resolved that a committee consisting of John Thos. Crawford, C. M. Acer, D. W. Craig, J. John Scott, U. Flanagan, Sanuel Price, T. O. on and J. C. Coughlin be appointed to wait on enter of these companies and endeavor to Induce to modify their "combine" as fullows, viz.: the steamship companies shall quote the ship-ted of insurance by their respective lines sopar-distinct from the rate for carrying live steek, if give shippers the right to accept or refuse surance; and that this committee report the

and analytic exciplers the right to accept or refus-such insurance; and that this committee report the result of their interview at a meeting of the Executive of the Association to be held in Montreas of Teaorting, the experimental of the protection of their rights, yet in the event of this committee not being able to make the above mentioned arrangement with the steamstip companies, the Executive Committee be empowered and are hereby instructed to immediately issue such instructions to the members of this associa-tion as will effectually counteract this threatened in-vasion of our rights. Capt. Rielly, who had been sent up by the steamship company from Montreal to defend their action before the association, quoted figures for half an hour in an effort to prove to the members that the motives of the combine were purely unselfish and influenced slimply for the good of the trade. Ald, Frankland in a rousing speech tore the captair's arguments to pieces; the resolution being carried unanimously.

ST. MATTHEW'S WARD PROPERTY.

SATURDAY, MAY 5. Building Lots!

Ward of St. Matthew.

IN THE NOW POPULAR.

EVERY SATURDAY

For three weeks, viz., Saturday, 5th, 12th and 19th of May, at 2.30 p.m., I will offer a large amount of St. Matthew's Ward property by public auction.

SALE ABSOLUTELY WITHOUT RESERVE

Next Saturday I will offer 25 or 30 Building Lots on BROADVIEW - AVE., Sparkhall-ave., Hampton-ave.

The above property is within ten minutes walk of the Parliament Street Railway service and about twelve minutes from Queen Street service. The Street Railway will probably pass up Broadview-avenue this season.

There is no section of the city that has developed so rapidly as St. Matthew's Ward during the past five years and the straightening of the Don which is almost completed, the erection of the Gerrard Street Bridge, for which the contract is let, the extension of the Street Railway and the construction of roads, sewers and other city improvements make it impossible for this property to lie dormant for a single day. It is the safest and biggest investment it is possible to make.

TERMS: Ten per cent. at time of sale, 20 per cent. more within fifteen days, and the balance may remain on mortgage for three years at 6 per cent. half-yearly.

For further particulars apply to my Solicitors, COATS-WORTH, HODGINS & CAMPBELL, or to me personally.
