADE AT EXHIBITION

Empire Day in Great Britain Will Be Celebrated Tomorrow.

Associated Press Despatch.
London, May 23. — Empire Day,
which is held in Great Britain on
May 24, not on May 23, as in Canada,
never has been a public holiday here.
This probably is because Whit Monday, which comes so shortly after Empire Day (June 9) has been a statutory holiday for a long time.

School celebrations, however, are School celebrations, however, becoming more popular on each succeeding Empire Day in Great Britain and tomorrow a wonderful pageant will be presented at the British Empire connection, with pire Exhibition in connection with this year's celebration. Nearly 10,000 school children, bearing ensigns of the various dominions, will parade before the Duke of Connaught, who will take the salute. There will be a choir of 1,000 Boy Scouts, and afterwards the biggest band the world has ever seen, comprised of 1,000 musicians, representative of every branch of the British army,
