of that famous institution.
Receiving the degree of Ph. D. from
Cornell in 1898, he was appointed assistant in Wesleyan University, Middletown, Conn., in which university he spent three years, engaged in expert work in con-nection with the nutrition investigations of the office of experiment stations, U. S. department of agriculture, under the direction of Prof. W. A. Atwater, an eminent authority in the chemistry of

From Middletown, Dr. Snell went to the University of Cincinnati, Cincinnati, O., as instructor in chemistry. Two years later he was advanced to an assistant professorship, which position he leaves to accept that of equal rank in this new-born college, in whose future are cen-tered the hopes of those who have at heart the awakening of a deeper interest in the science and art of agriculture and the improvement of the conditions of rural education in Canada. Prof. Snell's wife is the daughter of Mr. Andrew Morphy, of London,

Chance to Film-flam Railroad. As advance Advertising the Woodmen of the World have distributed a great many facsimilies of railroad tickets from London to Toronto and return, announcing their cheap excursion to be held on May 18, when the King's plate race will

The tickets were an exact representa-

tion of the real thing, only the words, "good when accompanied by \$2.35," were inserted. Several attempts are reported to have been made, however, to pass these tickets on the train so that the company have ordered the tickets to be called in, and prohibited the further distribution of them.

Trouble arose last year over a similar affair, and the roads have been put to considerable inconvenience through their issuance.

It appears that the distributing of such advertising is against the rules of the company, and a violation of the laws of the country, so the Woodmen were ordered to call them in, which has been done as far as possible.

Mr. Charles Thurling is able to be out again after his long siege of sickness.
