Campbellton - Dalhousie

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Public Building, Campbellton, N. B.," will be received at this office until 4.00 p. m. on Tuesday, October 18, 1910, for the construction of a Public Building at Campbellton, N. B.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department on application to Mr. D. H. Waterbury, Supt. of Public Buildings, Public Works Department, St. John, N. B., and at the Post Office at Campbellton, N. B.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By Order,
R. C. DESROCHERS,
Secretary.

RAILWAY OFFICIAL LAUDS DOUKHOBORS

Can. North. Freight Agent Astonished at Progressiveness Displayed by Veregin Colony.

Winnipeg, Man., Sept. 27.—George Stephen, general freight agent of the Canadian Northern Railway, who has returned from a visit to the Doukhobor colony at Veregin, is very enthusiastic over those much-abused people.

"While I always understood that the Doukhobors were progressive," said Mr. Stephen, "I was simply astonished at their progressiveness and modern methods. Threshing operations commenced last week, and no less than forty threshing outfits, owned outright and manned by the Doukhobors themselves, commenced work with instructions to operate in two shifts of twelve hours each, that is day and night, until all the grain has been threshed. This year's crop of grain, particularly in oats, is the largest harvested by the Doukhobors since they came to Canada, and it is expected that threshing operations will continue well into November.

"In addition to the raising of grain the Doukhobors are engaged in horse raising. They have also an up-to-date flour mill with a capacity of 200 barrels per day. Then, too, they manufacture brick on a reasonably large scale and find a ready market for all they can produce.

"While Veregin is the headquarters of the Doukhobor society, the people, who number about 7,000 are distributed throughout the territory occupied by them into forty-one villages, each of which has a population of from 100 to 200.

"Another feature indicating the progressiveness of the Doukhobors is their private long distance telephone system of some 100 miles. I believe that the Doukhobors are an acquisition to Western Canada. They are producers in the fullest meaning of the word."

MORE FEVER

Several new cases of typhoid fever have developed this week, and one death, that of Alexander Montgomery aged 21 years, has taken place. Conditions are about the same this week as last. The hospital is overflowing and many patients cannot be properly attended to.

TO MONTREAL IN EARLY OCTOBER

With richly wooded Mount Royal in its beautiful Autumnal tints, the magnificent stores bristling with fall trade, the theatrical and concert season at its best, and that contagious snap in the air so peculiar to the Canadian climate in early October, no more ideal season could be selected for a trip to the Canadian Metropolis. The hundreds of satisfied passengers who are now returning to the Maritime Provinces from the September excursions and Eucharistic Congress will no doubt prove good advertising mediums for the People's Railway. And when it is taken into consideration that the rates quoted are less than single fare for the round trip from all points on the Railway in the Maritime Provinces it should certainly provide another opportunity for the Intercolonial to demonstrate its excellent facilities for transporting a large number of people from New-castle to Montreal, and no doubt it will. Oct. 1, 3, and 4, are the going dates with a return limit leaving Montreal not later than the 18th, and it would be advisable to make early application for sleeping car reservations on those popular trains, the Ocean Limited and Maritime Express.

THE BEAVER DAM NUISANCE

Beavers are multiplying and getting bold. They are disputing with the farmers and lumbermen the right to the streams. They have recently dammed Ledmeadow Brook, between Doaktown and Bartholomew, the dams being one hundred yards long, flooding the meadows and preventing the driving of logs. Game Warden Robinson, of Doaktown, has obtained authority for cutting the dams and forcing the builders to go elsewhere. Beavers have also dammed the south branch of Muzera Brook, flooding the road leading to the sportsmen's camp at Layton Brook to the depth of three feet. High-bank Brook near Beaver River, has been dammed by these animals this fall, and the I. C. R. water supply has been partially cut off, so that an application has been made for permission to cut the dam and force the beavers to build their winter home elsewhere. It will soon be time to thin out the beavers by trapping and shooting. It is unkind to protest them from the hunter and refuse them the dam privileges that are necessary to their existence.—World.

The publication of the above will be sufficient to send the Restigouche poachers to the scene and there will soon be no beavers to annoy the residents.

ITALY'S KING HAS NARROW ESCAPE

Threw Himself to the Ground in Time to Escape Being Struck by Aeroplane

Milan, Sept. 28.—King Victor Emmanuel and his cousin, the Count of Turin, had a narrow escape from a serious accident today, while inspecting the aeroplanes at the Aerodrome here. The aviator, Simon, failed to observe that the king and the count were walking directly in front of him, and started his machine. It swept toward them at full speed. There were loud cries from the alarmed spectators, and a warning call to lie down. The sovereign and the count threw themselves to the ground and the machine just cleared them.

Sound as a Dollar

That's the only way you can afford to keep them, because any lameness means less work and less profit to you.

Spavin, Splint, Curb, Sweeney, Ringbone, Swelling or Lameness, need not prevent your horses from working. Simply use Kendall's Spavin Cure.

It works while the horse works—takes away the pain—reduces swellings—makes legs and joints sound and strong—leaves no scars or white hairs because it does not blister.

Kendall's Spavin Cure

has been the horseman's standby for 40 years and is used all over the world.
