ALMA ST. U. B. CHURCH.

Rev. M. D. Hallman of Port Elgin spoke of the help she had been in the church of her practical christianity, and how she had made a host of friends in the two years she was in the Church. He spoke on Heb. 11:16 and pointed out that this life is a pilgrimage, that we seek a better country, that the Christian conception of heaven is a civilization, a city, that if we could see the glories of that city, we would wish ourselves among them. The way to this city, said the pastor, is the "Way of the Cross." The Way is Christ. He is at once the way-shower and the Way. Many relatives and friends filled the Church to express their sympathy for the bereaved and to show that they held sacred the memory of the departed.

Fifty thousands troops are quartered there but the new work is not only for this camp and for the whole island. Mr. Philip is the guest of his brother, Mr. George O. Philip.

Company Claims It is Insolvent.
After weeks of discussion and negotiation over the question of a service on the main line between Hamilton and Burlington the company failing to get Burlington's consent to an increase in fares or to leave the matter of service and fares in the hands of the Dominion Railway Commission, has decided to place its affairs in the hands of a receiver and have the company declared insolvent. The following directors were sent to Ottawa on Saturday: "Owing to assistance in operation of Hamilton Radial Electric Railway we are obliged to declare that the company is unable to meet its engagements with its creditors, and proceedings are being taken to place the company in the hands of the Receiver Court forthwith."

What causes gall stones?
You don't know. The Osteopath knows that the bile has chemically changed and crystals form on any debris that may be in the system—just as solution of sugar will crystallize on a string. "But, what makes the bile change?" The Osteopath finds the cause in the mechanical structure of the body. In the spinal column are nerve centres which supply the blood vessels with impulses that make things "go." Obstruct those nerve impulses and the vital organs cannot work. The Osteopath makes a searching examination of the patient's joints between the ribs and vertebrae; locates the impeding displacements; releases the unnatural pressure; and the blood and nerve forces then flow freely; and perfect and permanent health results.

ZION CHURCH.

New Year's services at Zion Church were largely attended, and proved helpful and inspiring. A heavenly Father's care, and how he carries, bears, makes us his own and delivers us, were the reflections in view of the past year. At the evening service the pastor spoke of God as the basic power, The all-powerful God, the transforming power, and the abiding, enduring force, from Psalm 102: 26-27. The music of the choir was suited to the occasion, and well rendered and at the evening service, Mrs. Hewittson gave a well-rendered solo, enjoyed by all.

The Christmas entertainment given on Wednesday evening, consisted of exercises by the children, and a series of beautiful lantern slides on the life of Christ, thoroughly enjoyed by the large audience.

The White Christmas report was a very encouraging one, the highest contribution by any one class being \$217.01, and the grand total of the school \$547.55. Well done!
