THE BUSINESS WORLD. Money is a little stiffer in New York, call loans closing today at 2 1/2 per cent. The bears are at work again on railway securities. Baltimore & Ohio is down to 53 and N.Y.C. to 55 1/2. Canadian Pacific is the lowest in years.

Some doubts exist as to the dividends to be declared on the 15th of March. The Trusts' stocks were freely sold yesterday. The bulls on wheat were disappointed yesterday. There was a good decrease reported in the visible supply, but it was not much more than half the decrease reported for the corresponding week of last year.

The dividend on Bank of British North America the past year was only 4 1/2 per cent, as against 5 per cent the previous year. The stock is lower in London at 55.

There was a good attendance at Suckling's auction rooms yesterday, and the stocks sold brought fairly good prices. The general stock of E. A. Wood, Orlin, amounting to \$7500, was sold to A. E. Ham & Co. at 55 cents on the dollar. The boot and shoe stock of S. Moffatt of Orlin, amounting to \$12500, was sold to G. East at 55 on the dollar. The general stock of A. J. O'Boyle at Brantford, amounting to \$15000, was sold to C. Moore for 65 on the dollar, and the drygoods stock of Street & Co, Victoria Harbour, was bought by J. B. Howell for 65 on the dollar.

MRS. ARTHUR'S SALARY OUT. A number of changes among the school teachers recommended. The Management Committee of the Public School Board will recommend the acceptance of the resignation of Miss A. V. Northey, assistant kindergarten of George-street; that Miss E. M. Clark, kindergarten teacher at the Hamilton-street school; that Miss M. Miller be placed on the regular staff; that Mrs. Arthur be notified that at the end of four months her salary will be reduced to \$700 per annum.

Toronto Railway Benevolent Association. The employees of the Street Railway have arranged to give a grand ball at the association hall on Friday evening, the 8th inst. The program includes the names of Mrs. Caldwell, Miss Annie Louise White, Miss Edith Murray, Mr. George Fox, W. H. Hewitt, Herbert W. Webster and other well-known artists. The ball will therefore, no doubt, be a very attractive one. The society has had a very large demand made upon it by reason of the continual sickness of many of its members, and the Committee of Management has organized a relief fund to meet the needs of those who are unable to assist the funds, which have become very much reduced, for the reason above mentioned. It is reported that the society had paid out during the past year about \$800 in sick benefits, and that the committee are now in the office in connection with it. The price of admission are 25 and 50 cents.

To Promote the Boys' Brigade. For the convenience of school teachers, the hour of the Boys' Brigade meeting in the Normal School building today has been changed from 3.30 to 4 o'clock. His Excellency Lord Aberdeen will preside, and Mr. W. A. Smith, general secretary of the organization, who founded it in Glasgow 12 years ago, will deliver an address, explaining the objects and outlining the progress of the brigade since its inception. All interested in the training of boys, morally and physically, are requested to attend.

Everything Satisfactory. All Allen presided at the meeting of the Board of Health yesterday. The other members present were Ald. Jolliffe, Saunders, Frankland, Brown and Crane. The report of the city's health was regarded as satisfactory. There are the figures for February: Diphtheria cases 102, scarlet fever 18, typhoid fever 15, for the above diseases respectively. The health officer's statement respecting leucocytosis and milk inspection was favorably commented on. The report was adopted.

No Executions in Hawaii. London, March 6.—A cablegram has been received here from a member of the Hawaiian Government, saying that no death sentences pronounced by the court at Honolulu, in the case of the persons convicted with the attempt to overthrow the Government, will be carried out.

Elegance

is a feature in the appearance of every Mason & Risch piano. You can almost recognize one of our pianos by its chaste appearance and absence of showy ornament. Art Quality is manifest the moment you either play it or hear others play it. Crispness of tone, delicacy of touch and sympathetic tone distinguish it. Durability is a leading characteristic. You cannot tell whether a piano will last when you are buying except you are guided by the reputation of the makers. You will not go astray in purchasing from an old-established house such as ours. GRATEFUL-COMFORTING. EPPS'S COCOA. BREAKFAST-SUPPER. A thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided for our breakfast a pure and delicious food, which may save us many creeds of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a danger which a single cup of Epps's Cocoa would prevent. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease.
