TRADE IN TORONTO. & Co.'s Agency Report a Better Feel ing With Prospects Good. Daily Bullletin.

me improvement in business is re-ed by wholesale drygoods mer-its at Toronto. It is slight as yet, nut indications point to a substantial necesse in trade within a short time. Confidence is steadily returning, and t is to be hoped that capitalists will oon see their way to engage in new interprises. There is an abundance of noney now lying idle, and if it could be obtained at low rates by manufacurers and others it no dopbt would reled better returns than in its present dle condition. Discounts in the leading money markets of the world can be had at lower rates than ever becore, and rates in Canada are comparatively high. The crop movement about to commence will increase the note circulation of our banks, but this necessed demand should have no effect on rates of interest. Fair profits on merchandise seem to be expected his autumn. There is less cutting in prices than usual, but retailers are satious and only buying in small paratels. Business is fairly active in hardware and iron and quiet in groceries. New Mediterranean fruits are on the way. The demand for leather is good and prices of hides remain unchangprices of hides remain unch

CON consideration of the bylaw of change the grade of Queen-street east, about five per cent. from the Scarboro town line, some 300 feet westward. Both parties interested were present to state their case. Mr. Charles Miller, for the owners of the Monroe estate, urged that to give the Toronto Street Railway the extent of roadway asked for, which amounted to 35 feet on each side of the road for a distance of 80 feet and tapered thereafter, would injure the ratepayers there for the benefit of an outside corporation. There had been no petition from the ratepayers to grant the company the right of way, and the concessions which Mr. Monroe was willing to make, i.e., either to run a "Y" into the property or arrange for its rental, were neither of them acceptable to the company. Mr. E. A. McKenzie of the Toronto Street Railway took the view that by the grant to the company of the privilege asked for, not only would the value of the property be enhanced by many thousands of dollars by the frequent and cheap service which would be widened and improved.

The council agreed that as no definite arrangement had been reached between the parties interested the matter be laid over to permit of such being done.

The question of compensating Mr. Charles Waycott for loss of total receipts, medical expenses, etc., during an outbreak of diphtheria, again brought up for settlement, was referred to the Board of Health.

THE RAILWAY BRIDGES. nother Effort to Come to a Mutual Understanding.

TO THE TRADE:

A prolonged conference was held at the Queen's Hotel yesterday afternoon between representatives of the city and the Grand Trunk and Canadian Pacific Railway Companies, regarding the John and York-street bridges.

The city was represented by Acting Mayor Shaw and City Solicitor Fullerton; the Grand Trunk by Solicitor Bell; and the Canadian Pacific Railway by ex-Judge Clark.

The result of the conference was not made known, but it is believed that an understanding, that will be acceptable to the city, the railway companies and the Railway Committee at Ottawa, the latter of whom had recommended the conference, will be the

It is indeed a cheap trip to Detroit that Star of Bethlehem Tent, K.O.T.M annually manages. There are special attractions at Windsor in the races, and a splendid trip over the Canadian and a splendid trip over the Canadian Pacific Railway, there being no change of cars. The friends of the K.O.T.M. are asked especially to take the Canadian Pacific, as it is the only railroad authorized to sell their \$3.90 tickets on this excursion. Trains leaving at 7.50 p.m., Friday night, 7.30 a.m. and 7.50 p.m., Saturday, are expected to be ladened with K.O.T.M. excursionists bound for a five-day trip to the beautiful City of the Straits. Henry A. King & Co received the following despatch over their private wires to-day from Chicago: Wheat opened weak, but since then it showed a strength that was unexpected. A report was circulated which was entirely incorrect, predicting frost. This put corn up and started a lot of traders buying wheat. In addition to this elevator people have been buying Sept. wheat to-day and selling Dec. For a while they seemed to be buying Sept. and on the advance sold Dec. We don't think the market is as strong as it looks, and are inclined to expect lower prices, Small amount of cash wheat been sold here to-day for export.
