WHEAT DEPRIVED OF ITS VIM.

NEW YORK STOCK EXCHANGE DULL AND HEAVY.

Bank of England's Reserve—Toronto and Montreal Stock Exchanges—Money Market—Grain and Flour—Produce and Provisions—Beerbohm's Report—Liverpool Markets—Advance in Raw Sugars—Miscellaneous.

THURSDAY EVENING, Aug. 13.

Bank of England gained £28,000 in balance to-day.

Wheat was ½d to 1½d dearer and corn ½d cheaper in Liverpool to-day.

Consols advanced 3-16 to 96⅛ for money and 1-16 to 96 3-16 for money.

American securities were irregular in London to-day, with tendency towards higher values.

The feature of the local market was the strength and activity of Imperial Bank stock, 177 shares selling at 168⅛ to 170.

Transactions on local Stock Exchange aggregated 255 shares, compared with 441 yesterday; on Montreal Exchange 873, against 534.

Canadian Pacific stock closed ⅝ higher in London than yesterday at 84¾. In Montreal 425 shares sold at 82⅛ to 82⅝ and 25 here at 82⅝.

The proportion of the Bank of England's reserve to liabilities is 44.25, against 43.69 last week and 41.93 last year. Bullion decreased £72,000 during the week and reserve increased by £288,000.

The London Times' St. Petersburg correspondent telegraphs that the Russian harvests are in no way as bad as pretended. The rye crop is not small enough to warrant prohibition. The ukase is rather considered a political move against Germany and Austria.

The American wheat markets lost their vim to-day, at close being quoted fractionally lower than yesterday. December wheat opened in Chicago at 96¼c, advanced ⅝c and closed at 95⅝c; in New York at $1.07 and closed at $1.06⅝; in St. Louis at 96c and closed at 94⅞c; in Toledo at $1.00⅛ and closed at 99⅞c; in Detroit at $1.00⅞ and closed at $1.00⅝.

Gossip from Chicago.

Drummond & Brown's correspondents: "The same influences that have advanced our market recently existed to-day. All cables were higher. New York reported large export demand and 80 loads taken again, but our market had run its race. The price gradually sagged until the close, which is 2c below the top price. Wheat has had all the advance it is likely to get for a while."

J. J. Dixon & Co. advices state that the leading grain markets had lost their vim to-day and after an opening bulge brought about by brokers loading up August wheat, which nobody trades in except to close up old contracts, the crowd found themselves long and unable to realize without accepting a loss. Wheat and corn were both subjected to the milking process several times, but the late advance has checked the shipping and export demand and also brought receivers into the markets as sellers of near futures, which, taken with the increased demand for currency from country banks, indicates that the sales will be filled with grain.

Drummond & Brown's correspondents say: "This morning's market was very dull but looked steady on the surface, and what trading was done on the call showed an advance in prices. From then until the close the market steadily declined and closing is weak at bottom prices. This break will be quite likely to force out more provisions to-morrow."

Counselman & Day look for the decline in oats to continue, unless bad weather should interfere with harvesting and threshing operations. They think that in provisions higher prices will eventually result.

Total sales of cash wheat in Chicago yesterday was 612 cars.

Price Current says that the week's packing was 125,000 against 325,000 last year.

Guff From Gotham.

Henry Allen & Co. advise J. J. Dixon & Co. that all of the small traders of the street are long of stocks again. They were all short only a few days ago, and tumbled over one another in the rush to cover just as soon as a rally bore in sight.

Drummond & Brown's correspondents: "The market opened irregular, but there was good buying of R.I., B.Q. and St. P. Commission houses were liberal buyers, while London sold. U.P. after opening dropped off 1 per cent., affecting the balance of the list to a lesser degree. The market met stock at times and was held in check by some liquidating sales, but the undertone was strongly bullish and the list recovered quickly on the removal of selling orders. We still believe in buying on all declines."

About 60 loads of wheat were taken to-day for export.

MERCHANTS IN DEEP WATER.

The creditors of J. R. Mader & Co., the Newmarket insolvent dry goods merchants, have instructed the assignee to dispose of the stock by private sale at 75c on the dollar. If this per centage is not realized the goods will be sold by auction. Stock is valued at about $9500. It is thought that the estate will not pay more than 75c on the dollar.

J. B. Hutchins & Co., dealers in woollens, Montreal, have assigned on demand of the Gale Manufacturing Co. of Toronto, with liabilities of about $5000. The principal creditors are the Gale Manufacturing Co., $1500; Hutchison, Dingeum & Nesbitt, $328, and other firms in Toronto. E. Dumaresq has been named provisional guardian.

A statement of affairs has been prepared and presented to the creditors of the Metropolitan Publishing Company, 12 and 14 Adelaide-street west. It shows total liabilities representing $10,400, with assets reaching $12,800, yielding a nominal surplus of $2400. The estate is to be liquidated by Assignee E. R. C. Clarkson.

EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*
