HOT?

What?
This ain't hot.
Great Scott!
Wait until the sun begins to swat
You on the knapsack.
And every shady spot
Stems like a boiling pot.
And streets and walls and roofs are
dry hot,
And all the sweat is swot
Out of your systems, and you wot
Not
Where there is a cool spot,
Oh, say, you've got
To stand a lot
More hot
Than this when the real summer pot
Gets hot,
Hot,
HOT!
What?

Dropped all Others.

"I dropped all liniments but Nerviline because I found Nerviline the quickest to relieve pain," writes E. S. Benton of St. John's. "If my children are croupy and sick, Nerviline cures them. In a case of cramps or stomach ache turn up Nerviline is never ready. We use Nerviline for neuralgia, rheumatism and all kinds of aches and pains; it's as good as any doctor." The great Canadian remedy for the past fifty years has been Polson's Nerviline—nothing better made.

Wm. Meldrum, the Theford merchant who has been laid up at a Toronto hospital for several weeks, the result of a railway smashup, was able to return home last week.

Why go limping and whining about your corns when a 25-cent bottle of Holloway's Corn Cure will remove them? Give it a trial and you will not regret.

Pale Faced Girls.

Thousands Using Successful Cure For Paleness and Anaemia.

"The pallid girl always lacks appetite. What little she eats is badly digested. At night she is restless, she dozes, but doesn't sleep soundly."

Vital force must be increased, new blood must be supplied and a general rebuilding take place before she will feel like she ought.

Dr. Hamilton had invaluable experience in these cases and found nothing so prompt in building up the young woman as his vegetable pills of Mandrake and Butternut.

Dr. Hamilton's Pills begin by cleansing the system and purifying the blood; they also improve digestion and render food ready for absorption. Additional nourishment is quickly supplied and the patient is fast strengthened and invigorated.

Full of spirit, ruddy and strong is the girl that assists her system by Dr. Hamilton's pills.

The following recent letter from Miss McEwen, of Haliburton, speaks for itself:

"In using Dr. Hamilton's Pills I find my system is wonderfully built up. It is certainly the most effective remedy I ever used. I have now a good appetite, sleep more soundly and awaken in the morning feeling quite refreshed."

Formerly I felt tired and depressed. I looked as if a severe illness was hanging over my head.

"Nothing could give quicker results than Dr. Hamilton's Pills and I strongly advise every young woman to use them."

All dealers sell Dr. Hamilton's Pills, 25c per box or five boxes for \$1, by mail from N. C. Polson & Co., Hartford, Conn., U. S. A. and Kingston, Ont.

Out Your Grass.

Do you know that if you don't keep the grass in front of your residence in good condition you are in danger of the law? Yet such is the case. Here is the law in the case, made and provided, as the gentlemen at Osgoode Hall say:—

"It shall be the duty of every owner or occupant of land in a municipality to cut down and destroy at the proper time, to prevent the ripening of their seed, all the noxious weeds growing on any highway adjoining such land, not being a toll road from the boundary of such land to the centre of line of such road, and in case of default after notice from the inspector or overseer is appointed, from the clerk of the municipality, the council of such municipality may do the work and may add the cost thereof to the taxes against the land in the collector's roll and collect such cost in the same manner as other taxes."—Chap. 27, Sec. 8, R. S. O.

Now, let the whirr of the lawn mower be heard through the land!

Mother Grave's Worm Exterminator is pleasant to take; sure and effectual in destroying worms. Many have tried it with best results.

A meeting of the ratepayers of S. S. No. 44 Plympton, was recently held to discuss amalgamating with the Wyoming public school. The motion to amalgamate was lost.

LITTLE BELL BIOGRAPHIES
List
FRANZ LISZT, born 1811, died 1886, was the first of those great pianists of the 19th century, which, after himself, produced such brilliant stars as Rabinstein and Paderewski. Though he was an eminent composer and conductor, he will be remembered as the first representative of the modern style of piano playing and the greatest yet in his art.
Like Mozart and Beethoven, he was early placed under a teacher, so that by the time he was nine years old he played wonderfully the most difficult music, even extemporizing correctly upon airs suggested by his audiences. Soon after his 25th year he made concert tours over Europe and was for many years the idol of the musical world. About 1850 he wholly gave up concert performances for conducting. Finally in 1868 he devoted himself to teaching and composition. As piano pieces for display of brilliant technique his "Hungarian Rhapsodies," especially No. 2, are unequalled by any other composer.
It was Liszt who first showed the world the marvellous possibilities of the modern piano. If it had not been for his improvements in fingering and other matters, the brilliant technique, expressive shading, orchestral effects in piano playing would have been impossible. It was his work that stimulated manufacturers to vie with one another until it was possible to give to the world so finished an instrument as
The Bell Piano
which in every regard, mechanical and tonal, is The Perfect Concert Piano.
